PATENTED FEB 12 1895

Office Board of Public Works.
Ft Wayne, Ind; September 14th, 1896.

Regular Meeting held at 3 o'clock P.M.

Present: Peter Eggemann, P.H. Kane, and J.K. McCracken.

Petition to relay sidewalk.

Moved: That the petition of Fredrick Pageler and E. Kothe to relay the brick sidewalk (under private contract) abutting on lot No 45 Lewis Addition be granted and that their bond be approved. Adopted.

Petition to relay sidewalk.

Moved: That the petition of Flora Weiss to relay under private contract the sidewalks in front of lot No 73 Clute's Homestead Addition be granted upon her filing a proper bond. Adopted

Supt. of Streets to build sidewalk.

Moved: That the Superintendent of Streets be notified to build the sidewalks on north side of Oak Street abutting on the City's property where Engine House No 4 is located. Adopted.

Improvement Resolution No 87.

Imp. Res. 87.

Resolved by the Board of Public Works of the City of Ft Wayne, Indiana, that it is deemed necessary to improve the sidewalks on the east side of Walton Avenue from Maumee Road to the Wayne Trace by grading to a width of 8 feet and paving with brick to a width of 4 feet in accordance with the profile and specifications on file in the office of the Department of Public Works of said City. Adopted.

Notice to P.O. Imp. Res. No 87.

Moved: That notice of Improvement Resolution No 87 be published in the Fort Wayne Evening Post on the 15th and 22nd days of September, 1896, and that the 25th day of September 1896 be fixed a date when the Board at 2:30 o'clock P.M. will hear or receive objections or remonstrances against aforesaid Improvement Resolution. Adopted.

The Board then on motion adjourned.

Moved: That the applications of John Drake and W.H. Redding for sewer builders license be granted and their bonds be approved. Adopted.

Swp Res. No 60.

Resolution to narrow down Wells st. to 28 ft.

The following resolution was introduced by chairman Eggemann:
Whereas it has become necessary in the improvement of Wells Street by Resolution No 60 by virtue of the narrowness of the embankment of same, to lessen the width of the improvement thereon to be made as provided by contract, therefore be it resolved that the City Engineer be instructed to modify the plans for said improvement so as to have Wells Street under Resolution No 60 to a width of 28 feet instead of 30 feet and that the contractor be notified of the change in said plans. Adopted.

The following agreement was received from contractor T. B. Empie:

Ft Wayne, Ind. Oct 2nd 1896.

To the Board of Public Works of the City of Fort Wayne, Indiana

Gentlemen:

Agreement of Contractor.

I hereby agree and consent to the modification of the plans for the paving of Wells Street under Improvement Resolution No 60. Said modification to be a change in the width of the pavement by changing the same from 30 feet to 28 feet

T. B. Empie.

Notice to raise sidewalks

The Board then instructed the clerk to notify D. N. Limeroby to raise and relay the brick sidewalks in front of his property on the west side of south Calhoun Street and to file the necessary bond before commencing said work. Also to notify the Jenney Electric Light and Power Company to erect a street light at the intersection of Hayden and Gay Streets and another 35 feet west of the north end of the Vale Buren Street river bridge.

Notice to Jenney E. Light & Power Co.

Petition for a sidewalk.

Moved: That the petition of A. C. Mick and others to have the brick sidewalk on the south side of Greene Street between Thomas Street and Holton Avenue completed be received and the City Civil Engr. be instructed to prepare plans for aforesaid improvement.

Adopted.

Moved: That an assessment roll containing an Estimate of the cost to each lot or lot affected by the ~~grading~~ and construction of brick sidewalks on both sides of Fairview Avenue from Nelson Street to Garden Street in accordance with Improvement Resolution No 75 and the plans and specifications therefore as submitted by the City Civil Engineer, - also an assessment roll containing an Estimate of the cost to each lot or lot affected by the construction of brick sidewalks on the East side of Metz Street from lot No 3 Old Orchard Addition to Guthrie Street in accordance with Improvement Resolution No 77 and the plans and specifications therefore as submitted by the City Civil Engineer, -

Imp. Res. No 77. Assessment roll approved.

also an assessment roll containing an Estimate of the cost to each lot or lot affected by the construction of brick sidewalks on the West side of Klinger Street from Maumee Road to Hugh Street in accordance with Improvement Resolution No 79 and the plans and specifications therefore as submitted by the C.C. Engr.; - be and the same are hereby approved, and that notice to abutting property owners affected thereby be published in the Fort Wayne Daily Journal on the 13th day of October 1896 and that the 23d day of October 1896 be fixed a date upon which to hear or receive objections or remonstrances if any to the final acceptance of said work and to the allowance of the assessment rolls containing the Estimate of the cost to each lot or lot affected thereby. Adopted.

Imp. Res. No 79. Assessment Roll approved.

Notice to P.C.

This the 9th day of October 1896 having been heretofore fixed a date when the Board would receive and open sealed proposals and award the contract for the construction of brick sidewalks on the east side of Walton Avenue from Maumee Road to the Wayne Trace in accordance with Improvement Resolution No 87 and the plans and specifications therefore as submitted by the City Civil Engineer, the Board now proceeded to open the proposals received and obtained the following results:

Imp. Res. No. 87.

Bids opened

Jeorg Hilbelus's bid price per lineal foot	32 cents
Gustav Horstmann " " " " "	28 "

Contract let

Moved: That we award this contract to Gustav Horstmann and his bid to do this work for 28 cents per lineal foot being the lowest and best bid. The work to be completed by Nov. 10th, 1896. Adopted.

Location for additional Electric Lights.

Moved: That an electric street light be ordered placed at the intersection of Fairview Avenue and College Street; another at the intersection

of Clinton and Montgomery Streets, and another on Walton Avenue 50 feet north of the north line of Selden Street; and that the clerk notify the Jersey Electric Light and Power Company these 3 lights as soon as possible.

Adopted.

C.C. Engr. to prepare plans.

Moved: That the City Civil Engineer be instructed to prepare plans and specifications for the grading of the roadway on Force Street from Pontiac to Ninth Street also for the construction of sidewalks on the west side of Force Street between aforesaid points.

Adopted.

No purchases to be made without proper order.

Moved: That hereafter no one be allowed to purchase anything for any of the departments coming under the supervision of this Board without first having obtained the proper order for such purchase to be made.

Adopted.

The Board then on motion adjourned.

Bonds to relay sidewalks approved.

The bond of E. Liebmann to raise and relay the sidewalk in front of 106 West Wayne Street, also that of Wm Sorge to raise and relay the sidewalks abutting on lot 179 Nowlans Addition, also that of J. Trudo to raise and relay the sidewalk in front of No 233 Wells Street, also that of George McKenzie to lay a sidewalk abutting on Lots No 39 & 40 Hoaglands Williams Addition were on motion approved.

Permission to relay sidewalk given.

Permission was granted to Wm Liebmann to raise and relay the sidewalks abutting on lot No 48 Williams Addition upon his filing a proper bond.

Contractors ask for an extension of time.

The following communication was received from C.E. Moellering & Co contractors who are paving West Jefferson Street under Improvement Resolution No 72:

Ft Wayne, Ind., Oct 14th 1896.

To the Board of Public Works City;-

Gentlemen;- The undersigned contractors for the West Jefferson Street pavement respectfully petition your honorable body to allow them a reasonable extension of time to complete said work under said contract, as the delay was caused by the inability to get the vitrified paving brick for said work.

Respectfully

C.E. Moellering & Co.

Extension of time Granted. Imp. Res. No 72.

It was moved: That C.E. Moellering be given until December 1st 1896 to complete the work contracted for by them under Improvement Resolution No 72, provided their bondsmen give written consent to same.

Adopted.

Imp. Res. No. 88. Confirmed.

This the 16th day of October 1896 having been previously fixed a date when the Board would hear or receive objections or remonstrances if any against Improvement Resolution No 88 which provides for the construction of brick sidewalks on the south side of Greene Street from the east line of Lot No 43 Greene's Subdivision to Holton Avenue, and there appearing no remonstrances giving sufficient cause why such public improvement should not be made, be it therefore resolved that we the Board of Public Works do hereby confirm Improvement Resolution No 88 as in the original.

Adopted.

Imp. Res. No. 88. Notice to contractors.

Moved: That notice to contractors for the construction of sidewalk on the south side of Greene Street from the East line of Lot No 43 Greene subdivision to Holton Avenue in accordance with the improvement resolution No 88 be ordered published in the Ft Wayne Daily Journal on the 20th and 27th days of October 1896 and that the 30th day of October 1896 be fixed a date when the Board will receive and open sealed proposals and award the contract.

Adopted.

Imp. Res. No. 61. Resolution to modify width of Wells st.

Whereas the improvement ordered by said improvement Resolution No 61 provides that said improvement shall be in width thirty feet and whereas since work has progressed in said improvement it is demonstrated that public necessity demands that it should be two feet wider, and whereas property owners ask that said improvement be so constructed. Therefore be it resolved that the City Civil Engineer so modify the plans and specifications as to conform to the necessity of the public.

Adopted.

Office Board of Public Works.
Fort Wayne, Ind. November 14th, 1896.

Special Meeting held at 10 o'clock A.M.

Present: Peter Eggemann, P. H. Kane and J. K. McCracken.

Contract let for hauling Earth into Harden street gravel pit.

The Special Meeting had been called for the purpose of considering the proposals that had been received by the Board for hauling the earth from the Old Catholic Cemetery that would be required to fill the old gravel pit at Swinney Park just south of Jefferson Street. After giving all proposals due consideration the Board decided that the proposal submitted by George Schlebecker to haul the earth required for 13 cents per load was the lowest and best bid and on motion he was awarded the contract and his bond fixed at $5000.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.

Attest.
CLERK.

Office Board of Public Works.

Ft Wayne Ind. November 16th 1896

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, P.K. Kane, and J.K. McCracken.

Notice to Jenney E.L. and P.Co. to move street light.

The clerk was instructed to notify the Jenney Electric Light and Power Co. to move the street lamp now located at the crossing of College Street over the P.Ft.W. and C R.R. to the intersection of College and Jones Streets.

Bonds to relay sidewalks approved.

The following bonds were on motion approved: That of Wm D. Meyer to raise and relay the sidewalks in front of No 123 and 129 East Lewis Street; that of Catharine Hake to raise and relay the sidewalks in front of No 28 Wells Street; that of John C. Fiegel to raise and relay the sidewalks in front of Lot No 49 North Side Addition.

Petition to open an alley.

The petition of D. Nesbel et. al. for the opening of an alley between Broadway and Thompson Avenues from Sixth Avenue to the Wabash Railroad was on motion received and placed on file.

Notice to Frank Alderman

The clerk was instructed to notify Frank Alderman that he must at once stop all work that he may be doing on any public street or alley without first having obtained the necessary permission from the Board to do said work and having filed a proper bond. That any violation of this order on part of said Frank Alderman would compell the Board to proceed against him according to law.

Imp. Res No 73.

Assessment Roll Approved

The board having viewed the work of grading Leith Street from Oakland street to Hoagland Avenue and the work of constructing sidewalks on both sides of Leith Street between aforesaid points in accordance with Improvement Resolution No 73 and the plans and specifications therefor, and the Board having heretofore fixed the 16th day of November 1896 as date when they would further hear or receive objections or remonstrances against aforesaid work and a date when the assessment roll containing the names of the property owners and the pro rata assessment against each person affected thereby may be heard before taking final action thereon, and there appearing no objections or remonstrances, be it therefor resolved that we the Board of Public Works do hereby accept the work aforesaid as completed and that the assessment roll be hereby approved and herewith delivered to the Department of Finance. All of which is hereby finally ordered and approved. Adopted.

Office Board of Public Works.
Ft Wayne, Ind., December 7th, 1896.
Regular Meeting held at 3 o'clock P.M.
Present: Peter Eggemann, P. K. Kane, and J. K. McCracken.

The following communication was read:

Fort Wayne, Ind., December 5th 1896.

To the Honorable Board of Public Works of the City of Ft Wayne, Ind.,

Communication from Board of County Commissioners.

In the construction of the new Court House it will be absolutely necessary to occupy portions of the streets surrounding the Court House square, and we therefore respectfully petition your honorable body for permission to erect and maintain a high board fence on Calhoun Street from Berry to Main Street sixteen (16) inches outside of the present sidewalk) and on Main Street from Calhoun to Court Street Eighteen) inches outside of the present sidewalk; on Court Street from Main to Berry Street in the center of said Court Street, and on Berry Street from Court Street to Calhoun Street twenty two feet (22 ft.) from the brick line of said Court House ground, including the sidewalk thereon, and to occupy the portions of said streets within such fence during the time of the construction of the proposed new Court House of Allen County, and we ask that in the event that the City desires to improve Calhoun Street between Berry and Main Street before said Court House is completed, to cause said fence on Calhoun Street to be moved back to the portion of said street to be occupied to the sidewalk, and so as not to interfere with the grading of the sidewalks of said Street.

Respectfully submitted.
M. A. Emerson.
J. H. Shellhorn.
S. F. Baker. Board of Commissioners of Allen County.

The Board thereupon ordered the following reply sent to the Board of Commissioners of Allen County:

To the Board of County Commissioners.

Gentlemen;

In your request to occupy certain portions of public streets in the construction of the County Court House, the Board would say—

Communication to Board of County Commissioners.

The City will give you permission to occupy one half of Court street from Main to Berry; the East of Berry street including sidewalk from Court to Calhoun; to place a fence 18 inches in the street outside of sidewalk on Calhoun from Berry to Main, and to place a fence eighteen inches outside of sidewalk on Main from Calhoun to Court—provided however, that said County will upon completion of said work put said streets in as good a condition as they now are; and provided further that if said City should improve Calhoun street before the completion of said Court House the County to remove all obstructions from said street that would in any way be an obstacle in the way of said improvement. Upon the acceptance of the proposition by the Board, and the same spread upon records of the County, the Board of County Commissioners is authorized to take possession of said streets as herein set out.

Declaratory Resolution No 29.
For the opening and extending of an alley from Broadway to Thompson avenue.

Declaratory Res No 29. Adopted. Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is deemed necessary to open and extend the alley between Scott avenue and the south lines of Lots Nos 1 and 7 Ewings out-lots and the Wabash Railway. Said alley when opened to have a uniform width of 12 feet. The same to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows:
The south six feet of lots Nos 1 and 7 of Ewings outlots, also the north six feet of lot No Eleven of Thompson's subdivision and the north

six feet of lots 2, 3, and 4 Thompson's Addition, also the north six feet of several pieces of ground lying between Broadway and Lot No 2 Thompson's Addition and north of Holt Avenue, also the west 12 feet of Lot No Eleven of Thompson's Subdivision also the north two feet of lots 8, 9, and 10 Thompson's subdivision.

The property which may be injuriously or beneficially affected by the opening and extending of said alley as above described is described as all lots and parcels ~~and~~ of lands as follows, to wit:

All lots and lands lying between Broadway and Thompson Avenue and the Wabash Railroad and Holt Avenue. All as shown on the plan of such proposed opening and extending of said alley above described now on file in the office of the Board of Public Works. All of said alley and lots and lands affected by the opening and extending thereof being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted this the 21st day of January, 1897.

Declaratory Resolution No 30.

For the widening of the alley between St Mary's Avenue and Franklin Avenue from Polk Street to High Street.

Declaratory Res. No 30 adopted.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is desired and deemed necessary to widen the alley between St. Mary's Avenue and Franklin Avenue from Polk street to High street. Said alley when opened to have a uniform width of ten feet. The same to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: The west one foot of lots Nos 6, 7, and 8 of Bothwell's subdivision also the west five feet of lot No 14 J. Wallace Dawson's subdivision. The property which may be injuriously or beneficially affected by the widening of said alley as above described is described as all lots or parcels of lands as follows, to wit: All lots and lands lying between St. Mary's Avenue and Franklin Avenue and Polk and High streets. All as shown on the plans of such proposed widening of said alley above described now on file in the office of the Board of Public Works. All of said alley and lots and land affected by the widening thereof being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted this 21st day of January 1897.

Declaratory Resolution No 31.

For the vacating of Eight feet on each side of the alley between Wabash Avenue and Nassau Avenue from Wayne street to Humphrey street.

Declaratory Res No 31 adopted.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate

Eight feet on each side of the alley between Wabash avenue and Glasgow avenue from Wayne street to Humphrey street.

The property which may be injuriously or beneficially affected by said vacation as above described is described as all lots or parcels of lands lying between Wabash avenue and Glasgow avenue, and Wayne street and Humphrey street.

All as shown on the plan of such proposed vacating of part of said alley as above described now on file in the office of the Board of Public Works.

The cost of said vacation and all expenses connected therewith to be assessed against any and all property beneficially affected thereby. All of said alley and parcels of lands herein named and described being situated in the city of Fort Wayne, Allen County, Indiana.

Adopted this 21st day of January 1897.

Notice to P.O.

Moved that notices of Declaratory Resolutions Nos 29, 30 and 31 be published in the Fort Wayne Daily Journal on the 26th day of January and the 2nd day of February 1897 and that the 4th day of February 1897 at 7:30 o'clock P.M. be fixed a date when the Board will hear or receive objections or remonstrances against either of aforesaid Declaratory Resolutions.

Adopted.

Contracts let for the collection and hauling of garbage

The matter of considering the bids received for the collection and hauling of garbage was taken up and after investigating this matter, the Board awarded the contracts as follows:
N. G. Kobdell, W.H. Berry, William Pettit, and William C. Pettit each bid to do the work for one year according to plans and specifications for the sum of $50.00 per month, and these being the four lowest and best bids — Isaac Green not living within the city limits — on motion the contracts for hauling the garbage for one year were awarded to each of aforesaid parties.
The contracts for collecting and hauling garbage with two extra wagons for six months beginning May 1st 1897 were awarded to David Braden at $5.49 per month and to Valentine Pettit at $5.80 per month, their bids being the lowest and best.

Bids to furnish lumber for new green house.

The bid of Rhinesmith and Simmons to furnish certain dressed lumber as stipulated by the Board of Public Works for greenhouse purposes for the sum of $103.00 was accepted and they were ordered to furnish it.

Bid to furnish a new street sweeper.

The A. C. Austin Mfg. Co. of Chicago Ills., through their Agent N. Hohnholz, offered to sell to the City one improved steel sweeper with steel broom for $450.00 cash, free on board cars in the City of Fort Wayne, Ind. Said sweeper to be subjected to a test after its arrival here, and to do the work as represented and to the satisfaction of the Board of Public Works before its acceptance by said Board of Public Works. Said Company also agrees to repair the old sweeper now owned by the city and to furnish all material necessary in making said repairs free of charge. In case the sweeper does not meet the requirements or perform the work to the entire satisfaction of the Board of Public Works aforesaid A. C. Austin Mfg Co to pay for all expenses incurred.
The Board on motion ordered aforesaid N. Hohnholz to deliver a sweeper by April 1st 1897 subject to the conditions aforementioned.

The Board then adjourned.

Request to reimburse loss

G.W. Haskell, driver of garbage wagon No 3, appeared before the Board and asked that the Board reimburse him for losses sustained by him on account of the wagon having fallen into a ditch just south of the first alley south of Hendricks street near Huron street. Haskell stated that one of the horses had been killed, the other one badly injured, the harness torn, and he himself had received injuries necessitating medical attendance and detaining him from doing any work. He is a poor man and the loss to him was more than he could stand and if the City did not reimburse him for losses at least in part he would be compelled to proceed against the City according to law. The Board after consulting the City Attorney came to the conclusion that the city was in no way responsible for the accident, but if Haskell would sign a receipt in full for all losses and damage whatsoever sustained by him, they would allow him the time he had lost, pay the City Trucking Company for lifting the wagon out of the ditch, pay for repairing the wagon, and ask the City Council to appropriate $50.00 to be paid Haskell under the conditions aforementioned. Haskell finally consented to accept the proposition and the clerk was instructed to request the comptroller to ask the Council to make the appropriation of $50.00 thereby avoiding a law suit.

Local Sewer Imp. Res. No 34. Assessment Roll approved

Moved that an assessment roll containing an Estimate of the cost to each person affected by the construction of a sewer in and along the first alley north of Huffman street from the first alley west of Wells street to Hench street, also in Short street and the first alley south of Putnam street from Short street to Hench street in accordance with local sewer improvement resolution No 34 and the plans and specifications therefor be approved, and that notice to abutting property owners be published in the Fort Wayne Daily Journal on the 2nd day of March 1897, and that the 11th day of March 1897 be fixed as date when the Board at 1:30 o'clock P.M. will hear and receive objections or remonstrances if any to the final acceptance of aforesaid work and to the allowance of the assessment roll containing an Estimate of the cost to each person affected thereby.

The clerk was instructed to adress the following communication to the president and directors of the Little River Turnpike Company:

Communication to Directors Little River Turnpike Co

Gentlemen,- Your Company operates a gravel road, a section of which is included within the corporate limits of the City. The portion within the corporate limits is almost impassable and in fact dangerous to public travel. Its condition is such at this time that upon an injury being received in consequence of chuckes and ruts the City would be liable to

respond in damages); furthermore the plan of the Company in making repairs upon said road to cover the mud into the gutters and thereby close the waterway along the street must at all times be stopped, otherwise prosecution will follow. The road is yours to operate and repair and unless kept in repair the same will be condemned. The Board of Public Works of the City of Fort Wayne hereby notify you to repair said road within the next fifteen (15) days and in doing so to remove the surplus dirt from the roadway and the gutters, and to repair the entire width of the street.

Order end blades for road leveler.

The clerk was instructed to order a pair of end blades for the road leveler from the Flemming Mfg. Co.

Imp. Res. No 92. Confirmed.

and there appearing no objections or remonstrances whatever
Be it therefore resolved that we, the Board of Public Works do hereby confirm Local Sewer Improvement Resolution No 39, Main Sewer Improvement Resolution No 2, and Improvement Resolutions Nos. 90, 91, 92 and 93 as in the original, and that notice to Contractors be ordered published in the Ft Wayne Journal on the 17th and 24th days of April 1897, and that the 29th day of April 1897 be fixed a date

when the Board at 7:30 o'clock P.M. will receive and open sealed proposals for the work to be done under aforesaid Improvement Resolutions, and award the contracts therefor. Adopted.

C.C. Engr. to prepare plans.

The City Civil Engineer was instructed to prepare plans and specifications for sidewalks on the north side of Huestis Avenue from the terminus of the present brick walk to Thompson Avenue and on the west side of Thompson from Huestis Ave to south line of Scott Avenue; also for sidewalks on the west side of Broadway from Park Avenue to the south line of High Banks Addition; also for the grading and gravelling of Lavilla Avenue from Indiana Avenue to Broadway.

Notice to Jenney Electric Light & Power Co to move light.

The clerk was instructed to notify the Jenney Electric Light and Power Co. to remove the Electric street lamp from the intersection of Hanna and Hugh streets to the intersection of Hanna and Montgomery streets.

C.C. Engr instructed to prepare plans.

The City City Civil Engineer was instructed to prepare plans and specifications for raising the sidewalks on the East side of Calhoun street from Pontiac street to Leith street and on the north side of Leith street to a point 50 feet East of Calhoun street.

The Board thereupon adopted the following resolutions:

Declaratory Resolution No 32.

Declaratory Res No 32 Adopted.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is deemed necessary to vacate the first alley north of Creighton Ave from the west line of lot No 5 Muldoons Subdivision of lots 1&2, of J.D. Hanna's Subdivision of the south ½ of Hannas Outlot No 11 Plat A to Holton Avenue. The property which may be injuriously or beneficially affected by said vacation above described is known as lots 1, 2, 3, 4, and 5 Muldoon's Subdivision of lots 1 and 2 of J.D. Hannas Subdivision of the south half of Hanna's Outlot No. 11 Plat A, and lot no 3 of J.D. Hannas Subdivision of the south half of Hanna's Outlot No 11, Plat A. All as shown on the plan of such proposed vacation of said alley as above described now on file in the office of the Board of Public Works of said City. The cost of said vacation and all expenses connected therewith to be assessed against any and all property beneficially affected thereby. All of said alley and parcels of land herein named and described being situated in the City of Fort Wayne, County of Allen, and State of Indiana.

Adopted.

Declaratory Res No 33 adopted

Declaratory Resolution No 33.

For the opening and extension of an alley along the south line of lot No 4 J. T. Hamma's Subdivision of the south half of Hamma's outlot No 11 Plat A from the East line of the first alley East of Thomas street to Holton Avenue.

Resolved by the Board of Public Works of the City of Ft Wayne Indiana, that it is deemed necessary to open and extend an alley along the south line of lot No. 4 J. T. Hamma's Subdivision of the South half of Hamma's Outlot No 11, Plat A, from the East line of the first alley East of Thomas street to Holton Avenue. Said alley when opened to have a uniform width of 15 feet and to conform with the first alley north of Creighton Avenue from Thomas street to the first alley East of Thomas street. Said alley is to be made by condemning the north 15 feet of lot No. 3 of J. T. Hamma's Subdivision of the south half of Hamma's Outlot No 11, Plat A. The property which may be injuriously or beneficially affected by the opening of said alley above described, is described as Lots 1, 2, 3, 4 and 5 of Muldoon's Subdivision of lots 1 and 2 J. T. Hamma's Subdivision of the south half of Hamma's Outlot No 11, Plat A. and lot No 3 of J. T. Hamma's Subdivision of the south half of Hamma's Outlot No 11, Plat A All as shown on the plans of such proposed opening of said alley above described now on file in the office of the Board of Public Works of said City. All of said alley and lots and land affected by the opening and extension of said alley being situated in the City of Fort Wayne, County of Allen, and State of Indiana.

The cost of said opening and extension of said alley and all expenses connected therewith to be assessed against any and all property beneficially affected thereby. Adopted.

The Board then on motion adjourned.

Adopted.

Notice to Contractors

Moved: That notice to contractors of Improvement Resolutions Nos 94, 96, 97, 98, and 99 be published in the Fort Wayne Journal on the 4th and 13th days of May 1897, and that the 20th day of May 1897 be fixed a date, when the Board at 7:30 o'clock P.M. will receive and open sealed proposals and award the contracts.

Adopted.

Plans ordered, sidewalks.

The City Civil Engineer was instructed to prepare plans and specifications for sidewalks on the East side of Clinton street from Suttenfield street to Pontiac Street; also for a footbridge across the St Marys River from Nebraska into Lawrence Park and to give an Estimate of the cost for same.

Hearing postponed Imp. Res. No 95

This the 29th day of April 1897 having been previously fixed a date when the Board would hear or receive objections or remonstrances against Improvement Resolution No 95 which provides for the construction of sidewalks on both sides of Washington street from Harden street to Lawrence Park, and all the resident property interested therein having petitioned the Board for permission to construct the sidewalks under private contract and the petition having been granted providing the petitioners carry out certain agreements, it was moved that further action in this matter be postponed until some future time.

Adopted.

Prices for fire hose

The clerk was instructed to write to the Crandall Fence and Stove Co. Sandusky Ohio, for prices on one dozen park settees F. O. B. cars at Fort Wayne.

Garbage

The two new garbage wagons having been completed and being ready for service the Board proceeded to redistrict the City and to assign the districts as follows:
district No 1 covering all of Bloomingdale and Nebraska assigned to N. G. Lobdell with wagon No 1.

Portage

District No 2 comprising all of Lakeside and the territory lying between Wayne street and the City limits and between the Wabash R.R. and the Maumee River assigned to Wm Pettit with wagon No 4.
District No 3 covering the territory between Wayne and Webster streets and the P.F.W. R.R. and the Maumee and St Marys Rivers assigned to Valentine Pettit with wagon No 3.
District No 4 covering the territor lying between Webster street and the St Marys River on the west and the P.F. W. & C. R.R. and the St Marys river on the north assigned to Wm C. Barkels with wagon No 2.
District No 5 lying south of the Wabash R.R. to the City limits and from Calhoun street East to the City limits assigned to Wm Berry with wagon No 5.
District No 6 lying south from the P.F.W & C R.R. to the City limits and from Calhoun street west to the City limits, assigned to David Braden with wagon No 6.
This arrangement to go into Effect Monday morning May 3d 1897 at 7 o'clock and the Clerk to notify all concerned. Adopted.

The Board then on motion adjourned.

Peter Baltes to raise and relay the sidewalks abutting on lot 62 Hanna's Addition.

Opinion of City Attorney regarding Rachs

In the matter of Rachs Plat of the south part of Barnetts Out lot No 4 the City Attorney submitted the following opinion:
In Compliance with your request, I hereby submit an opinion as to your rights and duties in relation to approving and disapproving plats submitted to you. The Charter provides that "It shall be the duty of the Board of Public Works to approve the platting of all streets and alleys in any addition to said city or within the corporate limits thereof; to require the same to be coterminus and correspond in width with other streets and alleys." In my judgement the language is mandatory and the Board must either approve or disapprove. The language would indicate that if the streets and alleys were coterminus, that that is all the Board is to consider. That the property owners must settle their property lines among themselves; and that an individual exercises bad judgment in matters of this order he must suffer the consequences.

Resp. Yours,
W.H. Shambaugh
City Atty

The Board decided to postpone the matter for another week until May 17th, 1897.

Plans ordered sewer.

The City Civil Engineer was instructed to prepare plans and specifications for a sewer in Hanna street from Madison street to LaSalle street.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is (desired and) deemed necessary to change the location of Fifth street between the East line of Klaehns Subdivision of a part of Gangers Addition west to the intersection of Fifth street with the bed of the old Feeder Canal. Said street when changed to have a uniform width of twenty six (26) feet. The same to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: The north seven (7) feet of lots Nos 1, 2, 3, 4, 5, 6, 7, 8, and 9 Klaehns Subdivision of a part of Gangers Addition also the north seven (7) feet of lot No 7 and the northeast part of lot No 6 Gangers Addition, also by vacating a strip of ground ten feet in width on the south line of lots Nos. 1, 2, and 3 Gangers Addition. The property which may be injuriously or beneficially

affected by the changing of said street as above described, is described as all lots or parcels of ground as follows, to wit: All lots lying between the East line of Stanzero and Klaehns Additions and the bed of the old Feeder Canal. All as shown on the plan of said street as above described now on file in the office of the Board of Public Works. All of said street and lots and lands affected by the changing thereof being situated in the City of Ft Wayne, County of Allen, and State of Indiana. Adopted.

Declaratory Resolution No 35.

Dec. Res. No 35 adopted.

For the vacating of the alley between Webster Street and Ewing street from Washington Street to Jefferson street.

Resolved by the Board of Public Works of the City of Fort Wayne Ind. that it is deemed necessary to vacate the alley between Webster street and Ewing street from Washington street to Jefferson street. Said alley being of no further use to the property holders abutting thereon, they having petitioned for said vacation. The property which may be injuriously or beneficially affected by the vacation of said alley as above described is described as all lots or parcels of lands known as lots Nos 438, 439, 433, and 434 Hamea's Addition. All as shown on the plan of such proposed vacation of said alley above described now on file in the Office of the Board of Public Works. All of said alley and lots affected by said vacation being situated in the City of Fort Wayne, Allen County, Indiana. Adopted.

Declaratory Resolution No 36.

Dec. Res. No 36. adopted.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to widen the alley between Grant Avenue and Wabash Avenue from Minch street to the Wabash Railroad. Said alley when opened to have a uniform width of twelve feet. The same to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows, to wit: Fletchers Addition

The East six (6) feet of lots 167 to 184 inclusive. The property which may be injuriously or beneficially affected by the widening of said alley as above described is described as all lots or parcels of land as follows, to wit: All lots and lands lying between Grant Avenue and Wabash Avenue and Minch Street and the Wabash Railroad. All as shown on the plan of such proposed widening of said alley above described now on file in the office of the Board of Public Works. All of said alley and lots and lands affected by the widening thereof being situated in the City of Fort Wayne, County of Allen and State of Indiana Adopt

Notice to property owners.

Moved that notice to property owners of Local Sewer Improvement Resolution No 40, Improvement Resolutions Nos 105, 106, 107 and of Declaratory Resolutions Nos 34, 35, 36, be published in the Fort Wayne Journal on the 5th and 12th days of June 1897 and that the 17th day of June 1897 be fixed a date when the Board at 7 30 o'clock P.M. will hear or receive objections or remonstrances against either of aforementioned resolutions. Adopted.

Confirmed Imp. Res. No 100.

This the 3d day of June 1897 having been previously fixed a date when the Board at 7 30 o'clock P.M. would hear or receive objections or remonstrances against Improvement Resolution No 100 which provides for the construction of sidewalks on the East side of Monroe street from Berry street to Washington street; Also against Improvement Resolution No 101, which provides for the grading of the alley between Summit and Lewis Streets from Imp. Res. No 101 Cedar street to McCulloch street;

Also against Improvement Resolution No 102 which provides for Imp. Res. No 102. the construction of sidewalks on the north side of Hiestis Ave. from the west line of lot No 26 Thompsons Addition to Thompson Avenue;

Also against Improvement Resolution No 103 which provides for Imp. Res. No 103 the construction of sidewalks on the west side of Thompson Ave from Hiestis Avenue to the first alley North;

Also against Improvement Resolution No 104 which provides for Imp. Res. No 104 the construction of sidewalks on the west side of St Mary's Avenue from Putnam street to the north line of lot No 57 Archers Add; and there appearing no objections or remonstrances whatever against either of aforementioned Improvement Resolutions, be it therefore resolved that we the Board of Public Works do hereby confirm Improvement Resolutions Nos 100, 101, 102, 103, and 104 as in the original. Adopted.

Notice to Contractors

Moved that notice to contractors of Improvement Resolutions Nos 100, 101, 102, 103, and 104 be published in the Fort Wayne Journal on the 5th and 12th days of June 1897 and that the 17th day of June 1897 be fixed a date when the Board at 7 30 o'clock P.M. will receive and open sealed proposals for the work to be done under aforementioned Improvement Resolutions. Adopted

The City Civil Engineer was instructed to prepare plans and specifications for the widening of Winch street by condemning 10 ft along the north line of Lot No 167 Fletchers Addition.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Ind., June 28th, 1897.
Regular meeting held at 3 o'clock P.M.
Present: Peter Eggemann, P. H. Kane, and J. K. McCracken.

P. Ft. W. & C. R.R. to raise grade of Fairfield Ave & Broadway.

Mr. Ericson Civil Engineer of the P. Ft. W. and C. R.R. appeared before the Board and stated that the R.R. Co. wished to raise the grade of their tracks west from Calhoun street to the City limits and put in stone ballast, thereby raising the grade of the Fairfield Ave crossing eight inches, and the Broadway crossing six inches. The whole matter was referred to the City Civil Engineer.

Wabash R.R. to permit sewer

Mr. Newton, Agent of the Wabash R.R. Co., appeared before the Board and stated that his Company would willing to permit the City to construct a sewer through under their tracks at the first alley East of Walton Avenue under any conditions that would be fair to both the City and the R.R. Company. The City Attorney was instructed to draw up a proper agreement.

Remonstrance against paving alley.

The remonstrance of C. Horstmann and others against paving the alley between Washington and Jefferson street from Ewing to Webster street was received and placed on file.

Permits to relay sidewalks

The following permits were granted and their Bonds approved:
Peter Schenkel to raise and relay the sidewalks abutting on lot 128 Archers Addition.
John J. Kaiber to raise and relay the sidewalks abutting on Nos 124 and 128 West Third street.

Cement walk

Alfred Shrimpton to construct a cement walk abutting on lots 3 and 4 Block 18 Ewings Addition.

sidewalk

Charles Schreck to raise and relay the sidewalks abutting on lots 1 and 2 Lewis Addition.

Permits to use Swimming Pool

The Free Methodist Church were given permission to hold a picnic in Swinney Park on June 29th and the Junior Epworth League of the Wayne Street M.E. Church on July 1st.

The Board then adjourned.

The clerk was instructed to notify Contractor T. B. Empie to repair the pavements on Barr from Wayne street to Washington street on Erie street from Calhoun street to Lafayette street; in the alley between Main and Berry streets from Clinton street to Barr street.

Communication from Co. Com

The following communication was received from County Commissioners:

To the Honorable Board of Public Works of the City of Fort Wayne.

Gentlemen:—

Tunnel on Calhoun street.

The Board of Commissioners of the County of Allen respectfully petition your Honorable Board for the right and privilege of constructing and maintaining a tunnel along Calhoun Street according to plans and specifications from the northwest corner of the Court House Square in the City of Fort Wayne, running north on Calhoun street to the Power House of said County located on the west side of Calhoun street north of the Jail. Said tunnel to be used for the purpose of transporting heat and power from said Power Station to the proposed new Court House.

Very respectfully

Attest: L. J. Bobilya. Auditor.

W. A. Ferguson.
J. H. Shellhorn.
L. F. Baker.

Sept. 27th, 1897.

Board of Commissioners of the County of Allen

Plans and specif. approved.

A copy of the plans and revised specifications for the proposed tunnel accompanied the petition and, having been thoroughly examined by the Board, were on motion approved.

Petition granted

The Board of Public Works thereupon decided to grant the request of the Board of County Commissioners upon the following conditions:

First: That the contractor to whom the work is awarded will take out a permit for opening the streets, burdened with such conditions and restrictions as the Board of Public Works may find necessary to impose.

Second: That after the said work is done and accepted by the County, that the County will pay to the City any and all damages that said City may be compelled to pay any person, company or corporations for injury to person or property, resulting directly or indirectly from a defect in the construction of said tunnel, or from a failure of said County to keep the same in repair. And that it will likewise repay to said City all money by it expended in the repair of said street, if said repair was made necessary by any defect in said tunnel or by its failure to keep it in repair, provided however in all cases that the said City is without negligence or fault.

The granting of this authority is further conditioned, that said County in the locating of said tunnel, must make all arrangements with any person ~~or persons~~, company or corporation having rights in said streets, if the property of said person,

company or corporation is interferred with by said tunnel.
By written acceptance of these terms and conditions herein
set out, the said County of Allen State of Indiana, through its
Commissioners is authorized to locate said tunnel as asked
for.

Board of Commissioners of the County of Allen, Ind.

Attest: L.J. Bobilya, Auditor. Sept. 27th, 1897.

Bond approved

Louis J. Schwartzkopf the contractor to whom the Board of County Commissioners had awarded the contract to build said tunnel on Calhoun street thereupon filed a bond with the Board of Public Works in the sum of $7,500.00 and on motion it was approved by the Board.

Permit granted

And now the Board of Public Works granted to the contractor the following permit: Louis J. Schwartzkopf is hereby granted permission to open up the east side of Calhoun street from the northwest corner of the Court House Square to the County Jail and place therein a tunnel, the same being a part of the Court House now in process of construction by the Commissioners of Allen County upon the following conditions:

That the tunnel be constructed in accordance with the plans and specifications thereof on file in the office of the Board of Public Works of the City of Fort Wayne. That the placement and displacement connection and disconnections of drains of any kind be under the supervision of the Board of Public Works, and made to its satisfaction Any and all changes in placement and displacement, connection and disconnection of any and all water pipes or mains to be done to the satisfaction of the Water Works Trustees. That the excess of earth taken out of the excavation to be hauled and placed by the said Louis Schwartzkopf on North Calhoun Street.

That the interference with the property rights of any person company or corporation in said street, other than the city itself by said Louis Schwartzkopf, must be done after first obtaining the consent of said person, company or corporation, and to their respective satisfaction and that the said Louis J. Schwartzkopf will pay and all damages to any person, company or corporation property he may injure in the construction of said tunnel and save the City harmless.

The said Louis J. Schwartzkopf in the performance of said work shall not make or allow to remain open more than 100 feet of

said excavation at any one time. That he will protect the travelling public with necessary red lights and barriers along the line of work and when said work is completed to place the street in as good condition of repair as before the said excavation was made. When block have been destroyed by removing, to be replaced by new ones upon a foundation as was originally under said pavement. That said Louis J. Schwartzkopf execute to the City of Fort Wayne a bond in the sum of $7500.00 to be approved by the Mayor, conditioned that he will do and perform all things as herein provided. That he will indemnify and save harmless the City of Fort Wayne from and against any and all claims, demands, actions, suits, judgements or liabilities of every kind that said City of Fort Wayne may be subjected to or in consequence or growing out of the opening of said street or other places, or for any damages accruing to any person or persons, or the property of any person or persons in the doing and performance of said work, or in doing work incident to this permit or the manner of doing it or growing out of the failure of said Louis J. Schwartzkopf to relay the said street or other places in as good a condition as said street was before being opened by him or in consequence of or growing out of any negligence of the agents or employees of the said Louis J. Schwartzkopf, it being the intention of the City of Fort Wayne, that if the said Louis J. Schwartzkopf accepts this permit he shall be liable as between him and the City in all such cases.

It is expressly declared that this permit does not authorize the use of any gutter so as to prevent free passage of water along the street or to so use the sidewalk so as to in any way to interfere with its use.

Communication of Land & Security Co.

To extend a sewer through lot.

The following from the Land and Security Company was read:

To the Board of Public Works of the City of Fort Wayne.

The Land and Security Company hereby consents to the city of Fort Wayne extending a sewer said and work through lot No 174 Fletchers Addition and to have and maintain an easement for the use of said sewer as well as repair upon the conditions that said lot is not assessed for the construction of said sewer.

The Land and Security Company

per W. H. Bamboush, Agt.

On motion the foregoing proposition was accepted by the Board.

The City Civil Engineer submitted plans and specifications for the following improvements:
For brick sidewalks on the East side of Hanna street from Ninth street to South street.
For grading the alley between Calhoun and Clinton streets from Allen street to Pontiac street.
For brick sidewalks on the west side of St Marys Ave from Polk street to High street.
For brick sidewalks on the south side of Scott Avenue from Broadway to Thompson Avenue, Exempting all sidewalks now laid to a proper line and grade.
For a vitrified clay pipe sewer through the centre of lot No 174 Fletcher's Addition from Grant Avenue to the first alley east of Grant Avenue, also in the first alley east of Grant Ave from Ninth street to the Wabash R.R.
For a vitrified clay pipe sewer in the alley between Grant Ave and Wabash Ave. from the brick sewer on Randall street to the first alley south of Randall street, also in the alley between Randall street and Maumee Ave from Grant Ave to Wabash Ave.
After giving aforesaid plans and specifications due consideration they were adopted by the Board.

The following communication from the Common Council was received and read:

Whereas the crossing of the L.E.& W. Railroad on Wells street is without a light and it being a very busy thoroughfare and dangerous to pedestrians

Therefore be it resolved by the Common Council of the City of Fort Wayne, that the Board of Public Works be instructed to confer with the officials of the L.E.& W. and L.S. & M.S. Railroad and request them to have a light placed at such crossing.

Adopted by the Common Council Sept. 28th 1897.

Notice to L.E.& W. R.R.

The Board instructed the Clerk to notify the officials of the L.E.& W. R.R. to comply with the request.

Notice to repair pavements

The clerk was instructed to notify contractor R.B. Euepie to repair the pavements on Jefferson street from Calhoun street to Lafayette street; on south Hanna street from Brighton Ave to Ninth street; in the alley between Berry and Wayne from Ewing to Griffith streets.

The Board then on motion adjourned.

Confirmed Loc. Imp. Res No 45

It is the 7th day of October 1897 having been previously fixed a date when the Board would hear or receive objections or remonstrances against Local Sewer Improvement Resolution No 45 which provides for the construction of a clay pipe sewer in the alley between Grant Ave and Wabash Ave from the brick sewer on Randall street to the first alley south of Randall street also in the alley between Randall street and Maumee Ave from Grant Ave to Wabash Ave;

Imp. Res. No 119 also against Improvement Resolution No 119 which provides for the construction of brick sidewalks on the west side of St Marys Avenue from Polk street to High street;

Imp. Res. No 120 also against Improvement Resolution No 120 which provides for the grading of the alley between Calhoun street and Clinton street from Allen street to Pontiac street;

Imp. Res. No 121 also against Improvement Resolution No 121 which provides for the construction of brick sidewalks on the East side of Hanna street from Ninth street to South street;

Imp. Res. No 122. also against Improvement Resolution No 122 which provides for the construction of brick sidewalks on the south side of Scott Ave. from Broadway to Thompson Ave exempting all sidewalks now laid that are to a proper line and grade and there appearing no objections or remonstrances whatever against Either of the aforementioned Improvement Resolutions, Be it therefor resolved, that we the Board of Public Works do hereby confirmed Local Sewer Improvement Resolution No 45, and Improvement Resolutions Nos 119, 120, 121, and 122 as in the original.

Adopted.

Notice to Contractors

Moved that notice to contractors of the work to be done under Local Sewer Improvement Resolution No 45 and Improvement Resolutions Nos 119, 120, 121, and 122 be published in the Fort Wayne Journal on the 9th and 16th days of October and that the 21st day of October 1897 be fixed a date when the Board at 7:30 o'clock P.M. will receive and open sealed proposals and award the contracts.

This the 7th day of October 1897 having been previously fixed a date when
S. Imp. Res. No 46. postponed. the Board would hear or receive objections or remonstrances against Local Sewer Improvement Resolution No 46 which provides for the construction of a vitrified clay pipe sewer along the centre line of lot No 174 Fletcher's Addition to the City of Fort Wayne from the brick sewer on Grant Avenue to the first alley East of Grant Avenue, also in the alley between Grant Avenue and Wabash Avenue from Winch street to the Wabash Railroad, and there appearing a number of remonstrants who asked the Board to postpone further action in this matter until next spring as they were not able to pay for the improvement this fall, the Board decided to postpone further action in this matter until 7:30 o'clock P.M. October 21st, 1897.

Assessment rolls approved

Moved that an assessment roll containing an estimate of the cost to each person affected by the construction of a clay pipe sewer in the alley between Wayne and Washington streets from the East line of Grant Ave. to the East line of Smith's Addition in
C. I. Imp. Res No 42. accordance with Local Sewer Improvement Resolution No 42;

Also an assessment roll containing an Estimate of the cost to
Imp. Res. No 113. Each person affected by the construction of sidewalks on the west side of Broadway from Park Ave to the west line of Highland Addition in accordance with Improvement Resolution No 113;

also an assessment roll containing an Estimate of the
Imp. Res No 114 cost to Each person affected by the construction of a brick sidewalk on the west side of Calhoun street from Fifth street to Sixth street in accordance with Improvement Resolution No 114;

Imp. Res. No 118 also an assessment roll containing an Estimate of the cost to Each person affected by the construction of brick sidewalks on the East side of Fletcher Avenue from Allige street to the Wabash R.R. in accordance with Imp. Res. No 118

Notice to F.O. be approved, and that notice to abutting property owners be published in the Fort Wayne Journal on the 9th day of October 1897, and that the 21st day of October 1897 be fixed a date when the Board at 7:30 o'clock P.M. will hear or receive objections or remonstrances to the acceptance of either of aforementioned works and to the allowance of the assessment rolls containing an Estimate of the cost to Each person affected thereby.

Adopted.

Plans approved

The City Civil Engineer submitted plans and specifications for a sewer in the alley between Edgewater Avenue and Columbia Avenue from the brick sewer on Tecumseh street to Lt Joe Boulevard. Also for a sewer in the alley between Columbia Avenue and Lake Avenue from the brick sewer on Tecumseh street to Old Fort street and through lots 16, 17, 22, 24, and part of 11 Lakeside Park Addition.
also for paving the alley in the rear of lots 1, 2, and 3 Baptist Church Subdivision of lot No 113 Original Plat.
On motion the aforementioned plans were approved by the Board.

Adopted.

Local Sewer Improvement Resolution No 47.

Lt. Imp. Res No 47.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Edgewater Ave and Columbia Ave from the brick sewer on Tecumseh street to Lt Joe Boulevard as follows: Said sewer shall be a 15 inch vitrified clay pipe sewer from Tecumseh street to the East line of Force street and a 12 inch vitrified clay pipe sewer from the East line of Force street to Lt Joe Boulevard in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Local Sewer Improvement Resolution No 48.

Lt. Imp. Res. No.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Columbia Ave and Lake Avenue from the brick sewer on Tecumseh street to Old Fort street and through lot Nos. 16, 17, 22, 24 and part of 11 Lakeside Park Addition as follows: said sewer shall be a 15 inch vitrified clay pipe sewer from the brick sewer on Tecumseh street to the East line of Force street and a 12 inch vitrified clay pipe sewer from the East line of Force street to its terminus in lot No 11 Lakeside Park Addition in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Improvement Resolution No 123.

Imp Res. No 123. Resolved by the Board of Public Works of the City of Fort Wayne Ind. that it is deemed necessary to improve the alley in the rear of lots Nos 1, 2, and 3 Baptist Church Subdivision of lot 112 Original Plat from Clinton street to a point 60 feet west of Clinton street, by grading and paving with paving brick in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Notice to P.O. Moved that notice to property owners of Local Sewer Improvement Resolutions Nos. 47 and 48 and Improvement Resolution No 123 be published in the Fort Wayne Journal on the 9th and 16th days of October 1897, and that the 21st day of October 1897 be fixed a date when the Board at 7 30 o'clock P.M. will hear or receive objections or remonstrances against either of aforementioned Improvement Resolutions.

Adopted.

Court House tunnel interfers with sewer connections. In the construction of the court house tunnel on the east side of Calhoun street it having become evident that the tunnel will interfere with the sewer connections from the East between Main and Columbia street Emptying into the brick sewer on the west side of Calhoun street, the Board of Commissioners of Allen County appeared before the Board of Public Works and asked

Petition for sewer that permission be given them to locate a 12 inch clay pipe sewer along the East side of Calhoun street from the north line of Main street to Columbia street and a 15 inch vitrified clay pipe sewer on Columbia street from the 12 inch sewer to the brick sewer on the west side of Calhoun street, and to drain all sewer connections on the East side of Calhoun street between Main and Columbia street into this sewer as marked on Plans and specifications for the proposed sewer were submitted to the Board of Public Works also a copy of the agreement made between the Board of Commissioners of Allen County and Anton Rieg, Contractor, for the construction of the sewer. The Board of Public Works after examining into the plans,

Plans approved specifications and the contract between the Commissioners of Allen County and Anton Rieg approved them, (a duplicate copy of them is filed in the office of the Board) and issued the following permit to Anton Rieg.

Permit granted. A permit is hereby granted to Anton Rieg of Ft Wayne Ind., to open up Calhoun street from the south East corner of Calhoun street and Main street north to the south East corner of Calhoun and Columbia streets, for the purpose of putting down a crock sewer upon the following conditions:

First. That said work is to be done according to plans on

specifications on file in the office of the Board of Public Works of this City.

Second. That all placements and displacements, connections and disconnections of water pipes, drainage and sewer pipes, are to be done to the satisfaction of the City Civil Engineer.

Third. That said Anton Rieg, if his work interferes with or comes in contact with the property of any person, company, or corporation, must first obtain the consent of said parties.

That when said work is completed and accepted by said City the said Anton Rieg is to place the said street in as good condition as it was before interferred with, and if any blocks are destroyed or made worthless by said work, the same is to be replaced by new ones. The said Anton Rieg is to furnish the City with a bond in the sum of $7000. indemnifying the City from any loss incurred by said City in consequence of or growing out of the construction of said sewer. That he will put up barricades and red lights and in all things save the City harmless.

Bond approved

(Contractor Anton Rieg thereupon) submitted the following bond:

Know all men by these presents that we Anton Rieg as principal and R.L. Romy and L.J. Bobilya of Allen County and State of Indiana as sureties are held and firmly bound to the City of Fort Wayne, Ind. in the sum of $7000.- for the payment of which well and truly to be made we jointly and severally bind ourselves, heirs, executors, administrators and assigns firmly by these presents.

The conditions of the above obligation are such that whereas the said Anton Rieg has been granted a permit by the said City to open up the East side of Calhoun street from the Northeast Corner of Calhoun and Columbia for the purpose of putting in a crock sewer according to the plans on file in the office of the Board of Public Works of the City of Fort Wayne and upon the conditions set out in the permit granted (a copy of which is here filed and made a part of this bond.

Now if the said Anton Rieg shall fulfill all the conditions and stipulations set out in said permit according to the true intent and meaning thereof, then this obligation to be void, otherwise to remain in full force and effect.

Witness our hands and seals this 1st day of October, 1897.

On motion the Bond was approved | Signed Anton Rieg.

Bond to relay sidewalks

The bond of Anselm Krock to raise and relay the sidewalks abutting on lot 10 Block 26 Ewings Add. was approved.

Communication from Council

A communication from the Common Council referring several petitions for street lights to the Board of Public Works read as follows:

The Common Council of the City of Fort Wayne at their meeting held Tuesday Evening Oct 12th 1897 concurred in the following report of the Street Light Committee:

Street light petitions

Your Committee on street lights to whom was referred the seven petitions for the erection of street lights, viz: One on the corner of Union street and the Pennsylvania Railroad, also one on the corner of Chicago and McCullum streets, respectfully report that as our present City Charter provides that the Board of Public Works shall have charge of all matters pertaining to the lighting of streets, the Common Council having no jurisdiction in the matter, we therefore recommend that said petitions be referred to the Board of Public Works for such action as they deem best.

The communication was received and placed on file together with the petitions.

BOARD OF PUBLIC WORKS

Office Board of Public Works.
Ft Wayne, Ind., Oct 20th, 1897.
Special meeting held at 4 o'clock P.M.
Present: Peter Eggeman, P. H. Kane, and J. K. McCracken

Fire Engine House in Nebraska Add.

The special meeting was called for the purpose of further considering the purchase of a lot in "Nebraska" for fire engine house purposes. Among a number of lots offered to the Board, lot No 33 Nelson's Addition having a frontage on west Main street of 45 feet was deemed the most desirable considering its location, size, price, sewerage &c. Conrad Bayer, the owner of the lot, asked $775.00 for the lot, all taxes, street and sewer assessments being paid in full.
The City Attorney having examined the abstract reported everything regular and free from any incumbrances, except one mortgage securing the payment of one note for $600.00 with interest at the rate of 6% annually to Louis Stemp, also taxes for 1896, second instalment amounting to $3.38, and a sidewalk assessment of $4.72.
Mr Bayer agreed to pay the taxes for 1896 in full, also the sidewalk assessment, and asked the City to assume the payment of the mortgage of $600.00 together with $3.60 interest due thereon up to date.
The Board decided to accept this proposition and ordered the Clerk to draw a voucher for $775.00, less $603.60, the amount of the mortgage with interest due thereon, in favor of Mr. Conrad Bayer, and deliver it to him upon the surrender of the proper warranty deed duely recorded.

The Board then on motion adjourned.

The following communication from the mayor was read:

Fort Wayne, Ind., October 22nd, 1897.

To the Board of Public Works;

Gentlemen, -

As the time for paving Calhoun street with some superior material is near at hand and in order that the paving may be done thoroughly and lastingly, I ask the Board to see to it in due time that all obstructions are removed, and for that purpose I wish you would notify all Telegraph and Telephone Companies who now have poles erected along said street, to have the same removed, and the wires placed underground as it is done in other cities. The privilege for doing so will be readily granted by the Common Council.

Poles and wires on Calhoun street.

Respectfully Yours,

Henry P. Scherer

Mayor.

On motion the communication was placed on file and it was decided to notify the Western Union Telegraph Co., The Fort Wayne Postal Telegraph Co., The Central Union Telephone Company, Jennes Electric Light and Power Company, and any other companies, corporations or persons, who may be occupying any portion of Calhoun street with poles or wires between the Nickel Ry and the P.F.W. & C. Ry to remove the same by or before the first day of April 1898.

Notice to owners of poles and wires on Calhoun st.

The City Civil Engineer was instructed to prepare plans and specifications for the paving of Calhoun street from Superior street to P.F.W. & C. Ry, and from Wallace street to the north line of Creighton Avenue.

Plans ordered

The following bids were received for piping and connecting the new greenhouse with hot water heating apparatus: Searey Htg. Co $207.00. Robt. Spice $136.85. Emmett Martin $134.00. H.J. Franke $130.00. M.J. Noll $139.00. On motion the contract was awarded to H.J. Franke.

Bids opened for pipes in greenhouse.

Appropriation Transfer. The clerk was instructed to ask the comptroller to transfer $175.00 from sewer account to Public Building and Grounds account in order to enable the Board to make a partial payment on lot No 33 Nelson's Addition bought for an Engine house site.

Eng. House site

The Board then on motion adjourned.

Attest. Wm Schmidt. CLERK.

Petition to construct a plank walk

The petition of Frank Peipel and others asking for permission to construct under private contract a plank walk across Madison street at the first alley west of Hanna street was granted providing there be no expense to the City.

Declaratory Resolution No 37.

Dec. Res. No 37 adopted.

For the opening of an alley along the East line of Lot No 2 McCulloch's Subdivision of the north part of Hanna's outlots Nos 15 and 16 from High street to the first alley south of High

Resolved by the Board of Public Works of the City of Fort Wayne, Ind. that it is deemed necessary to open an alley along the East line of Lot No 2 McCulloch's Subdivision of the north part of Hanna's Outlots Nos 15 and 16 from High street to the first alley south of High street. Said alley shall have a uniform width of 11 feet. Said alley to be made by condemning the East 11 feet of Lot No 2 McCulloch's Subdivision of the north part of Hanna's Outlots Nos 15 & 16.

The property which may be injuriously or beneficially affected by the opening of said alley above described is described as Lots 1 and 2 McCulloch's Subdivision of the north part of Hanna's Outlots Nos 15 & 16. All as shown on the plans of such proposed opening of said alley above described now on file in the office of the Board of Public Works of said City.

All of said alley and lots affected by the opening of said alley being situated in the City of Fort Wayne, County of Allen, and State of Indiana.

The cost of said opening of said alley and all expenses connected therewith to be assessed against any and all property beneficially affected thereby.

Adopted this 8th day of November 1897.

Ordered, Res No 3, Moved that notice of Declaratory Resolution No 37 be published in the Fort Wayne Journal on the 9th and 16th days of November 1897 and that the 18th day of November 1897 be fixed a date when the Board at 7:30 o'clock P.M. will hear or receive objections or remonstrances against aforementioned Declaratory Resolution.

Contract approved for printing annual reports.

The contract and bond of the Aldine Printing House for the printing and binding of the annual reports of the various city departments for the year 1897 were on motion approved.

Confirmed L.S. Imp. Res. No 46.

Local Sewer Improvement Resolution No 46 having been adopted by the Board on the 27th day of September 1897 and set for hearing on the 7th day of October 1897, the 21st day of October 1897, and the first Tuesday in March 1898, this being the 3d of March, the Board now proceeded to further hear any objections or remonstrances that might be offered against the proposed construction of the sewer. There appearing no objections or remonstrances whatever the Board now on motion confirmed Local Sewer Improvement Resolution No 46 as adopted on the 27th day of September 1897.

Notice to Contractor

Moved that notice to contractors of the work to be done under Local Sewer Improvement Resolution No 46 be published in the Fort Wayne Journal on the 5th and 12th days of March 1898, and that the 17th day of March 1898 be fixed a date when the Board at 7:30 o'clock P.M. will hear or receive and open sealed proposals for the construction of aforesaid public sewer.

Adopted.

Plans approved

The City Civil Engineer submitted plans and specifications for the extending and opening of Fourth street from the East line of North Calhoun street to the west line of North Clinton street. On motion the plans were approved.

Notice to fix up street.

The clerk was instructed to notify contractor D. B. Empie who had built the main sewer on Seventh street that he must fill in on both sides of the ditches and put all streets into as good a condition as they were before putting the sewer down.

Notice to clean off and repair sidewalks

The clerk was instructed to notify Chas. N. Brunstrator the owner of Lot No 264 Lakeside Park Addition to clean off and repair the sidewalks abutting on aforesaid lots within 10 days. If this be not done within the specified time the Board would take legal steps against him.

Declaratory Resolution No 38. 1898.
"Opening and extending of Fourth street."

Dec Res No 38 adopted.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to extend

and open Fourth street in the City of Fort Wayne, Allen County and State of Indiana, from the East property line of North Calhoun street to the West property line of North Clinton street. Said Extension and opening to have a width of 50 feet to be made by condemning and appropriating for street purposes a strip of land described as follows to-wit:

Commencing at a point on the East line of North Calhoun street 50 feet East of the northeast corner of Lot No. 142 Northside Addition to the City of Fort Wayne, Allen County, Indiana, thence East on the south line of Fourth street as laid out in the said Northside Addition produced East, to the west line of north Clinton street, thence north 50 feet on the west line of Clinton street, thence west parallel with the south line of said Fourth street as above described to the East line of north Calhoun street, thence south on the East line of Calhoun street 59 feet to the place of beginning.

The above described tract of land being a part of Lot No. 6 Wells Reserve, situated in Township 30, North Range 12 East of the second Principal Meridian of Indiana.

All as shown by the plan of such proposed extension and opening of Fourth street above described now on file in the office of the Board of Public Works of said city. The property which may be injuriously or beneficially affected by the extending and opening of Fourth street as above described is described as all parcels and lots of land not occupied by streets or alleys lying West of the East line of City Park Addition north of the St Marys river, East of St Marys Avenue and south of Archer Avenue and the north line of the land known as the Catholic Orphans Asylum Ground. Also all lands including the right of way of the Fort Wayne, Jackson and Saginaw Railroad Company, the Fort Wayne and Jackson Railroad Company, and the Lake Shore and Michigan Southern Railroad Company lying west of Clinton street, north of St Marys river East of Calhoun street and south of the Canal Feeder. All of said street and lots and parcels of land being located in the City of Fort Wayne, Allen County, Indiana.

Adopted.

Notice &c To Moved that notice of Declaratory Resolution No. 38 be published in the Fort Wayne Journal on the 8th and 15th days of March 1898, and that the 24th day of March 1898 be fixed a date when at 7:30 o'clock P.M. the Board will hear or receive objections or remonstrances from persons interested in or affected by the proposed opening of Fourth street in accordance with Declaratory Resolution No 38. adopted

Plans ordered. The City Civil Engineer was instructed to prepare plans and specifications for paving the alley between Wayne and Washington streets from Calhoun street to Harrison street.

Petition to construct sidewalk. The petition of J.C. Brown and R.L. Rowe asking for permission to construct under private contract a brick sidewalk on the east side of Watkins street from Main street to a point 370 feet south of Main street was granted upon the condition that they file a proper bond.

Remonstrance against paving Calhoun st. The remonstrance of H. Dewald and 19 others against the paving of Calhoun street from Wallace street to Dewald street was received and placed on file.

Plan approved The City Civil Engineer submitted a plat for the widening of Creighton Ave at the intersection of New Hoagland Ave. which was on motion approved

Declaratory Resolution No 43.

Adopted Dec. Res. Book Resolved by the Board of Public Works of the City of Fort Wayne Indiana that it is desired and deemed necessary to widen Creighton Avenue in the City of Fort Wayne Allen County and State of Indiana, at the intersection of Creighton Avenue and Hoagland Avenue to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: Commencing at the southeast corner of lot No 15 Tyler Addition to the City of Fort Wayne, thence west on the north line of Creighton Ave to the southwest corner of lot No 16 Tyler Addition, thence in a northwesterly direction to the intersection of the west line of Hoagland Avenue at a point 12 feet north of the southeast corner of said lot No 15 thence south 12 feet to the place of beginning. Also a piece of ground commencing at the northwest corner of lot No 2. Block 3 Williams Park Addition to the City of Fort Wayne, Indiana, thence east following the south line of Creighton Avenue to the northwest corner of lot No 21 Block 3 of said Williams Park Addition, thence in a southwesterly direction to the intersection of the east line of Hoagland Avenue at a point 12 feet south of the northwest corner of said lot 22 thence north 12 feet to the place of beginning.

The property which may be injuriously or beneficially effected by the widening of said street as above described is described as all lots or parcels of land abutting on Creighton Avenue from Calhoun street to Fairfield Avenue. All as shown on the plan of such proposed widening of said Avenue as above described now on file in the office of the Board of Public Works. All of said street and lots affected by said widening being situated in the City of Fort Wayne, Allen County, State of Indiana.

Adopted.

Notice to P.O.

Moved that notice to property owners of Declaratory Resolution No 43 be published in the Fort Wayne Journal on the 9th and 16th days of April 1898, and that the 25th day of April 1898 be fixed a date when the Board at 3 o'clock P.M. will hear or receive objections or remonstrances against aforementioned Declaratory Resolution No 43

Adopted.

Confirmed Dec. Res. No. 39.

This the 7th day of April 1898 having been previously fixed a date when the Board would hear or receive objections or remonstrances if any against Declaratory Resolution No 39 which provides for the vacation of the alley between lots 15 and 29 Electric Light Addition from Dollard Ave to Lathrop street, and there appearing no objections or remonstrances whatever be it resolved that we the said Board of Public Works do hereby confirm Declaratory Resolution No 39 as in the original.

Adopted.

Additions and changes in street paving specifications Stand. Trinidad Asphalt.

On motion the Clerk was instructed to make the following additions and changes in the specifications governing the paving of our streets: That the use of the "Standard Trinidad Asphalt" be admitted to be used in the construction of sheet asphalt pavements over streets.

Guaranty.

That the contractor will be required without additional compensation to make good any settlement of the pavement or any derangement of the alignment and grades of the curbing and crossings which may have occurred within ten years after the approval of the final estimate. The pavement shall not be reduced more than one fourth (1/4) inch from the original thickness at the end of the first five years nor more than one half (1/2) inch from the original thickness at the end of the first ten years. Should it be found necessary to replace 40 per cent or more of any section of the street with new material, the entire section shall be resurfaced.

Bond.

The contractor will execute a bond satisfactory to said Board of Public Works that the contractor will warrant and guarantee the pavement laid under this contract to be in the above condition at the expiration of 10 years.

Bond.

The contractor will be required to execute a bond satisfactory to said Board of Public Works conditioned that said work performed under this contract will be in accordance with plans and specifications

also that said Contractor will warrant and guarantee the pavement laid will conform to and be in the condition provided for in the specifications at the expiration of five and ten years, all of which is to be done by said contractor without extra compensation or cost to the city or property owners.)

Addition to Calhoun street specifications

The clerk was instructed to make the following insertion in the specifications covering the paving of Calhoun street from Superior street to the tracks of the Pittsburgh, Fort Wayne, and Chicago Railroad under Improvement Resolutions Nos 124, 125, 126, and 127: Where the nature of the work requires it existing catchbasins shall be removed, and at the direction of the City Engineer shall be reset in a new location to conform with the grade of the street. When necessary such catchbasins shall be refitted with new covers or inlets, existing manholes suitable for the new work shall be raised, lowered or rebuilt, to conform with the new grade.

Change Columbia street specifications

The clerk was instructed to change the specifications for the paving of Columbia street from Calhoun street to Harrison street under Imp. Resolution No 128 so as to require a foundation of 5 inches of broken stone well rolled instead of a foundation of 5 inches of concrete.

Confirmed Imp. Res. No 124.

This the 1st day of April having been previously fixed a date when the Board would receive, hear, and consider objections and remonstrances against paving Calhoun street with sheet asphalt from Superior street to the north line of Main street in accordance with Improvement Resolution No 124,

Imp. Res. No 125

Also against the paving of Calhoun street from the north line of Main street to the south line of Main street with asphalt block in accordance with Improvement Resolution No 125

Imp. Res. No 126

also against the paving of Calhoun street with sheet asphalt from the south line of Main street to the north line of Lewis street in accordance with Improvement Resolution No 126,

Imp. Res. No 127.

also against the paving of Calhoun street with sheet asphalt from the north line of Lewis street to the north track of the Pittsburgh Fort Wayne and Chicago Railroad in accordance with Improvement Resolution No 127,

Imp. Res. No 128.

also against the paving of Columbia street from Calhoun street to Harrison street with asphalt block in accordance with Improvement Res. No 128,

Imp. Res. No 129

also against the paving of Creighton Ave. with sheet asphalt from Calhoun street to Lafayette street in accordance with Improvement Resolution No 129,

Imp. Res. No 130

also against the paving of Lutheran field street from Harrison street to Lafayette street with sheet asphalt in accordance with Improvement Resolution No 130,

Impr. Res. No 131 also against the paving of Woodland Ave with sheet asphalt from Hoagland Ave to Lafayette street in accordance with Improvement Resolution No 131,

Impr. Res. No 132. also against the paving of Hoagland Ave with sheet asphalt from Dewald street to Leith street in accordance with Improvement Resolution No 132,

Impr. Res No 133. also against the paving of Harrison street from Dewald street to Woodland Ave with sheet asphalt in accordance with Impr. Resolution No 133,

and there appearing no objections or remonstrances against either of aforementioned Improvement Resolutions Be it therefor resolved that we the Board of Public Works do hereby confirm Improvement Resolutions Nos 124, 125, 126, 127, 128, 129, 130, 131, 132, and 133 as in the original. Adopted.

Notice to Contractors. Moved that notice to contractors of the public work to be done under Impr. Resolutions Nos 124, 125, 126, 127, 128, 129, 130, 131, 132, and 133 be published in the Ft Wayne Daily Journal on the 9th and 16th days of April 1898 and that the 25th day of April 1898 be fixed a date when at 30 clok P. M. the Board will receive and open sealed proposals for the construction of any of aforementioned works. Adopted.

Certified check with bids. Moved that a certified check in the sum of $500.00 be required to accompany each bid submitted for the work to be done under Improvement Resolutions Nos 124, 125, 126, 127, 128, 129, 130, 131, 132, and 133 as an Evidence of good faith that the successful bidder will execute a contract and bond satisfactory to the Board within five days after the award has been made. A failure to enter into said contract and bond to will forfeit said check and the money payable thereon to the City of Fort Wayne Ind. Adopted.

Permit to construct cement walk. Permission was granted to Max B. Fisher to construct a cement sidewalk abutting on lots 7 & 8 Block 17 Ewings Addition providing he furnishes a proper bo

Low bids for building Two Engine Houses. In regard to the proposals received and opened at the meeting held April 11th for the construction of Engine Houses Nos 7 and 8, the Board found that the bids of Wm Moorehead and Sons to construct house No 7 for the sum of $5150.00 and house No 8 for the sum of $5220.00 were the lowest and best bids, but owing to the fact that only $10,000.00 had been appropriated by the

Common Council for the construction of the two houses in question and as the two bids together with the charges of the architect for preparing the plans, specifications and drawings overran the appropriation made to the amount of $681.00 the clerk was instructed to ask the Councilholder for an additional appropriation of $681.00 before the contracts could be closed under the present bids.

Appropriation for two Eng. Houses.

The Board then on motion adjourned.

Attest C. H. Schmidt.

BOARD OF PUBLIC WORKS

Attest Allen Schmidt.
CLERK.

Office Board of Public Works.
Fort Wayne, Indiana, April 21st 1898.
Regular meeting held at 7 30 o'clock P. M.
Present: Peter Eggemann, P. H. Kane, and J. K. Mc Cracken.

Bond conditioned Pathhouse street. The bond of the Fort Wayne Electric Light and Power Company for the construction and maintenance of a system of underground conduits and cables in Calhoun street from Superior street to the Pittsburgh Fort Wayne and Chicago Railroad was approved and a permit granted to aforesaid Company to construct such conduits.

Confirmed Dec. Res. No 40. Fri the 21st day of April 1893 having been previously fixed a date when the Board would hear and consider objections or remonstrances against Declaratory Resolution No 40 which provides for the vacation of the alley between lots 42 and 43 Original Plat from Columbia street to Dock street, —

Dec Res. No. 41. also against Declaratory Resolution No 41 which provides for the vacation of the alley on the west side of lot No 29 Huffmans Addition from Huffmann street to the first alley north, —

Dec. Res. No 42 also against Declaratory Resolution No 42 which provides for the vacation of the alley on the north side of Everards Subdivision also the first alley west of Barthold street from Fourth street to the first alley north, — And there appearing no objections or remonstrances against either of aforementioned Declaratory Resolutions, it is therefore ordered that we the Board of Public Works do confirm aforesaid Declaratory Resolutions Nos 40, 41, and 42 as in the original.

Adopted.

Petition to construct walk The petition of Charles Pfeifer for permission to construct under private contract a brick sidewalk abutting on lots 33, 34, 35, 36, 46, 47, and 48 Pfeifers Addition was granted and the bond of George Wilhelm to do aforesaid work was approved.

Petition to grade Andrew street. Plans ordered

The petition of K. J. Bauer to have Andrew street graded from Fourth street to Huffmans street was received and the City Civil Engineer instructed to prepare plans and specifications.

Plans approved.

The City Civil Engineer submitted plans and specifications for the construction of a vitrified clay pipe sewer in and along Barthold street, Fourth street, and Andrew street from Third street to the alley south of Archer Avenue; also for the grading of Andrew street from Fourth street to Huffmans street, and after due consideration they were on motion approved.

Adopted Imp. Res. No 140

Improvement Resolution No 140.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana that it is deemed necessary to improve Andrew street, from Fourth street to Huffmans street by grading the roadway to a width of 26 feet and grading the sidewalks to a width of 12 feet in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Main Sewer Imp Res. No 4.

Main Sewer Improvement Resolution No 4.

Resolved by the Board of Public Works of the City of Fort Wayne, and State of Indiana, that the construction of a Main Sewer intended and adapted not only for use of abutting property owners along the line of such sewer but also intended and adapted for receiving sewage from collateral drains, is and the same is hereby ordered in and along Barthold street Fourth street and Andrew street. Said sewer to be a 24 inch sewer on Barthold street from the brick sewer on Third street to Fourth street, also a 20 inch sewer on Fourth street from Barthold street to Andrew street also a 20 inch sewer on Andrew street from Fourth street to Spring street also an 18 inch sewer on Andrew street from Spring street to Autumn street also a 15 inch sewer on Andrew street from Autumn street to the first alley south of Archer Avenue. All of which is more particularly set forth in the plans and specifications on file in the office of the Board of Public Works, and all of said work and material of every kind is to be in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City and which are made a part hereof.

Adopted.

Notice to P.O.

Moved that notice of Improvement Resolution No 140 and Main Sewer Improvement Resolution No 4 be published in the Fort Wayne Journal on the 23d and 30th days of April 1895, and that the

9th day of May 1898 be fixed a date, when the Board at 3.00 o'clock P.M. will hear, & receive objections or remonstrances against either of aforementioned improvement resolutions. Adopted.

The Board then on motion adjourned.

With Parkhurst Combined curb and gutter per lineal ft $5.63.

Recess. On motion the Board now took a recess until 10 o'clock A.M. April 22nd 1898, for the purpose of considering the bids received. Adopted.

Reassembled The Board reassembled at 10 o'clock A.M. Tuesday April 26th 1898, there being present Pete. Eggemann, T. H. Rand, and J.K. McCracken.

Contracts awarded. The Board having given each and every bid made on the various street improvements contemplated a careful and thorough consideration, in connection with the City Civil Engineer and the City Attorney came to the following conclusions: That the Alcatraz Construction Company of New York by its Western Manager and attorney in fact Otto E.C. Zuelich had submitted the lowest and best bids on the work to be done under the following Improvement Resolutions: Nos 124, 125, 126, 127, 129, 130, 131, 132, and 133, and it was therefor resolved that the contract for the work to be done under Improvement Resolutions Nos 124, 125, 126, and 127 be awarded to the Alcatraz Construction Company.

Imp. Res. Nos. 124, 125, 126, 127, The contract for the work to be done under Improvement Resolution No 128 was awarded to A.E. Merleino and Co. they being the only bidders.

No 128

No 129. The contract for the work to be done under Improvement Resolution No 129 was awarded to the Decatur Construction Company their bid to do the work for $4.47 per lineal foot using Berea sand stone curbing being the lowest and best.

No 130. The contract for the work to be done under Improvement Resolution No 130 was awarded to the Alcatraz Construction Company their bid to do the work for $5.42 per lineal foot using Berea sand stone curbing being the lowest & best.

No 131. The contract for the work to be done under Improvement Resolution No 131 was awarded to the Alcatraz Construction Company, their bid to do the work for $4.75 per lineal foot using Berea sand stone curbing being the lowest and best.

No 132. The contract for the work to be done under Improvement Resolution No 132 was awarded to the Alcatraz Construction Company their bid to do the work for $5.80 per lineal foot using Berea sand stone curbing being the lowest and best.

No 133. The contract for the work to be done under Improvement Resolution No 133 was awarded to the Alcatraz Construction Company, their bid to do the work for $6.60 per lineal foot using Berea sand stone curbing being the lowest and best.

Guaranty Bond

It was on motion resolved that the contractors to whom awards had been made be required to furnish, in addition to the contract and bond, a bond guaranteeing to make good any settlement of the pavement or any derangement of the alignment and grades of the curbing and crossings which may occur at any time within ten years from the date of the final estimate and acceptance of the said work, and likewise warranting and guaranteeing that the material used in said work and the work itself shall be such that said street will be in as good condition at the expiration of ten years from the date of the final estimate as when accepted by the Board except as to natural wear which is not to exceed one fourth of an inch in five years nor more than one half of an inch in ten years from its original thickness, and should it be found necessary to replace 40 percent or more of any section of the street with new material at any time during the ten years under this guarantee, the entire section is then to be resurfaced. In case any street becomes out of repair in consequence of any of the conditions set forth in the guarantee, the contractor will upon notice from the City of Fort Wayne make such repairs and in case of failure so to do within ten days from service of said notice, the City shall have the right to purchase any material it may deem necessary, and employ

such people as it may deem necessary and proper to undertake and complete
Guaranty Bond. such repairs, collecting the cost thereof from the contractor and the sureties on the contract and bond jointly and severally.

It was further resolved, that these bonds be given to the city by some Surety Company of good standing and acceptable to the Board of Public Works, and that the amount of each of the various bonds be required to be as follows:

On the work covered by Improvement Resolution No	124.	$2,500.00
" " " " " "	125.	$400.00
" " " " " "	126.	$7,500.00
" " " " " "	127.	$4,600.00
" " " " " "	128.	$1,500.00
" " " " " "	129.	$3,000.00
" " " " " "	130.	$4,000.00
" " " " " "	131.	$5500.00
" " " " " "	132.	$5000.00
" " " " " "	133.	$4,000.00

Adopted.

Communication from City Attorney.

The following communication was received from City Attorney W. W. Thaubaugh:

Fort Wayne, Ind., May 26th, 1898.

To the Board of Public Works, Fort Wayne, Indiana.

Gentlemen, -

Contracts Examined

I have examined the contracts made for the improvements ordered by resolution Nos. 124, 125, 126, 127, 129, 130, 131, 132, and 133, as adopted by the Board of Public Works, and also the bonds given by the Alcatraz Construction Company for the faithful performance of said contracts. And I give it as my opinion, that the proceedings in all respects, have been regular. That the contracts are legal and that the bonds given are so drawn as to protect the City upon the failure of said Company to perform all the conditions of the respective contracts.

Respectfully Yours

W. W. Thaubaugh.

On motion the communication was ordered filed with the contracts and bonds referred to.

Contract for street lights. In view of the fact that the present contract with the Jenney Electric Light and Power Company for lighting the streets of the City Expires during the month of July 1899 and in order to arrange in time for lighting the City properly thereafter, the Board had held several conferences with R. T. McDonald President of the Jenney Electric Light and Power Co. While the Board sought to obtain a price lower than $100.00 per lamp per annum, Mr McDonald at first fixed the price at $110.00 per lamp but later low reduced it to $100.00 per lamp. This being the best price the Board could obtain from the Jenney people, a contract was drawn up and signed by both parties, and sent to the Common Council for approval accompanied by the following letter:

To the Honorable Mayor and Common Council:

Gentlemen, - At the request of your Honorable Body we herewith submit to you a contract with the Jenney Electric Light and Power Co. for your approval.

We had several meetings with Mr McDonald, President of the Company and the lowest price obtainable from time has been $100.00 per light net per year for 2000 candle power lights to burn Philadelphia schedule time, and at other times when ordered by the proper authorities. This price is $20.00 less per light per annum than under the present contract. In addition to this the Company agrees to furnish ten arc lights of equal power, to Public Parks free of charge. The Company pays to this City $2200.00 per year pole tax, or about $8.50 per light, and donates ten free lights at about $800.00 per year making a total of $3000.00 per year or $11.50 per light.

Taking this city on an equal basis with other cities at $100.00 per year and deducting the $11.50 paid by the Company in pole taxes and free lights, the city will under the contract submitted to you tonight pay $88.50 per light, a price which

Contract for street light.

considers fair and reasonable under all existing circumstances.

Very respectfully

Board of Public Works

Contract.

This agreement made and entered into this the 8th day of August 1898, by and between the "Jenney Electric Light and Power Company" of the county of Allen and State of Indiana, party of the first part, and the City of Fort Wayne county of Allen and State of Indiana, by and through its Board of Public Works, party of the second part, under and by virtue of an act of the General Assembly of the State of Indiana, entitled "An act concerning the incorporation and government of cities having more than thirty five thousand and less than forty nine thousand population according to the last preceding census of the United States, and matters connected therewith and declaring an emergency, approved March 3d. 1893," is to show that said parties have agreed as follows:

I. The party of the first part agrees and binds itself to furnish said city for the lighting of the streets and alleys of said city for and during the term hereinafter stated the 268 Electric Arc Lamps now in use and any additional number of Electric arc lamps of the usual standard, 2000 candle power, which shall be directed from time to time by said city or its authorized officers and to keep the same lighted according to the "Philadelphia Schedule" of time for lighting and at all other times at night when the moon is obscured and the lights are directed to be lighted by the Mayor of said city or the Board of Public Works. If any of the lamps do not burn during the time aforesaid said city is to have a pro rata credit on the amount due said first party at the end of the month; and it is agreed that the police of said city are to report monthly all the lamps not burning on their routes or beats and the time said lamps are out, and the proportionate credit aforesaid is to be given according to the report of said police, which is to be taken conclusive. Said party of the first part shall cause to be lighted as soon as possible all lamps not burning and for failure so to do after notice from any officer of said city it shall forfeit and pay as a penalty to said city a sum equal to the sum it would be entitled to had such lights been burning.

II. Said party of the first part agrees to maintain the Star Iron Towers and all other towers now in use by it in said city for public lighting with not less than the number of lights now used on each of them, and agrees further to erect new Star Iron Towers at such times and places as said Board,

Contract for street lights.

Public Works may direct without any further charge or expense to said city, provided not less than five lights be used on each tower; and agrees further to use, and when necessary, erect for use, first class permanent iron fixtures or wires suspended across the streets so as to hang lamps in the centre of the street when directed by said city or its Board of Public Works so to do. and further that it will keep all of said lamps clean and in good repair and furnish free of charge or expense to said city all necessary material, such as globes, carbons and other appliances, and furnish to said city on or before the 5th day of each month a bill of amount due for light furnished during the preceding calendar month.

III. Said party of the second part agrees to pay said party of the first part in consideration of said lighting and the other stipulations and agreements in this agreement contained to be performed by it One Hundred and Twenty Dollars per annum for each Electric lamp furnished and operated by it; provided however that said price shall be subject to a reduction or rebate at the rate of twenty dollars ($20.00) per annum upon each lamp whenever payment shall be made by the city for all light furnished during the calendar month before the end of the following month.

IV. This contract shall take effect July 1st, 1899 and continue in force for five years from that date. The lamps now in use in the lighting of said city shall be continued in respect to number and location until changes shall be ordered by the proper officials of said city. Additional lamps ordered by said city between July 1st, 1898 and January 1st 1899 for permanent use will be furnished and kept lighted until January 1st, 1899 without charge.

V. Said party of the first part agrees further to furnish and operate during the continuance of this contract 10 lamps in the parks of said city at locations to be designated by the Board of Public Works without cost or charge to said city.

VI. Said party of the first part agrees to obligate itself, its successors and assigns to comply with all the conditions and provisions of this contract, and that it will forever indemnify and save harmless said city of Fort Wayne from all costs, expenses and damages suffered or incurred by it and all judgments and de-

rendered against it by reason of or growing out of or resulting from the execution of this contract, or any matter or thing connected therewith, or by the provisions of any of the conditions of this contract by said company its successors or assigns, or from any act of said company, its successors and assigns, their servants or agents in carrying out the conditions of this contract or any failure to comply with the provisions thereof; and to that end said company its successors and assigns agrees to execute to said city and thereafter keep a good bond in the penal sum of Ten Thousand Dollars ($10,000.00.) with surety to be approved by the Mayor and be filed with the Department of Finance and conditioned that said company its successors and assigns will so protect and save harmless said city and comply with all the conditions and provisions of this contract.

VII. Said city agrees to pass such ordinances from time to time as may be necessary to protect said company in the full and undisturbed performance of all its rights under this contract after proper notice by said company to the Mayor of said city.

In testimony whereof said Jenney Electric Light and Power Company has caused its seal to be attached hereto and these presents executed by its Vice President and attested by its Secretary, and said city of Fort Wayne has caused these presents to be executed on its part by its Board of Public Works, done at Fort Wayne, Indiana, in duplicate the day and year first above written.

Henry B. Morning
City Clerk.

On motion the communication was received and placed on file and the following notice sent to the Jenney Electric Light and Power Company: Fort Wayne, Indiana, August 10th 1898.

Notice to Jenney Electric Light Co.

Mr. R. D. McDonald Pres. Jenney Electric Light & Power Co.
Dear Sir. We herewith attach a copy of the communication received from City Clerk Henry B. Morning notifying us of the action taken by the common council on the contract for lighting the city submitted to them. The resolution itself is self explanatory and it will therefor not be necessary for us to offer any further explanations. Inasmuch as the council requests us to report to them again on this question at their next meeting to be held August 22nd we would like to know as soon as possible if you are willing to make the concessions asked for in the resolution of the council, and if not what concessions you are willing to make. By giving this information as soon as possible you will greatly oblige

The Board then adjourned. Board of Public Works.

Present: Peter Eggemann, P. H. Kane, and J. K. McCracken

Petition for sewer. The petition of M. Dennis for the construction of a vitrified clay pipe sewer in the first alley south of Putnam street from Sherman street to Andrew street was received and the city

Plans ordered. civil engineer instructed to prepare plans and specifications.

Permit, sidewalk. Permission was granted to K. J. Bauer, ~~Gottlieb~~ and Bishop Maria Zellar to construct under private contract a brick sidewalk on the east side of Andrew street in front of their respective properties providing they furnish a proper bond

Objection to pavement on Creighton Ave. An objection against the newly laid asphalt pavement on East Creighton Ave., Lutkenfield street, and Woodland Ave., signed by A. J. Thompson and 24 others was received and placed on file.

Confirmed Dec. Res No. 45. This the 11th day of August 1898 having been previously fixed a date when the Board would hear and consider objections or remonstrances against Declaratory Resolution No 45, which provides for the vacation of the alley between Lots Nos 82 and 83 Hanna's Addition from Washington street to the first alley south, -

Imp. Res. No 150. also against Improvement Resolution No 150 which provides for the construction of brick sidewalks on the East side of Keusch street from Huffman street to the north line of Lot No 66 Beck's Second Addition, -

Imp. Res. No. 151 also against Improvement Resolution No 151, which provides for the construction of brick sidewalks on the south side of Wayne street from Walton Avenue to Glasgow Avenue exempting all walks now laid to proper line and grade, - and there appearing no objections or remonstrances against either of aforementioned be it therefor resolved, that we the Board of Public Works do hereby confirm Declaratory Resolution No 45, and Improvement Resolutions Nos 150 & 151, be ~~approved~~ confirmed as in the original. Adopted.

Notice to contr. Moved that notice to contractors of the work to be done under Improvement Resolutions Nos 150 and 151 be published in the Fort Wayne Daily Journal on the 13th and 20th days of August 1898, and that the 25th day of August 1898 be fixed a date when the Board at 7:30 o'clock P.M. will receive and open sealed proposals for the work to be done under Improvement Resolutions Nos 150 and 151. Adopted.

Postponed Imp. Res. No. 149.

This the 11th day of August having been previously fixed a date when the Board at 7:30 o'clock P.M. would hear and consider objections and remonstrances against Improvement Resolution No 149, which provides for the paving of Clinton street from Superior street to the N.Y.C.&St.L. Ry., and there appearing a number of remonstrances the Board decided to postpone further action in this matter until 7:30 o'clock P.M. Thursday August 18th 1898.

Confirmed L. Imp. Res. No 53.

This the 11th day of August 1898 having been previously fixed a date when the Board at 7:30 o'clock P.M. would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No 53 which provides for the construction of a vitrified clay pipe sewer in the alley between Calhoun and Clinton streets from the alley between Creighton Avenue and Taber streets to a point 20 feet south of Creighton Avenue, and there appearing no objections or remonstrances whatever, be it therefor resolved that we the Board of Public Works do hereby confirm Local Sewer Improvement Resolution No 53 as in the original Adopted.

Notice to contractor.

Moved that notice to contractors of the work to be done under Local Sewer Improvement Resolution No 53 be published in the Fort Wayne Daily Journal on the 13th and 20th days of August 1898 and that the 25th day of August 1898 be fixed a date when the Board at 7:30 o'clock P.M. will receive and open sealed proposals for the work to be done under Local Sewer Improvement Resolution No 53. Adopted.

Assessment roll approved Imp. Res. No 141.

Moved that an assessment roll containing an estimate of the cost to each person affected by the paving of the alley between Main and Columbia streets from Clinton street to Barr street in accordance with Improvement Resolution No 141 be approved and

Notice to P.O.

that notice of same to abutting property holders be published in the Fort Wayne Daily Journal on the 13th day of August 1898, and that the 25th day of August 1898 be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution and a date when the assessment roll will be heard before taking final action thereon.

Adopted.

Communication from Fenney Electric Lt & Power Co.

The following communications from the Jenney Electric Light and Power Company were read:

Fort Wayne, Indiana, August 10th 189

To the Board of Public Works, Ft Wayne, Ind.

Gentlemen, We beg to acknowledge receipt of yours of the 10th inst. Our board has been in session considering the matter and I am authorized to say that we cannot consent to any modification of the contract, but expect to have another meeting at four o'clock P.M. today, and will send you at that time our formal answer.

Yours respectfully

R. J. McDonald

Ft Wayne, Ind. Aug 10th 1898.

To the Board of Public Works, Fort Wayne, Indiana.

Gentlemen, We advised you immediately upon receipt of your note informing us of the action of the Common Council in respect to proposed contract ~~with~~ the city with this Company for lighting the city that we could not accept the terms proposed by the council, and that we would communicate with you later.

In the consideration of the subject by the council at its meeting last night the representatives of this company were not permitted to be heard. In consequence Erroneous statements were made and acted upon without opportunity for their correction. We cannot but think that some of the members of the council proceeded upon a mistaken understanding of the facts. It was said as we are advised, that the price asked by this company $100.00 per annum is more than that usually paid for light services, and in support of that statement reference was made to prices in various cities and towns of Indiana without proper discrimination in respect to the circumstances in each case. Electric street lights as used vary in the strength of the current employed and the lenght of time burned. Some cities use 1200 candle power lamps, and some 2,000 candle power; some extinguish the lamps at midnight, and some burn them all night some burn them every night regardless of the moon, some only in the dark of the moon, and some by the "Philadelphia Schedule" which is a compound of the two. All these circumstances must be taken into account in comparing prices. The Fort Wayne lamps are 2000 candle power and burn by the "Philadelphia Schedule".

Thus Auburn, Crown Point, Rochester and Kincennes use 1200 candle power lamps and extinguish at midnight except

Communication from Jenney E. L. & Power Co.

Sunday at Kinsmen. Auburn pays $60.00 per annum per lamp, Crown Point $76.00, Rochester $80.00 and Kinsmen $96.00. Making proper allowances for difference in lamp power and time of burning, these prices would be equivalent to from $160.00 to $200.00 per lamp and over for the 2000 candle power lamps used in Fort Wayne on the "Philadelphia Schedule". Cambridge City uses 500 candle power lamps extinguished at midnight at $75.00 per annum, which is the equivalent of over $160.00 per annum for Fort Wayne lamps. South Bend uses 2000 candle power lamps extinguished at midnight at $70.00 per annum. At that rate Fort Wayne lamps would cost $140.00 per annum. Persons reading a mere list of places and prices would suppose that these places were paying less for lighting than Fort Wayne, whereas, in fact, they are paying a great deal more. The city of Terre Haute has been taking light from two companies at $65.00 per year from one and $85.00 from the other. But the inadequacy of that price is shown by the fact that both companies are in the hands of receivers and that city is now ready to pay $100.00 to any responsible company that will undertake the contract.

The city of Indianapolis has light ostensibly at a cost of $85.00 per annum for 2000 candle power lamps, moon-light schedule, which is a little shorter than the "Philadelphia Schedule" used at Fort Wayne. But that price is an artificial one and unprofitable, the result of a fight between manufacturing companies which resulted in the going out of business by the Indianapolis manufacturing company. To which it is to be added that fuel costs little more than half as much at Indianapolis as at Fort Wayne. The truth is that so many elements enter into the lighting problem that a mere list of prices throws very little light upon the subject.

The cost of fuel, the candle power of the lamps, the size of the town, the area of distribution and the schedule of burning hours all enter in, so that what may seem at first blush to be the cheapest rate may be in reality the dearest. Fort Wayne uses the highest standard candle power, with the longest time schedule short of all night burning, with an additional proviso in the contract that lamps shall be burned extra hours on cloudy nights. At $100.00 per annum, considering the amount of light furnished, area lighted and time of burning the Fort Wayne lamps are only not higher in cost than the average in cities of its size but considerably lower.

Communication from Jenney E.L. and P. Co.

Going beyond the bounds of Indiana, you will remember that during our interview with you we exhibited to you a list of those among the larger cities of the United States numbering nearly a hundred, using 2000 candle power lights and paying from $100.00 per lamp per annum upward. Among these were many cities not materially different from Fort Wayne in their situation and conditions. Such for example are Burlington, Iowa, $100.00; Muscatine, Iowa $132.00; Kansas City, $144.00; Grand Rapids, Mich., $105.00; Minneapolis, Minn., $125.00; Cincinnati, Ohio $140.00; Pittsburg, $110.00; Albany, N.Y. $125.00; Brooklyn $124.30; Utica $124.10; Providence Rhode Island, $127.50; Woonsocket $164.00. As we have before stated this mere catalogue of places and prices is very inconclusive of the merits of the question but the broad fact that we offer to light the city of Fort Wayne at a price equalled or exceeded by that paid in a hundred cities of the Union goes very strongly to show that the price is not excessive.

There are some other considerations besides a naked comparison of prices which it is necessary for this company to consider. This company has always been closely affiliated with the manufacturing company in this city — to-wit the Fort Wayne Electric Corporation. That company exhibits in the lamps used by this company a sample of its manufacture in construction and operation. Fort Wayne is visited annually by large numbers including purchasers for the purpose of seeing these lights in operation. The competitions of trade are such that other manufacturing companies could well afford to take a short contract for lighting Fort Wayne at a loss in order to make a point a business rival. Into such a field of competition this company cannot enter. It would not only take the hazard of a ruinous contract upon its hands but the fact that such a contract had been taken would be a ruinous blow to the business of the Fort Wayne Electric Corporation Elsewhere. This company does not desire to assume the attitude of a pensioner upon the bounty of Fort Wayne; but it is submitted that these circumstances go some way to entitle this company to treatment at the hands of the citizens of Fort Wayne which shall be unquestionably fair. It is to be remembered also that in its comercial lighting for private parties this company has to do business against the keen competition of natural gas. This reduces the number of its customers and compels the company to do the work upon the smallest possible margin. That branch of the

Communication from Jemley E.L. and Power Co.

business is therefor much less profitable than it would be in a city of the size of Fort Wayne not supplied with natural gas. These circumstances put upon this company a limitation which it cannot transcend and continue to exist. In our negotiations with you we stood for a higher price and a longer term than was finally agreed upon. We thought that you bore down upon us in these as severly as could be reconciled with justice. And in yielding to your arguments and views and agreeing to a contract at $100.00 per lamp for five years, which considering the pole tax we are called upon to pay and the free lights which we place in the parks, amounts to a net price of but $88.50, we receded to the last limit of reduction consistent with the successful maintenance of its business by this company and of the manufacturing business of the Fort Wayne Electric Corporation.

We have to thank you and those members of the council who sustained your action for the spirit of fairness exhibited by you and them; but we are compelled to say that the modifications of the contract proposed by the council will not and cannot be accepted by the Company under any circumstances.

Respectfully
Jemley Electric Light & Power Co.
by R.T. McDonald
President.

On motion the communication were placed on file and the clerk instructed to prepare a copy of them and submit it to the council for their information.

The Board then on motion adjourned.

Communication from Fort Wayne Consolidated Railway Co.

The following communication was read and referred to the City Attorney:

To the Honorable Board of Public Works of the City of Fort Wayne, Indiana.

Gentlemen, —

The Fort Wayne Consolidated Railway Company respectfully petitions your Honorable Board to Enter into a contract for the right to construct and operate a line of street railroad in said City on Clinton street from Main street to Columbia street connecting with lines now operated by said Company on said last mentioned streets; and also to put a double curve to the south and a single curve to the north at the intersection of the street railroads on Columbia and Calhoun streets. Such a line on Clinton street for the one block mentioned is necessary to relieve the congested condition of the traffic at the corner of Calhoun and Main streets, especially during the Park season, when it is impossible to properly handle the crowds at that point with the present arrangement. The proposed line will enable the Company to avoid the collection of large crowds at the point named, and will be a great convenience and accommodation to the traveling public and especially to all patrons of the Park. The present curve leading southward at the intersection of Calhoun and Columbia streets is worn out and should be replaced by an improved double curve before the asphalt pavement is laid.

Very respectfully
Fort Wayne Consolidated Railway Co.
By J.H. Bass Receiver.

Petition for street ry on Clinton st.

The petition of Paul E. Wolf and others asking the Board to grant the Fort Wayne Consolidated Railway Co. the right to construct a track on Clinton street from Main street to Columbia street was received and placed on file.

Bond to pave alley.

The bond of H. A. Gerberding for paving the alley abutting on lots 167, 168, 189, and 190 Original Plat was on motion approved.

Sewer Builders Bond.

The Sewer Builders Bond of Herman Bernhardt, and that of Peter Lehenkel were on motion approved.

Petition, sewer.

The petition of J. V. Linker asking for the construction of a vitrified clay pipe sewer in the alley west of Grand Avenue from Humphrey street to Randall street was received and the

Plans ordered.

City Civil Engineer instructed to prepare plans and specifications.

Assessment Roll confirmed and work accepted. Imp. Res. No 131 Imp Res No 133.

The Board of Public Works having viewed the work of paving Woodland Avenue from Hoagland Avenue to Lafayette street in accordance with Improvement Resolution No 131- also the work of paving Harrison street with sheet asphalt from Dewald street to Woodland Avenue in accordance with Improvement Resolution No 133 - and the first sixth and eight days of September 1898 having been previously fixed a date where the Board would hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions and a date when the assessment rolls containing the names of the property holders together with the pro rata assessment against each piece of property affected thereby would be heard before taking final action thereon, and there appearing no further objections or remonstrances whatever against either of aforementioned improvements nor against the assessment rolls, be it therefor resolved that we the Board of Public Works do hereby accept the work done under Improvement Resolutions Nos 131 and 133 as completed, and do hereby confirm the assessment rolls as in the original and do herewith deliver them to the Department of Finance. All of which is hereby finally ordered and approved.

Work not accepted Imp. Res. No 132.

The matter of further hearing objections and remonstrances against the work done under Improvement Resolution No 132 which provides for paving Hoagland Avenue from Dewald street to Leith street was further postponed until Thursday Evening September 15th at 7:30 o'clock P.M.

Assessment roll confirmed and work accepted. L.S. Imp. Res. No 51.

The Board of Public Works having viewed the work of constructing a vitrified clay pipe sewer in the alley west of Barthold street from Third street to the alley north of High street, also in the alley north of High street from Barthold street to Nefel street and in the alley south of Third street from the alley west of Barthold street to the west line of Clarks Addition, and in the alley west of Nefel street from the alley south of Third street to High street in accordance with Local Sewer Improvement Resolution No 51, and the 8th day of September having been previously fixed a date when the Board at 7 30 o'clock P.M. would receive and consider objections or remonstrance against the work done under aforementioned Improvement Resolution and a date when the assessment roll would be heard before taking final action thereon, and there appearing no objections or remonstrances whatever be it therefor resolved that we the Board of Public Works do hereby accept the work done under Local Sewer Improvement Resolution No 51 as completed, and do herewith confirm the assessment roll as in the original and do herewith deliver it to the Department of Finance. All of which is hereby finally ordered and approved.

Adopted.

Continued Imp. Res. No 154.

This the 8th day of September 1898 having been previously fixed a date when Board would hear and consider objections or remonstrances against Improvement Resolution No 154 which provides for the paving of the alley between Baker street and Brooklyn Avenue from Calhoun street to the alley between Calhoun street and Harrison street, —

Imp. Res. No 155.

also against Improvement Resolution No 155 which provides for grading the roadway on Poplar street and constructing sidewalks on both sides from Fox Avenue to the alley west of Oakley street —

Imp. Res. No 156.

also against Improvement Resolution No 156, which provides for the raising and relaying of the sidewalks on the south side of Columbia Avenue from Old Fort street to the east line of lot No 28 Lakeside Park Addition —

L.S. Imp. Res No 55

also against Local Sewer Improvement Resolution No 55 which provides for the construction of a 12 inch vitrified clay pipe sewer in the alley between Fletcher Avenue and Grant Avenue from Penn street to the first alley north of Penn street, and in the alley between Alliger street and Penn street from Fletcher Avenue to Grant Avenue, —

and there appearing no objections or remonstrances whatever against either of aforementioned Improvement Resolutions, be it

therfor resolved, that we the Board of Public Works do hereby confirm Improvement Resolutions Nos 154, 155, 156, and Local Sewer Improvement Resolution No 55 as in the original.

Adopted.

Notice to contractors. Moved that notice to contractors of the work to be done under Improvement Resolutions Nos 154, 155, 156 and Local Sewer Improvement Resolution No 55 be published in the Fort Wayne Daily Journal on the 10th and 17th days of September 1898 and that the 22nd day of September 1898 be fixed a date when the Board will receive and open sealed proposals.

Adopted.

Plans approved. The City Civil Engineer submitted plans and specifications for relaying the sidewalks on the west side of Hoagland Avenue from Creighton Avenue to the south line of Lot No 4 Nind's Addition, and on motion they were approved.

Imp. Res. No 157 Adopted.

Improvement Resolution No 157.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the west side of Hoagland Ave. from Creighton Avenue to the south line of lot No 4 Nind's Addition by grading to a width of seven (7) feet and relaying the brick sidewalk to a width of five (5) feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Notice to P.O. Imp. Res. No 157. Moved that notice of Improvement Resolution No 157 be published in the Fort Wayne Daily Journal on the 10th and 17th days of September 1898 and that the 26th day of September 1898 be fixed a date when the Board at 3 o'clock P.M. will hear and consider objections or remonstrances against aforementioned Improvement Resolution.

Adopted.

Assessment Roll approved C.S. Imp. Res. No 52 Notice to P.O. Moved that an assessment roll containing an Estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the alley between Third and Fourth streets from Barthold street to the west line of Clarke's Addition in accordance with Local Sewer Improvement Resolution No 52 be approved, and that notice of same be published in the Fort Wayne Daily Journal on the 10th day of September 1898 and that the 22nd day of September 1898 be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against the work

done under Local Sewer Improvement Resolution No 52, and a date when the assessment roll will be heard before taking final action thereon. Adopted.

The Board then on motion adjourned.

Office Board of Public Works.
Fort Wayne Indiana, Sept 13th 98

Special meeting held at 8 o'clock P.M.
Present: Peter Eggemann, P.H. Kane, and J.K. McCracken of the Board of Public Works, and R.T. McDonald of the Jenney Electric Light and Power Company.

Contract with Jenney E.L.&P.Co. returned.

The contract entered into the 8th day of August 1898 by and between the City through its Board of Public Works and the Jenney Electric Light and Power Company for lighting the City for a term of five years beginning July 1st 1899, which had been submitted to the Common Council for approval on the 23d day of August 1898, was now returned to the Board of Public Works with the recommendation that the following part of section 4 be stricken out, to wit:
"Additional lamps ordered by said city between July 1st 1898 and January 1st 1899 for permanent use will be furnished and kept lighted until January 1st 1899 without charge."

Amended.

On motion this change was accepted by both the Board of Public Works for the city and R.T. McDonald for the Jenney Electric Light

and Power Company, and the contract as changed returned to the common council for approval, and the following agreement entered into:

Agreement with Jenney E. L. & P. Co.

This agreement entered into this 13th day of September 1898, by and between the Jenney Electric Light and Power Company party of the first part, and the Board of Public Works of the City of Fort Wayne, party of the second part, Witnesseth, That it is mutually agreed by and between said parties to this contract, that the contract entered into by and between them on the 8th day of August, 1898, in relation to city lighting, the same having been referred to the council for its approval, be amended by striking out of section 4 of said contract the provisions wherein said Jenney Electric Light and Power Company agrees to furnish lamps free to said city, conditioned from the first day of July 1898 to the first day of January 1899.

Witness our hands and seals this 13th day of September 1898.

Contract with J. E. L. & P. Co for 10 free lights.

Contract with the Jenney Electric Light and Power Co. for 10 free lights.

This agreement made and entered into this thirteenth day of September 1898, by and between the "Jenney Electric Light and Power Company" of the County of Allen and State of Indiana, party of the first part and the City of Fort Wayne County of Allen, State of Indiana by and through its Board of Public Works, party of the second part, under and by virtue of an act of the general assembly of the State of Indiana, entitled "An act concerning the incorporation and government of cities having more than thirty five thousand population and less than forty-nine thousand population according to the last preceding United States Census and matters connected therewith and declaring an emergency," Approved March 3d 1893, is to show that said parties have agreed as follows:

Whereas the City of Fort Wayne, as aforesaid, heretofore, on the eight day of August, 1898, entered into a written contract with said Jenney Electric Light & Power Company as aforesaid, for the lighting of the streets and alleys of said

Contract for free lights.

city with 268 Electric Arc lamps for the period of five years from the 1st day of July 1899, and whereas said party of the first part by said Contract agreed and bound itself to furnish and operate during the continuance of said contract ten additional lamps in the parks of said city at locations to be designated by the Board of Public Works without further cost or charge to said City. And whereas said City is desirous of having ten additional lamps in addition to the said 278 in said contract referred to, and whereas the said city is desirous of settling all controversies or possible litigation between said parties to this contract bearing upon the legality of the pole tax now being assessed upon the poles used by the said party of the first part, therefor the party of the first part hereby agrees to furnish and operate for the lighting of said City ten additional arc lamps to be placed and operated by said party of the first part at such places in said city as said Board of Public Works may direct for and during a period of five (5) years from the 1st day of July 1899, and also further agrees to pay the pole tax assessed against the poles of said first party by said city for the period of five years without protest or litigation. In consideration of which the said party of the second part herein agrees to pay party of the first part the sum of two dollars ($2.00) per light per lamp per year; the consideration herein stipulated to be also in payment of the waiver and promise to pay the said pole tax by said party of the first part.

It is further agreed by and between said parties that the lighting of said lamps herein contracted for and the power of the same and the burning schedule thereof and the payments thereof to be in accordance with the contract herein referred to as having been heretofore made and entered into between said parties.

Said party of the first part agrees to obligate itself, its successors and assigns to comply with all the conditions and provisions of this contract, and that it will forever indemnify and save harmless the said city of Fort Wayne from all costs, expenses and damages suffered and incurred by it and all judgments and decrees rendered against it by reason of or growing out of or resulting from the execution of this contract or any matter or thing connected therewith, or by the provisions of any of the conditions of this contract by said Company, its successors and assigns or from any of said Company, its successors and assigns or from any act of said Company, its successors and assigns, their servants or agents, in carrying on

Contract for free lights.

the conditions of this contract or any failure to comply with the provisions thereof, and to that end said company its successors and assigns agrees to execute to said city and thereafter keep a good bond in the penal sum of $1500.00 with surety to be approved by the Mayor and be filed with the Department of Finance and conditioned that said company its successors and assigns will so protect and save harmless said city and comply with all the conditions and provisions of this contract.

Bond Jenney Electric L. & P. Company.

Bond of the Jenney Electric Light & Power Co.

Know all men by these presents, that we, the Jenney Electric Light & Power Co. of the County of Allen, and State of Indiana as principal and S.N. Pixley and J.K. Bass as sureties are bound and firmly held unto the city of Fort Wayne, and the County of Allen and State of Indiana, in the penal sum of Fifteen Hundred Dollars $1500.00 for the payment of which, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns.

Witness our hands and seals this the 13th day of September 1898.

The condition of the above obligation is, whereas, the Jenney Electric Light and Power Company on the 13th day of September 1898 entered into a contract with the city of Fort Wayne to furnish light for said city upon certain conditions fully set forth in said contract.

Now, if the said Jenney Electric Light and Power Company shall protect and save said city harmless from all costs or expenses and damages that it may suffer and be compelled to pay by reason of the execution of said contract, or any other matter or thing connected therewith, and repay to said city all sums of money that it may be compelled to pay by reason of the failure of said Company to comply with all the conditions and requirements of said contract, then this Bond shall be void, else to remain in full force and effect in law.

Petition to pave alley

Plans ordered.

The petition of E. C. Rurode and 1 other for paving the alley between Berry and Main streets from Maiden Lane to Webster street paved with vitrified paving block was received and the City Civil Engineer instructed to prepare plans and specifications for same.

Petition to vacate street.

The petition of the Wayne Knitting Mills and the United Knitting Mills to have a portion of Cleveland Avenue, also the alley between Knickers Avenue and Cleveland Avenue vacated was received and placed on file.

Assessment Roll approved Main Sewer Imp Res. No 4.

Notice to P.O.

Moved, that an assessment roll containing an Estimate of the cost to each person affected by the construction of a main sewer in Barthold street from Third street to Fourth street, in Fourth street from Barthold to Andrew street and in Andrew street from Fourth street to the first alley south of Archer Avenue in accordance with Main Sewer Improvement Resolution No 4, be and the same is hereby approved, and that written notice of same together with a description of each piece of property affected thereby and the pro rata assessment against each piece of property be served upon each property owner affected thereby, and that the 10th day of November 1898 be fixed a date when the Board at 7 30 o'clock P.M. will hear and consider objections or remonstrances against the work done under Main Sewer Improvement Resolution No 4 and against the assessment roll as approved by the Board of Public Works. Adopted

Permit to tap Walton Ave sewer.

O.E. Moellering was granted permission to tap the Walton Avenue sewer near the bulk head and lay a temporary drain in order to carry of the water while building the abutment of the proposed Walton Ave. bridge, providing the sewer is put in as good a condition again when the abutment is completed as it is now without any Expense to the City.

Sewer Builders license revoked.

It having come to the notice of the Board that John J. Haiber a licensed sewer builder, has been doing careless and inferior work in making sewer connections in that that he broke sewer pipes and neither replaced them nor repaired them, nor made any report of said breakage to the Board but instead covered it up with Earth, on motion the Sewer Builders License of said John J. Haiber was revoked.

Plans approved

The City Civil Engineer submitted plans and specifications for grading the alley between Maumee Avenue and Oak streets from Division street to Chute street and on motion they were approved.

Improvement Resolution No 158.

Adopted
Imp. Res. No 158.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana that it is deemed necessary to improve the alley between Maumee Avenue and Oak streets from Division street to Chute street by grading to its full width all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City

Adopted.

BOARD OF PUBLIC WORKS.

Office Board of Public Works
Fort Wayne, Indiana, October 6th, 1898.
Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, P. K. Kane, and J.K. McCracken

Permit to construct private sewer.

The Board of School Trustees were granted permission to construct a private drain along the East side of Indiana Avenue from Cottage Avenue to the alley north of Home Avenue providing the work be done under supervision of the City Civil Engineer and to the entire satisfaction of the Board of Public Works and providing the contractor doing the work furnish the city a proper bond.

Work not accepted Imp. Res. No 126.

The Board of Public Works having viewed the work done under Improvement Resolution No 126, which provides for paving Calhoun street from the south line of Main st. to the north line of Lewis street with sheet asphalt and the work of constructing a portion of the gutters not having been done properly and to the entire satisfaction of the Board of Public Works, Mr. P. Eggemann made a motion that any further consideration of this matter pertaining to the acceptance of the work be deferred until October 13th 1896 at 7:30 o'clock P. M. in order to give the Alcatraz Construction Company more time in which to put the gutters in question in proper condition before the work is accepted.
Mr. J.K. McCracken as an amendment to Mr. Eggemann's motion made a motion that the work be accepted and the assessment roll be confirmed inasmuch as the Alcatraz Construction Company had promised to put all gutters in proper shape and undoubtedly would do so.
Mr P. K. Kane seconded the motion of Mr Eggemann, and there being no second to the amendment of Mr. McCracken, the original motion was put and carried Eggemann and Kane voting in the affirmative and McCracken in the negative.

Assessment roll confirmed and work accepted Imp. Res. No 127.

BOARD OF PUBLIC WORKS.

Office Board of Public Works
Fort Wayne, Ind. Nov. 7th 1898.
Regular meeting held at 3 o'clock P.M.
Present: P. H. Kane, and J. K. McCracken

Petition for sidewalk

The petition of Carina Snyder for permission to construct under private contract a brick sidewalk in front of lot No 111 Becks Addition was granted providing she furnish a proper bond.

Bond to relay sidewalk

The bond of W. W. Smick for raising and relaying and repairing sidewalks for the period of one year was approved.

Communication from Board Public Safety.

A communication from the Board of Public Safety asking that Brackenridge street be paved to Broadway instead of to Fairfield Ave in order to give the fire company stationed at house No 5 an Eastern outlet south of Jefferson street during muddy weather was received and placed on file.

Plans approved.

The City Civil Engineer submitted plans and specifications for the construction of a vitrified clay pipe sewer in the alley between Main street and Elm street from the St Marys river to a point 121 feet west of Mechanic street; also for the construction of a brick sidewalk on the west side of Indiana Avenue from Lincoln Avenue to Rome Avenue. On motion both plans and specifications were approved.

Adopted.
L. S. Imp. Res. No 58

Local Sewer Improvement Resolution No 58.

Resolved by the Board of Public Works of the City of Ft Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Main street and Elm street from the St Marys river to a point 121 feet west of Mechanic street as follows: Said sewer shall be a 15 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Imp. Res. No 165.

Improvement Resolution No. 165.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the

west side of Indiana Avenue from Lincoln Avenue to Stone Avenue by grading to a width of 12 feet and paving with brick to a width of 5 feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Notice to P.C. Moved that notice of Local Sewer Improvement Resolution No 58 and Improvement Resolution No 165 be published in the Fort Wayne Daily Journal on the 9th and 16th days of November 1898, and that the 24th day of November 1898 be fixed as date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against aforementioned Improvement Resolutions

Adopted.

Board to open street in Maple Ave

The bond of N.E. Doud to open Maple Ave abutting on Block 4 Evans Place in order to put in a drain from the cellar was on motion approved.

Remonstrance against paving Third street

The remonstrance of J. Young and 34 others against paving Third street from St Marys Avenue to North Calhoun street was on motion received and placed on file.

Acceptance of work postponed Main Sewer Imp Res No 4.

This the 10th day of November having been previously fixed a date when the Board at 7:30 o'clock P.M. would hear or receive objections or remonstrances against the work done under Main Sewer Improvement Resolution No 4 which provides for the construction of a vitrified clay pipe sewer in Burkhold street from Third street to Fourth street on Fourth street from Burkhold street to Andrew street and on Andrew street from Fourth street to the first alley south of Archer Avenue on motion further action in this matter was deferred until Thursday Evening November 24th at 7:30 o'clock P.M.

Postponed. Imp. Res. No 163.

This the 10th day of November 1898 having been previously fixed a date when the Board at 7 30 o'clock P.M. will hear and consider objections or remonstrances against Improvement Resolution No 163 which provides for the construction of a brick sidewalk on the East side of Nirdlinger street from Hayden street to Simons street. Mr C. Edgerton appeared in behalf of the Edgerton Estate owners of a great deal of property affected by the proposed construction of aforesaid sidewalk and asked the Board to postpone further action in this matter for the following reasons: First the walk is not needed because there are hardly any residences there.
Secondly, owing to the lateness of the season the proposed walk cannot be properly constructed before winter sets in. Thirdly by reason of the Findlay Fort Wayne, and Western R.R. traversing J.K. Edgerton's Sub. thereby cutting up a large number of lots, streets, and alleys, a rearrangement of the plat is necessary and it is the intention to do so as soon as possible.
In view of these facts the Board on motion decided to postpone further action in this matter until the fourth Thursday in March 1899.

Confirmed Imp. Res. No 164.

This the 10th day of November 1898 having been previously fixed a date when the Board would hear and consider objections or remonstrances against Improvement Resolution No 164 which provides for the construction of brick sidewalks on the East side of Delroff street from Polk street to Rich street also for the grading of Delroff street between aforesaid points, and there appearing no objections or remonstrances whatever be it therefor resolved that we do hereby confirm Improvement Resolution No 164 as in the original. Adopted.

Notice to Contractors.

Moved that notice to contractors of the work to be done under Improvement Resolution No. 164 be published in the Fort Wayne Daily Journal on the 12th and 19th days of November 1898, and that the 24th day of November 1898 be fixed a date when the Board at 7 30 o'clock P.M. will receive and open sealed proposals. Adopted.

Sewer Builders. — The Sewer Builders Bond of John Drake.

Confirmed L.S. Imp. Res No 59 — This is the 5th day of December 1898 having been previously fixed a date when the Board at 7:30 o'clock P.M. would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No 59, which provides for the construction of a vitrified clay pipe sewer in the alley west of Grand Avenue

from the alley north of Hanna Ave Road, to Humphrey street -
Ad. Imp. Res. No 60 also against Local Sewer Improvement Resolution No 60 which provides for the construction of a vitrified clay pipe sewer in the alley between Reed and Winder streets from the alley north of Creighton Avenue to Rees street -
Ad. Imp. Res. No 61 also against Local Sewer Improvement Resolution No 61 which provides for the construction of a vitrified clay pipe sewer in the alley between Force and Lumbard streets from Pontiac street to Colerick street -
and there appearing no objections or remonstrances remonstrances against either of aforementioned Improvement Resolutions, be it therefore Resolved, that we the Board of Public Works do hereby confirm Local Sewer Improvement Resolutions Nos 59, 60, and 61 as in the original. Adopted.

Notice to contract. Moved that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos 59, 60, and 61 be published in the Fort Wayne Daily Journal on the 6th and 17th days of December 1898 and that the 22nd day of December 1898 be fixed a date when the Board at 7:00 o'clock P.M. will receive and open sealed proposals. Adopted.

Declaratory Resolution No 45.

Adopted Dec. Res. No 48. Resolved by Board of Public Works of the City of Fort Wayne Indiana, that it is deemed necessary to open an alley in the rear of lots Nos 9, 10, 11, 12, and 13 Hinde's Addition to the City of Fort Wayne, Indiana, from Pontiac street to the south line of lot No 7 of Fairfields Outlots. said alley when opened to have a uniform width of 12 feet. said width to be made by condemning a strip of ground 12 feet in width in rear of lots 9, 10, 11, 12, and 13 Hinde's Addition. The property which may be injuriously affected by the opening of said alley above described is described as all lots and lands lying south of Pontiac street, west of Hoagland Ave. north of the south line of lot 7 Fairfields Outlots, and East of Fairfield Ave.
All as shown on the plan of such proposed opening of said alley above described now on file in the office of the Board of Public Works of said City.
All of said alley and lots and lands affected by the opening of said alley being situated in the City of Fort Wayne, County of Allen and State of Indiana.

The cost of said opening of said alley and all expense connected therewith to be assessed against any and all property beneficially affected thereby. Adopted.

Notice to P.C. Moved that notice to property owners of Declaratory Resolution No 48 be published in the Fort Wayne Daily Journal on the 16th and 17th days of December 1895 and that the 29th day of December 1895 be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against Declaratory Resolution No 48. Adopted.

The Board then on motion adjourned.

The plat of D.D. Schele's Subdivision of lot II McCulloch's Homestead Addition was on motion approved.

Petition to vacate alley.

The petition of Jos. Rademacher asking for the vacation of the alleys and lots as platted in the square bounded by Calhoun, Jefferson, Clinton and Lewis streets was received and placed on file.

Plan approved

The City Civil Engineer submitted a plat showing the proposed vacation of the alley in the rear of lots 184, 185, and 186, 187, 188, and 189 Hanna's Addition. On motion the plat was approved.

Declaratory Resolution No 49.

Adopted Dec. Res. No. 49.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is deemed necessary to vacate the alley in the rear of lots Nos 184, 185 and 186, 187, 188, and 189 Hanna's Addition to the City of Fort Wayne, Indiana.
The property which may be injuriously or beneficially affected by the vacation of said alley above described is described as all lots and lands lying between Calhoun and Clinton streets and Jefferson street and Lewis street. All as shown on the plan of such proposed vacation of said alley as above described now on file in the office of the Board of Public Works of said City. All of said alley and lots and lands affected by the vacation of said alley being situated in the City of Fort Wayne County of Allen and State of Indiana. The cost of said vacation of said alley and all expenses connected therewith to be assessed against any and all property beneficially affected thereby.

Assessment roll confirmed and work accepted. P. T. Supt. Rec'd 3/8

The Board of Public Works having viewed the work of constructing a sewer on Putnam street from the alley between St Marys Avenue and Franklin Avenue to the alley west of Franklin Avenue, also in the alley west of Franklin Avenue from Spring street to Archer Avenue, also in the alley between Spring street and Huffmann street from the alley west of Franklin Avenue to the west line of Archers Addition, also in the alley between Huffmann street and Putnam street from the alley west of Franklin Avenue to the west line of Archers Addition, also in the alley between Putnam street and Archer Avenue from the alley west of Franklin Ave to the west line of Archers addition in accordance with Local Sewer Improvement Resolution No 54 and the 9th day of February 1899 having been previously fixed a date when the Board at 7 30 o'clock P.M. would hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution and a date when the assessment roll containing a description of each piece of property affected thereby together with the values of each piece and the pro rata assessment against each piece of property would be heard before taking final action thereon and there appearing no objections or remonstrances whatever, be it therefor resolved that we the Board of Public Works do hereby accept the work done under Local Sewer Improvement Resolution No 54 as completed and do herewith confirm the assessment roll as in the original and do herewith deliver it to the Department of Finance. All of which is hereby finally ordered and approved. Adopted.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS

Office Board of Public Works.
Fort Wayne, Ind., February 20th, 1899.

Present: P.H. Kane and J.K. McCracken.
Regular meeting held at 30 o'clock P.M.

Plans approved. The City Civil Engineer submitted a plat showing the proposed vacation of Basin street lying north of lot No 240 Rockhill Second Addition, and on motion it was approved.

Also a plat showing the proposed vacation of the 5 foot alley on the west side of lots 11 and 12 Lauerweins Addition to the City of Fort Wayne, Indiana, and the proposed opening of a 12 foot alley between lots 10 and 11 Lauerweins Addition, and on motion it was approved.

Also a plat showing the proposed widening of Nelson street from the alley north of Washington street to the St Marys River and on motion it was approved.

Declaratory Resolution No 51.

Adopted. Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate that part of Basin street lying north of lot No 240 Rockhills Second Addition to the City of Fort Wayne, Indiana.

The property which may be injuriously or beneficially affected by the vacation of said part of Basin street above described is described as lot No 240 Rockhills Second Addition.

All as shown on the plan of such proposed vacation of said part of street as above described now on file in the office of the Board of Public Works of said City. All of said street and lots affected by the vacation of said street being situated in the City of Fort Wayne, County of Allen and State of Indiana. The cost of said vacation of said part of street and all Expenses connected therewith to be assessed against any and all property benefically affected thereby.

Adopted.

Declaratory Resolution No 50.

Dec. Res. No 50. Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the 5 foot alley on the west side of lots 11 and 12 Lauerweins Addition to the City of Fort Wayne, Indiana; also to open a 12 foot alley between lots 11 and 12 Lauerweins Addition to the City of Fort Wayne, Indiana. Said alley when opened to have a uniform width of 12 feet. Said alley to be made by condemning a strip of ground 5 feet and .32 of a foot off from the south side of Lot No 11 of said Lauerweins Addition, Also by condemning a strip of ground 6 feet and .68 of a foot off of the north side of Lot No 10 Lauerweins Addition.

The property which may be injuriously or beneficially affected by the vacation of said alley and also the opening of said alley both as above described is described as lots Nos 10 and 11 and 12 Lauerweins Addition to the City of Fort Wayne, Indiana. All as shown on the plan of such proposed vacating and opening of said alleys above described now on file in the office of the Board of Public Works of said City. All of said alleys and lots and land affected by the vacating and opening of said alleys being situated in the City of Fort Wayne, County of Allen and State of Indiana. The cost of said vacating and opening of said alleys and all expenses connected therewith to be assessed against any and all property beneficially affected thereby.

Adopted.

Declaratory Resolution No 52.

Dec. Res. No 52. Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is desired and deemed necessary to widen Nelson street from the alley north of Washington street to the St Marys river. Said street when widened to have a uniform width of sixty six (66) feet. Said street to be widened by condemning a strip of ground 33 feet in width on the west side of Nelson street from the alley north of Washington street to the St Marys river. The property which may be injuriously or beneficially affected by the widening of said street above described is described as all lots and lands lying between Washington street and the St Marys river and west of College street and College street produced north to Main street.

All as shown on the plan of such proposed widening of said street above described now on file in the office of the Board of Public Works of said City.

All of said streets and lots and lands affected by the widening of said street being situated in the City of Fort Wayne, County of Allen, and State of Indiana.
The cost of said widening of said street and all expenses connected therewith to be assessed against any and all property beneficially affected thereby.

Adopted.

Moved, that notice to property owners of the adoption of Declaratory Resolutions Nos 50, 51, and 52 be published in the Fort Wayne Daily Journal on the 21st and 28th days of February 1899 and that the 9th day of March 1899 be fixed as date when the Board will meet at 7:30 o'clock P.M. for the purpose of hearing and considering objections or remonstrances against either of aforementioned Declaratory Resolutions.

Bids for Market cover.

This being the date previously fixed when the Board would receive and open sealed proposals for the construction of an iron roof over the retail market on Barr street, the Board now proceeded to open such proposals and obtained the following results:

The New Columbus Bridge Company bid complete		$6125.00
Mt Vernon Bridge Company	" "	$6200.00
Ferdinand Meyer, Ft Wayne, Ind.	" "	$7492.00
Kash Roofing Company, Akron, O.	" "	$7300.00
Indiana Bridge Company	" "	$6395.00
Kerr Murray Mfg. Company	" "	$6870.00

The Board upon due deliberation considered all bids too high and ordered them returned to the respective bidders.

Cheaper bids Market cover.

Several representatives of structural iron works appeared before the Board and asserted that they could submit bids for an iron covering over the "Market Space" according to plans and specifications drawn up by their Engineers, which would greatly reduce the cost of the structure and still answer the purpose in every respect. They asked the Board for an opportunity to submit such bids and plans and specifications, whereupon the Board fixed Thursday March 9th at 7 30 o'clock P.M. a time when they would receive and consider such proposals.

Petition, sewer.

The petition of Eliza Foxlock and 7 others for the construction of a vitrified clay pipe sewer in the alley between Archer Avenue and Putnam street from Meridian street to Andrew street was received and placed on file.

The Plumbers and Gasfitters Bond of Phillip Haren was on motion approved and his petition for such license granted.

Continued. Imp. Res. No 163.

In the matter of constructing a sidewalk on the East side of Winter street from Hayden street to Linous street in accordance with Improvement Resolution No 163 adopted October 27th 1898, the date of the hearing was fixed for November 10th 1898. On the latter date on motion further action in the matter was postponed until the fourth Thursday in March 1899 this being March 23d 1899. Further consideration of the proposed improvement was now taken up, and there appearing no objections or remonstrance against the proposed improvement on motion Improvement Resolution No 163 was confirmed as in the original

Appropriation for sidewalks

Owing to a number of petitions for paving streets having been presented to the Board, the Board caused to be prepared a list of such streets and the Estimated cost to the city in paying for such proposed improvements in order to ascertain how much of the additional appropriation would be required in the "New Street

appropriation
New Street Intersect.

Intersection" account before resolutions ordering all of the proposed improvements could be adopted. The estimate is as follows:

South Calhoun street, from Wallace to Dewald	$ 1,876.00
Webster " " " Dewald to Pontiac	$ 2,149.00
Creighton Ave. from E. s. Holton Ave. to Walton Ave.	$ 1,872.00
Kalmian street from Calhoun street to Kanna st.	$ 2,308.00
Brackenridge street " " to Fairfield Ave.	$ 2,244.00
Lavina street from Fairfield Ave. to Broadway	$ 120.00
Fourth street, " Wells to Sherman	$ 1,439.00
Third " , " " " St Mary's Avenue	$ 2,723.00
Baker " , " Calhoun to Fairfield Avenue	$ 2450.00
Madison " , " Barr to Division street.	$ 2,979.00
Walton Avenue, " Wayne Trace to Wayne street.	$ 2,092.00
Main street, " Harrison to Barr	$ 1,898.00
Court " , " Berry to Main	$ 124.00
Clinton " , " " " "	$ 248.00
Wayne " , " Calhoun " E.S. of Clinton	$ 1,016.00
Berry " , " " " " "	$ 1,524.00
Lewis " , " Lafayett " Walton Ave.	$ 4,988.00
Assessment on Engine Houses Nos 5 and 6.	300
	$32,350.00
Amount on hand in account of New Street Intersect.	10,000.00
Estimated additional amount needed	$22,350.00

The clerk was instructed to submit aforementioned estimate to the Comptroller and ask him to arrange for the appropriation necessary to carry out these needed improvements.

The Board then on motion adjourned.

Present: Pete Eggemann, R.H. Kane, and J.K. McCracken.

Sewer Builders Bond.

The Sewer Builders Bond of Albert Rolf and of Fred.W. Schmidt were on motion approved.

Plans approvd.

The City Civil Engineer submitted a plan showing the proposed opening of a 12 foot alley on the west line of the East 1/2 of the south 1/2 of Barnetts Out Lot No 5 from Leith street to Lillea street.
Also a plat showing the proposed vacation of the East 8 feet of Nelson street from Washington street to the St Marys River also the vacation of the west 8 feet of Nelson street from Washington street to the first alley north. On motion both plans were approved.

Adopted Dec. Res. # 53.

Declaratory Resolution No 53.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to open an alley on the west side of the East half of the south half of Barnetts out lot No 5. Said alley when opened to have a uniform width of 12 feet. Said alley to be made by condemning and appropriating for such purposes a piece of land described as follows:
The west 12 feet of the East half of the south half of Barnetts Out Lot No 5 situated in the northwest quarter of the northeast quarter of Section 12, Township 30 north, range 12 East.
The property which may be injuriously or beneficially affected by the opening of said alley above described is described as all lots and parcels of land lying south of Leith street west of the East line of lot No 4 Barnetts Out Lot, north of Lillea street and East of Hoagland Avenue.
All as shown on the plan of such proposed opening of said alley above described now on file in the office of the Board of Public Works of said city. All of said alley and lots and lands affected by the opening of said alley being situated in the City of Fort Wayne, Allen County and State of Indiana. The cost of said opening of said alley and all Expenses connected therewith to be assessed against any and all property beneficially affected thereby.

Adopted.

Declaratory Resolution No 54.

Dec. Res. No. 54. Resolved by the Board of Public Works of the City of Fort Wayne, Indiana that it is desired and deemed necessary to vacate 8 feet on the East side of Nelson street from Washington street to the St Marys river also to vacate the west 8 feet of Nelson street from Washington street to the first alley north. The cost of said vacation and all expenses connected therewith to be assessed against the following described property, to wit:

All property abutting on said Nelson street as above described. All of said property and lands being situated in the City of Fort Wayne Allen County, Indiana. All as shown on the plan of such proposed vacation of said street above described now on file in the office of the Board of Public Works of said City.

Adopted.

Notice to P.O. Moved that notice to property owners of Declaratory Resolutions Nos 53 and 54 be published in the Fort Wayne Daily Journal on the 28th day of March and the fourth day of April 1899 and that the 13th day of April 1899 be fixed a date when the Board at 7 30 o'clock P.M. will hear and consider objections or remonstrances against either of aforementioned Declaratory Resolutions.

Adopted.

Special Session held at 7:30 o'clock P.M.
Present: Peter Eggemann, P.K. Kane, and J.K. McCracken

This the 15th day of April 1899 having been previously fixed a date when the Board would hear objections on

Hearing Imp. Res. No 166 remonstrances against Improvement Resolution No 166 which provides for the paving of the alley between Wayne and Washington streets from Barr street to Clay street.—

Imp. Res. No 167. also against Improvement Resolution No 167, which provides for the paving of the alley between Wayne and Washington streets from Clinton street to Barr street.—

Imp. Res. No 168. also against Improvement Resolution No 168 which provides for paving the alley between Clinton street and Barr street from Berry street to the first alley north.—

Imp. Res. No 169. also against Improvement Resolution No 169 which provides for the paving of Calhoun street from Wallace street to Dewald street.—

Imp. Res. No 170 also against Improvement Resolution No 170 which provi

for paving Brackenridge street from Calhoun street to Fairfield Avenue.—

Impv. Res. No 171. also against Improvement Resolution No. 171 which provides for paving Larissa street from Fairfield Ave to Broadway.—

Impv. Res. No 172. also against Improvement Resolution No 172 which provides for paving Holman street from Calhoun street to Barr st.—

Impv. Res. No 173. also against Improvement Resolution No 173 which provides for the paving of Holman street from Barr street to Hanna street.—

Impv. Res. No 174. also against Improvement Resolution No 174 which provides for the paving of Creighton Avenue from Holton Avenue to Miller street.—

Impv. Res. No 175 also against Improvement Resolution No 175 which provides for the paving of Creighton Avenue from Miller street to Holton Avenue.—

Impv. Res. No 176. also against Improvement Resolution No 176 which provides for the grading of Elmwood street from Calhoun street to Lafayette street.—

Impv. Res. No 177. also against Improvement Resolution No 177 which provides for the grading of Jane street from Leith street to Elmwood street the Board proceeded to hear and consider any objections or remonstrances.

Impv. Res No 166 Amended Improvement Resolution No 166: On motion it was unanimously decided to amend the resolution by striking out the words "upon a broken stone foundation" and to insert the words "upon a five (5) inch concrete foundation". A remonstrance against this improvement also having been filed with the Board upon examination it was found that the remonstrance had been signed by several people who would be affected by the improvement and that by deducting them the remonstrance did not contain enough signers to delay the improvement.

Confirmed Impv. Res. No 166. On motion Improvement Resolution No 166 as amended was therefor now confirmed.

Impv. Res. No 167. Improvement Resolution No 167. A remonstrance having been filed with the Board but as the same did not have the required number of resident property holders against the improvement on motion Improvement Resolution No 167 was confirmed as in the original.

Impv. Res. No. 168, 169, 170, 171, 172 and 173. Improvement Resolutions Nos 168, 169, 170, 171, 172, and 173 were on motion confirmed as in the original no objection or remonstrance of any kind having been filed or made.

Imp. Res. No 174 amended. Improvement Resolution No 174. On motion this resolution was amended by striking out the words "the East property line of Lillie street" and inserting in their stead the words "to the East property line of Winter street.

Confirmed. The resolution was then confirmed as amended, there being no objections or remonstrances whatever.

Imp. Res. No 175 amended Improvement Resolution No 175. This resolution was amended by striking out the name "Killie" street and inserting in its stead the word "Winter" street, and then on motion the resolution

Confirmed. was confirmed.

Imp. Res. No 176 confirmed. Improvement Resolution No 176 was on motion confirmed as in the original "a" remonstrance against it not having been filed with the Board.

Imp. Res. No. 177 confirmed Improvement Resolution No 177 was on motion confirmed as in the original the remonstrance against it not having the required number of signatures.

Notice to Contractors 163, 166, 167, 168. 169, 170, 171, 172, 173, 174, 175, 176, 177

It was moved that notice to contractors of the work to be done under Improvement Resolutions Nos 163, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, and 177 be published in the Fort Wayne Journal on the 17th and 24th days of April 1899 and that the 4th day of May 1899 be fixed a date when the Board at 7:30 o'clock P.M. will receive and open sealed proposals for either of aforementioned work.

Adopted.

Recess. It now having become late the Board on motion took a recess until 1:30 o'clock P.M. May 5th 1897

Reconvened The Board reconvened at 1:30 o'clock P.M. May 5th 1897 all members being present.
The consideration of the bids received the evening previous was at once taken up and after due deliberation the Board unanimously decided to take the following steps
Contract awarded. To award the contract for the construction of a brick sidewalk on the east side of Minker street from Hayden street to Linnora street in accordance with
Imp. Res No 163 Improvement Resolution No 163 to Julius Remus at 29 cents per lineal foot, he being the lowest and best bidder.
Imp. Res. No. 166 To award the contract for paving the alley between Washington street and Jefferson street from Barr street to Clay street with vitrified paving block upon a concrete foundation in accordance with Improvement Resolution No 166 to C.E. Wortlerind & Co. at $2.33 per lineal foot for Metropolitan Paving Block, it being the lowest and best bid on that class of material.

Impv. Res. No 167. To award the contract for paving the alley between Wayne street and Washington street from Clinton street to Barr street with vitrified paving block upon a broken stone foundation in accordance with Improvement Resolution No 167 to Jos. W. Derheimer at $1.90 per lineal foot for Trimble Block, his bid being the lowest and best.

Impv. Res. No 168 To award the contract for paving the alley between Clinton street and Barr street from Berry street to the first alley north with hard burnt paving brick on an 8 inch sand foundation in accordance with Improvement Resolution No 168 to George Wilhelm at 92 cents per lineal foot, it being the only bid received.

Material selected

Impv. Res. No. 169 To adopt from the various bids received for paving Calhoun street from Wallace street to Dewald street in accordance with Improvement Resolution No 169 Metropolitan Block and the plans and specifications (as the material) therefor to be used in making this improvement in accordance with the bid of C. Moellering Company.

Impv. Res. No. 170. To adopt from the various bids received for paving Brackenridge street from Calhoun street to Fairfield Avenue in accordance with Improvement Resolution No 170 Genuine Trinidad Pitch Lake Asphalt and the plans and specifications therefor as the material to be used in making this improvement in accordance with the bid submitted by J.M. Wright for the Barber Asphalt Paving Company.

Impv. Res. No 171. To adopt from the various bids received for paving Farina street from Fairfield Avenue to Broadway in accordance with Improvement Resolution No 171 Genuine Trinidad Pitch Lake Asphalt and the plans and specifications therefor as the material to be used in making this improvement in accordance with the bid of J.M. Wright for the Barber Asphalt Paving Company.

Impv. Res. No 172. To adopt from the various bids received for paving Holman street from Calhoun street to Barr street in accordance with Improvement Resolution No 172 Genuine Trinidad Pitch Lake Asphalt and the plans and specifications therefor as the material to be used in making this improvement under the bid submitted by J.M. Wright for the Barber Asphalt Paving Company.

Imp. Res. No 173. For Improving Holman street from Barr street to Hamm street excepting the Lafayette street intersection in accordance with Improvement Resolution No 173, to adopt from the various bids received for this improvement Genuine Trinidad Pitch Lake Asphalt and the plans and specifications therefor as the material to be used in accordance with the bid submitted by J.M. Wright for the Barber Asphalt Paving Company.

Imp. Res. No 174. To adopt from the various bids received for paving Creighton Avenue from Holton Avenue to Winter street in accordance with Improvement Resolution No 174 Metropolitan Block and the plans and specifications therefor as the material to be used in making this improvement in accordance with the bid submitted by A.E. Moellering & Co.

Imp. Res. No 175. To adopt from the bids received for paving Creighton Avenue from Winter street to Holton Avenue in accordance with Imp. Res. No 175 Metropolitan Block as the material to be used in making this improvement together with the plans and specifications therefor in accordance with the bid submitted by A.E. Moellering & Co

Contract awarded
Imp. Res. No 176. To award the contract for grading Esmond street from Calhoun street to Lafayette street to a width of 28 feet in accordance with Improvement Resolution No 176 to John Draker at 16 cents per lineal foot, his bid being the lowest and best.

Imp. Res. No 177. To award the contract for grading Jane street from Leith street to Esmond street to a width of 28 feet in accordance with Improvement Resolution No 177 to George Wilhelm at 18 cents per lineal foot, his bid being the lowest and best.

The Board then on motion adjourned.

Office Board of Public Works.
Fort Wayne, Ind. May 10th 189?

Special meeting held at 1:30 o'clock P. M.

Present: Peter Eggeman, P. H. Kane, and J. K. McCracken

The Board met for the purpose of hearing and considering various petitions and communications signed by freeholders owning real estate upon and along some of the streets to be paved and for which the Board had adopted the material and plans and specifications at a meeting held May 5th 189, at 1:30 o'clock P. M.,

Contracts awarded Imp. Res. No 169

Daniel Klotz and others owning 1122 feet frontage on Calhoun street between Wallace street and Dewald street petitioned the Board to pave Calhoun street between aforesaid points with sheet asphalt instead of with vitrified paving block, the material adopted by the Board. As the petitioners did not represent the required two thirds of all the required real estate along the proposed improvement according to law the Board on motion awarded the contract for paving Calhoun street from Wallace street to Dewald street to E. Moellering and Co. the material to be Metropolis paving block in accordance with Improvement Resolution No 169 and plans and specifications therefor.

Imp. Res. No 170

For paving Brackenridge street from Calhoun street to Fairfield Avenue in accordance with Improvement Resolution 170 the Board on motion awarded the contract to the Barber Asphalt Paving Company, no other petition having been presented by the property owners.

Imp. Res. No. 171.

For paving Fairfield street from Fairfield Avenue to Broadway in accordance with Improvement Resolution No 171 the Board on motion awarded the contract to the Barber Asphalt Paving Company, no other petition having been presented by the property owners.

Imp. Res. No 172

For paving Holman street from Calhoun street to Barr street in accordance with Improvement Resolution No 172 the Board on May 5th had adopted sheet asphalt in accordance with the bid submitted by the Barber Asphalt Paving Company. The Pennsylvania Company and other owners of property amounting to more than two thirds of the frontage on said portion of the street presented a petition asking that vitrified

paving block be substituted for sheet asphalt, hence, according to law the Board substituted Metropolitan Paving Block for sheet asphalt as the material to be used in the making of said improvement and on motion awarded the contract to C.E. Mollering & Co. in accordance with his bid submitted May 4th 1899.

Imp. Res. No 173. For paving Holman street from Burt street to Hanna street in accordance with Improvement Resolution No 173 the Board on May 5th had adopted sheet asphalt as the material to be used in making said improvement in accordance with a bid submitted by the Barber Asphalt Paving Company. The Pennsylvania Company and other owners of property amounting to more than two thirds of the frontage on said portion of said Holman street presented a petition asking that vitrified paving block be substituted for sheet asphalt hence, according to law the Board substituted Metropolitan Paving Block for sheet asphalt as the material to be used in the making of said improvement and on motion awarded the contract to C.E. Mollering & Co. in accordance with his bid submitted May 4th 1899.

Imp. Res. No 174 The contract for paving Creighton Avenue from No 1 to Avenue to Minder street in accordance with Improvement Resolution No 174 was on motion awarded to C.E. Mollering & Co. in accordance with their bid made for paving with Metropolitan Paving Block, no other petition having been presented to the Board.

Imp. Res. No. 175. The contract for paving Creighton Avenue from Minder street to Walton Avenue in accordance with Improvement Resolution No 175 was on motion awarded to C.E. Mollering & Co. in accordance with their bid made for paving with Metropolitan Paving Block no other petition having been presented to the Board.

Ord. Material Imp. Res. No 167. The petition of E. Lehmann and five others asking that Metropolitan Block be used instead of Trimble Block in paving the alley between Wayne and Washington streets from Clinton street to Barr street in accordance with Improvement Resolution No 167 was received and placed on file.

Henry M. Williams gave notice that he would contest the action of the Board in awarding the contract for a bi[illegible]provement on south Calhoun street between Wallace street & Dewald street.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.
CLERK

Office Board of Public Works.
Fort Wayne, Ind., May 11th 1899.
Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggeman, P.W. Kane, and J.K. McCracken.

Postponed see Res. No 53.

This the 11th day of May 1899 having been previously fixed a date when the Board would hear objections or remonstrances against the roll of assessments of benefits and damages in the matter of opening a 12 foot alley on the west side of the east half of the South Half of Bonnette's O.L. No 5 in accordance with Declaratory Resolution No 53, there appeared August Bloome and remonstrated against the amount of damages awarded him as being insufficient and the amount of benefits as being too high. On motion further hearing in this matter was postponed until 7:30 o'clock P.M. June 8th 1899.

Confirmed Dec Res. No 54.

The assessment roll of benefits in the matter of the vacation of the east 8 feet of Nelson street from Washington street to the St Mary's River, also the west 8 feet of Nelson street from Washington street to the first alley north in accordance with Declaratory Resolution No 54 was on motion confirmed there being no objections or remonstrances whatever.

Petition for a sewer

Plans ordered.

The petition of S.K. Hunsche and 13 others asking for the construction of a sewer in the alley between Fairmount place and High street was received and the City Civil Engineer instructed to prepare plans and specifications.

Remonstrance paving Main st.

The remonstrance of K.J. Bauer and 22 others against paving Main street from Harrison street to Barr street was received and placed on file.

Assessments confirmed and work accepted. Ald. Imp. Res. No 60.

The Board of Public Works having viewed the work of constructing a vitrified clay pipe sewer in the alley between Reed and Fowler streets from the alley north of Creighton Ave. to Irene street in accordance with Local Sewer Imp. Resolution No 60, —

Ald. Imp. Res. No 61.

also the work of constructing a vitrified clay pipe sewer in the alley between Force and John streets from Pontiac street to Colerick street in accordance with Improvement Resolution No 61, - and the 11th day of May having been previously fixed a date when the Board at 7:30 o'clock P.M. would hear and consider objections or remonstrances

against the work done under either of aforementioned Improvement Resolutions and a date when the assessment rolls containing the names of the property holders affected thereby together with the pro rata assessment against each piece of property would be heard before taking final action thereon, and there appearing no objections or remonstrances whatever be it therefor resolved that we the Board of Public Works do hereby accept aforementioned work as completed and do herewith confirm the assessment rolls as in the original and do herewith deliver them to the Department of Finance. All of which is hereby finally ordered and approved.

Adopted.

Plans ordered The City Civil Engineer was instructed to prepare plans and specifications for grading College street from the north line of Wayne street to Berry street also for the construction of sidewalks on the west side from the northern terminus of the present walk to Berry street.

Also plans for grading the first alley south of Berry street from College street to Nelson street.

The Board then on motion adjourned.

Notice to P.O.

the work done under either of aforementioned Improvement Resolutions and against the assessment rolls as approved by the Board of Public Works. Adopted.

Rescinded Imp. Res. No 165

The Board having previously from time to time postponed to this day the hearing on Improvement Resolution No 165 which provides for the construction of brick sidewalks on the west side of Indiana Avenue from Lincoln Avenue to Howe Ave. and the property owners affected thereby having made arrangements with the Board to build these walks under private contract, and all of these walks now having been completed, on motion Improvement Resolution No 165 was rescinded.

Contracts not Entered into Imp. Res. No. 166

C.E. Woellering & Co. contractors to whom had been awarded the contract for paving the alley between Washington street and Jefferson street from Burr street to Clay street under Improvement Resolution No 166, and Joseph W. Dorheimer, contractor to whom had been awarded to contract for paving the alley between Wayne and Washington streets under Improvement Resolution No 167 refused to Enter into contract for aforesaid work on account of the Board not naming three different kinds of material in the resolution to be considered when receiving bids for aforementioned work. They contended that the amendments made in 1899 to Section 77 of the City Charter were not sufficiently clear as to whether the resolution for any alley pavement must name not less than three kinds of material, the name of which street improvement are ordered, and in order to be safe their attorneys had advised them not to Enter into contract. The city attorney also advised that the Board when ordering the pavement of any alley had better name three kinds of material to be considered in making such improvement, in order to be absolutely safe and to forestall any subsequent litigation. On motion the Board rescinded Improvement Resolutions Nos 166 and 167 together will all actions taken under these resolutions.

Imp. Res. No 167.

Plans approved.

The city civil Engineer submitted plans and specifications for the following proposed improvements:
For paving Adke street from the west property line of Calhoun street to the East property line of Fairfield Ave.
For paving Madison street from the East property line of Burr street to the west property line of Division street excepting the intersections of Lafayette street and Kanna street

For paving Walton Avenue from the south property line of Mannee Avenue to its intersection with the north line of Wayne Trace.
For paving Fourth street from the west property line of Calhoun street to the east property line of Sherman street excepting the the intersections of Cass and Wells streets.
For paving Wayne street from the East property line of Calhoun street to the East property line of Clinton street.
For paving the alley between Washington and Jefferson streets from Barr street to Clay street.
For paving the alley between Wayne and Washington streets from Clinton street to Barr street.
For the construction of brick sidewalks on the East side of Lafayette street from Pontiac street to Doty street.
After due consideration Each of aforementioned plans and specifications were on motion approved by the Board.

Improvement Resolution No 180.

Adopted m.p. Res. No. 180.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana that it is deemed necessary to improve Baker street from the west line of Calhoun street to the East property line of Fairfield Avenue by grading and paving the roadway to a width of 28 feet with sheet asphalt, asphalt block, or vitrified paving block upon a concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted

Improvement Resolution No 181.

Imp. Res. No 181

Resolved by the Board of Public Works of the city of Fort Wayne Indiana that it is deemed necessary to improve Madison street from the East property line of Barr street to the west property line of Division street excepting the intersections of Lafayette street and Hanna street by grading and paving the roadway to a width of thirty (30) feet with sheet asphalt asphalt block, or vitrified paving block upon a concrete foundation, by placing a marginal finish at all street and alley intersections curbing with new curbstone and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Special meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, P. H. Kane, and J. K. McCracken.

Creosoted block admitted to letting.

Motion was made and carried that creosoted wooden block be admitted to the letting for pavements to be constructed on Baker street, Madison street, Smith street and Walton Avenue in accordance with Improvement Resolutions 180, 181, 182, and 183.

Confirmed Imp. Res. No 180

This the 9th day of June having been previously fixed a date when the Board would hear objections or remonstrances against Improvement Resolution No 180 which provides for the paving of Baker street from Pelham street to Fairfield Avenue and there appearing no objections or remonstrances whatever on motion Improvement Resolution No 180 was confirmed as in the original, creosoted wooden block having been added to the list of materials to be considered at the letting of the contract.

Amended Imp. Res. No 181

This being also the evening previously fixed to hear objections or remonstrances against Improvement Resolution No 181 which provides for the paving of Madison street from Barr street to Division street the original resolution was amended by adding creosoted wooden block to the list of materials to be considered at the letting of the contract. The remonstrance previously filed with the Board against the proposed improvement of Madison street was found to contain only a small fraction of the resident property owners not large enough to warrant the postponement of the improvement, and on motion Improvement Resolution No 181 was confirmed.

Confirmed

Amended Imp. Res. No 182.

This being also the evening fixed to hear objections or remonstrances against Improvement Resolution No 182 which provides for paving Walton Avenue from Maumee Avenue to the Wayne Tract, the original Resolution was amended by adding creosoted wooden block to the list of materials to be considered at the letting of the contract. A remonstrance had also been filed against the proposed improvement but it did not contain the required signatures of two thirds of all resident property owners. There also appeared a number of property owners before the Board remonstrating against paving Walton Avenue south of Maumee Avenue unless the street be paved north to Wayne street, while other property owners contended that the portion from Maumee Avenue south was the worst piece of street in the city that by paving to Maumee Avenue would answer all purposes for the present, as it would give an outlet at Lewis street and Maumee Avenue both paved streets, that by paving to Wayne street would not help matters as neither Washington street nor Wayne street were paved there. After due consideration the Board decided that it was a public necessity that Walton Avenue from Maumee Avenue south be paved, as the street at certain times of the year was impassable at places through filling had become a foot or more above grade causing water and slush to run onto sidewalks. That all those remonstrants had subsequently signed a petition to pave to Wayne street, apparently hoping to defeat the pavement in that way, as it would not be necessary to pave north of Maumee Avenue until Wayne street had been paved East of Hanover street or the Walton Avenue bridge had been constructed.

Confirmed Imp. Res. No 182. Motion was therefor made that Improvement Resolution No 182 be confirmed and the motion was carried Mrs Eggemann and Kane voting in the affirmative and Mrs McCracken not voting.

Amended Imp. Res. No 183 This being also the date previously fixed when the Board would hear and consider objections or remonstrances against Improvement Resolution No 183 which provides for paving Fourth street from Calhoun street to Sherman street, the original resolution was amended by adding creosoted wooden block to the list of materials to be considered at the letting of the contract. The remonstrance against the improvement previously filed did not require the necessary numbers of signers, and on motion Improvement Resolution No 183 was confirmed.

Confirmed

Amended Imp. Res. No 184 This being also the date previously fixed when the Board would hear and consider objections or remonstrances against Improvement Resolution No 184 which provides for paving Wayne street from Calhoun street to Clinton street, on motion the resolution was amended by striking out the words "upon a concrete foundation", it having been ascertained that the present foundation is an excellent one. There being no objections filed with the Board against the proposed improvement, on motion Improvement Resolution No 184 was confirmed.

Confirmed

Confirmed Imp. Res. No 185 This being also the day fixed when the Board would hear or consider objections or remonstrances against Improvement Resolution No 185 which provides for paving the alley between Washington and Jefferson streets from Barr street to Main street,

Imp. Res. No 186. also the day when the Board would hear and consider objections or remonstrances against Improvement Resolution No 186 which provides for paving the alley between Wayne and Washington streets from Clinton street to Barr street,

Imp. Res. No 187 also against Improvement Resolution No 187 which provides for the construction of sidewalks on the East side of Lafayette street from Berlin street to Bolt street, and there appearing no objections or remonstrances against either of these Improvement Resolutions, on motion Improvement Resolutions Nos 185, 186, and 187 were confirmed as in the original.

Notice to contractors

Moved that notice to contractors of the work to be done under Improvement Resolutions Nos 180, 181, 182, 183, 184, 185, 186, and 187 be published in the Fort Wayne Journal on the 10th and 17th days of June 1899 and that the 27th day of June 1899 be fixed a date when the Board at 7:30 o'clock P.M. will receive and open sealed proposals for the work so to be done. Adopted.

Pavement repairs ordered on west Berry and Wayne streets.

The Barber Asphalt Paving Company were instructed to make the necessary repairs to the asphalt pavements on west Berry and Wayne streets, the price to be paid for repairs so made being $1.15 per square yard according to measurements made by the city civil Engineer.

Pop. cross arms Home Telephone poles.

Complaint was made that the top cross arms on poles of the Home Telephone Company were occupied by other than the city's wires to the detriment of the city. On motion the clerk was instructed to notify the Home Telephone Company that all wires not belonging to the city must be removed from the top cross arms so as to conform with the provisions of the franchise of the Home Telephone Company.

The Board then on motion adjourned.

Confirmed Dec. Res. No 55

This the 22nd day of June having been previously fixed a date when the Board would hear objections or remonstrances against Declaratory Resolution No 55 which provides for the vacation of the block alley south of

Lewis street from Mc Clellan street to the first alley west, and there appearing no objections or remonstrances whatever, on motion Declaratory Resolution No 55 was confirmed as in the original.

Assessment Roll confirmed Dec. Res. No 55.

Moved that an assessment roll containing an estimate of the cost to each person benefitted by the vacation of the alley south of Lewis street from Mc Clellan street to the first alley west, in accordance with Declaratory Resolution No 55, be hereby approved and confirmed.

Adopted.

Plans approved.

The City Civil Engineer submitted the following plans and specifications and on motion they were approved by the Board:

A plat showing the proposed opening of Harrison street from Pontiac street to the first alley south, also from Leith street to Killea street.

For the construction of a 12 inch vitrified clay pipe sewer in the alley between Fourth street and Spring street from Andrew street to Sherman street.

For the construction of a 12 inch vitrified clay pipe sewer in the alley between Putnam street and Archer Avenue from Andrew street to Meridian street.

For the construction of a 15 inch vitrified clay pipe sewer in the alley between Riopelle Avenue and Elmwood Avenue from the brick sewer on Tecumseh street to Dearborn street.

For paving Dock street from Calhoun street to Clinton st.

For grading the alley south of Walnut street from Oakley street to Fox Avenue, also the alley west of Oakley street from Poplar street to the first alley north, also the alley east of Fox Avenue from Poplar street to the first alley north.

For the construction of four foot brick sidewalks on the west side of Waldorf Avenue from Milan street to the south line of lot No 39 of Lillies Outlots.

For the construction of 5 foot brick sidewalks on the east side of Joliet street from Pontiac street to the south line of lot No 65 Industrial Park Add.

Adopted
Dec. Res. No 56.

Declaratory Resolution No 56.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana that it is deemed necessary to open Harrison street from Pontiac street to the first alley south of Pontiac street also from Leith street to Killea street. Said street when opened to have a uniform width of 50 feet. Said street to be made by condemning and appropriating for such purposes lots and lands described as follows:

The west 50 feet of the East 133 feet of the north half of the north half of Barnetts Outlot No 2 situated in the northwest quarter of the northeast quarter of Section No 14, township 30 north range 12 East Allen County, Indiana also the following lots and parts of lots in Northingtons Subdivision of the south half of above described Barnetts Outlot No 2: The west 4½ feet of lot No 2, lot No 3, the East 1½ feet of lot No 4 the east 7½ feet of lot No 9, lot No 10, and the west 4½ feet of lot No 11.

The property which may be injuriously or beneficially affected by the opening of said street above described, is described as all lots and parcels of land lying south of Creighton Avenue, west of Calhoun street, north of Johns Avenue and East of Hoagland Avenue. All as shown on the plan of such proposed opening of said street above described now on file in the office of the Board of Public Works of said city. All of said street and lots and lands affected by the opening of said street being situated in the City of Fort Wayne Allen County and state of Indiana. The cost of said opening of said street and all expenses connected therewith to be assessed against any and all property beneficially affected thereby.

Adopted.

Communication from W. C. T. U. Communication from the Womans Christian Temperance Union.

Fort Wayne, Ind., June 20, 1899.

To the members of the Board of Public Works of the city of Fort Wayne, Indiana.

Gentlemen, -

As owners of the Drinking Fountain in front of the City Y.M.C.A. building, the Womans Christian Temperance Union of Fort Wayne desire to donate the same to the City, provided the city will keep the same running and in repair. Should your Board desire to remove the fountain to some other locality, the Union would prefer that it be placed in Market Space, though its location will willingly be left to the discretion of your Board.

Respectfully

Lizzie C. Drake,
Secretary Womans Christian Temperance Union.

Elsie Carruthers Culvin
President

Fountain accepted. Motion was made that the fountain be accepted and it was passed, Kane and McCracken voting aye, and Eggeman voting "no."

Communication from Central Union Telephone Company

The Central Union Telephone Company having been ordered to place their wires underground on certain streets in the city, the Common Council having passed an ordinance to that effect they now came before the Board of Public Works and submitted the following:

Fort Wayne, Indiana, July 11th 1899.

Whereas, the Common Council of the City of Fort Wayne, has, by an ordinance duly passed on the 25th day of April 1899 directed and ordered the Central Union Telephone Company a corporation, to remove all overhead wires and cables used in connection with its telephone exchange from off certain sections of Columbia, Main, Clinton, Berry and Court streets, and to place the same in underground conduits and to remove the poles from off said streets, and

Whereas, said Company is willing to comply with said order, but in so doing, petitioned the Board of Public Works that it be granted the privilege of putting underground all its wires and cables in a district inclosed by Dock, Murray, Barr and Webster streets, and the said Company has a franchise over and along the streets in said district and has therein three hundred (300) or more poles that will be removed, and.

Whereas, the streets included in said district are the principal ones of said city and it is only a question of time when the public safety will demand that the said wires and poles be taken down and placed in underground conduits in streets or alleys,

Therefore, the said Central Union Telephone Company may be granted the privilege of putting in an underground system within the district in preamble set out, and that the City of Fort Wayne may be protected in all its municipal rights and privileges, the agreement herein entered into by and between the Board of Public Works of the City of Fort Wayne, party of the first part, and the Central Union Telephone Company a corporation, party of the second part witnesseth:

First. The City of Fort Wayne, party of the first part hereby grants permission to the Central Union Telephone Company, a corporation, to place all wires and cables by it used and hereafter to be used in the operation of its telephone exchange in the district inclosed by Barr, Murray, Dock and Webster streets in underground conduits in streets and alleys therein and as directed and approved by the Board of Public Works.

The said Central Union Telephone Company covenants and agrees that after the erection of said underground conduit system it will not erect or maintain poles on any of the streets within said territory but that the same will be erected and maintained in the alleys, and not more than one (1) cable shall cross any street at any one point from alley to alley in said district; provided that if it becomes necessary to erect poles for distributing purposes on streets where there are no alleys, said poles may be erected by first obtaining the consent of the Board of Public Works therefor.

Second. The said second party further agrees to replace all pavements torn up or disturbed by reason of putting in and maintaining said underground conduits, and, if necessary, to put in a new pavement and new material at its own expense, so as to leave the street or alley disturbed in as good condition as it was before said Company constructed its conduits in said streets or alleys; and it further agrees to repair any and all damages done or caused any streets, alley, curbstones, sidewalks or other property within such district, wether such street or alley is paved or not, and to place such property at its own expense in as good condition as it was before damaged or disturbed by said Company.

Third. The said second party further agrees to put in and lay at its own expense, for said city, one (1) duct capable of containing two hundred (200) wires in all of its conduits within said territory, and to furnish free of charge, to said city, for the use of said city's fire alarm and police wires the top cross-arm of all poles erected hereunder; and provided further, that the work of placing wires in said duct and on said cross-arm shall be done in such a manner as not to interfere with the service of said second party and shall be done under the direction of the local manager of said second party.

Fourth. The said party of the second part further covenants and agrees to execute to the City of Fort Wayne, a bond in the sum of Five Thousand ($5000.00) dollars, to protect the city against any loss or liability growing out of the construction of said conduits or the maintenance of the same.

Fifth. That the party of the second part further covenants and agrees to furnish for said city free of cost, telephones for Engine houses, now or hereafter constructed, at the waterworks pumping stations now or hereafter constructed, at the reservoir station in the Water Works Trustees office in the office of the Board of Public Works in the City Clerks office, in the Police Stations in the Mayors office, in the residence of the Superintendent of Police, in the residence of the chief of the Fire Department in the Police and Fire alarm boxes, and three others to be

located by the Board of Public Works.

Sixth. That within twenty days after the approval of this contract by the passage of a legal ordinance of the City Council ratifying the same, the said second party shall file in the office of the Board of Public Works of the City of Fort Wayne a map or plat showing the underground conduits to be built by said second party within the territory above described and showing the lines of poles in alleys for distribution from such conduits, and within thirty (30) days after the approval of the same by said Board of Public Works, shall commence the work of building the same and shall wholly complete said work within six (6) months thereafter.

In testimony whereof, the parties have caused this contract to be executed on day and year first above mentioned

Seal

Report City Attorney

The Board took the matter under consideration. The City Attorney reported that the request of the Central Union Telephone Company did not include any territory over which the company did not have a right to string its wires over poles, hence was not asking for additional franchise rights. It was only a question whether the city should grant a corporation having a franchise the right to remove their poles and wires from above the streets and place them in underground conduits. Sections three and five of the agreement were valuable concessions bestowed upon the City, which the company was not bound to make by the terms of their franchise. After due consideration the Board decided, that inasmuch as the Central Union Telephone Company was not asking for permission to enter any territory not already covered by their franchise, and as it would be a benefit to the City if the poles and wires were removed from above the streets, to grant the petition and to submit the agreement to the Common Council for ratification by ordinance. The agreement was signed by Mr. Eggeman and Mr. McCrea.

Mr Kane not being present and delivered to the clerk with instructions to deliver it to the city clerk and Common Council
The Board then on motion adjourned.

Attest. Alex Schmidt

Extension of time Imp. Res. No 184

Imp. Res. No 183.

C. E. Moellering & Co., contractors, in a communication addressed to the Board asked for an extension of time in which to complete the work of paving Wayne street under Improvement Resolution No 184, also the work of paving Fourth street from Calhoun street to Sherman street in accordance with Imp. Resolution No 183, as they had been greatly delayed in their work owing to the scarcity of paving material.

On motion the time in which to complete the work was extended until January 1st 1900.

Declaratory Resolution No 58.
Opening and extending of Fourth street.

Adopted. Dec. Res. No 58

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is desired and deemed necessary to extend and open Fourth street in the city of Fort Wayne, Allen County, and State of Indiana from the east property line of North Calhoun street to the west property line of North Clinton street. Said extension and opening to have a width of 50 feet to be made by condemning and appropriating for street purposes a strip of land described as follows, to wit:

Commencing at a point on the East line of North Calhoun street 50 feet East of the northeast corner of Lot 142 Northside Addition to the City of Fort Wayne Allen County, Indiana, thence East on the north line of Fourth street as laid out in the said Northside Addition produced East to the west line of Clinton street; thence north fifty (50) feet on the west line of Clinton street; thence west parallell with the south line of said Fourth street extended East, as above described, to the east line of North Calhoun street thence south on the East line of Calhoun street 50 feet to the place of beginning.

The above described tract of land being a part of Lot No 6 Wells Reserve situated in township 30 north, range 12 East of the second principal meridian of Indiana.

All as shown by the plan of such proposed extension and opening of Fourth street above described now on file in the office of the Board of Public Works of said city. The property which may be injuriously or beneficially affected by the extending and opening of Fourth street as above described, is described as all parcels and lots of land not occupied by streets or alleys lying west of the east line of City Park Addition north of the St Marys river East of St Marys Avenue and south of Archer Avenue and the north line of the land known as the Catholic Orphan Asylum Ground. Also all lands including the right of way of the Fort Wayne Jackson and Saginaw Railroad Company, the Fort Wayne and Jackson Railroad Company and the Lake Shore and Michigan Southern Railway Company, lying west of Clinton street, north of the St Marys

river, East of Calhoun street and south of the Canal Feede
All of said street and lots and parcels of land being locate
in the city of Fort Wayne, Allen County, Indiana.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Ind., Nov 27th 1899.
Regular meeting held at 3 o'clock P.M.
Present: Peter Eggeman, P. H. Kane, and J. K. McCracken

Bond to construct sidewalks The bond of George Jaap to construct brick sidewalks in front of Block 726 and 727 Whites First Addition was on motion approved.

Petition to relay sidewalks The petition of D.W. Kuitz to relay the sidewalks abutting on lot No 3 Rogers Lib. was on motion granted.

Plans approved Main Intercepting Sewer. Assistant City Civil Engineer O.S.H. Goss submitted plans and specifications for the Main Intercepting Sewer. Having thoroughly examined them they were approved by the Board.

Adopted
Main Sewer Imp
Res. No 5.

Main Sewer Improvement Resolution No 5.

Resolved by the Board of Public Works of the city of Fort Wayne state of Indiana, that the construction of a main and intercepting sewer which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which may hereafter be constructed, be and the same is hereby ordered commencing at the south bank of the Maumee river at a point where the extension north of the west line of Dougall street in Whites fourth addition to the city of Fort Wayne Allen County Indiana, intercepts said river and running thence S. 81° 57' west 1923 feet, thence north 88° 35' west 2086 feet to the intersection of the center line of Erie street thence south 83° 14' west 643 feet to the East line of Hanover street thence following Erie street south 83° 45' west 2451 feet to a point 82 feet East of the east line of Francis street and 19 feet north of the south line of Erie street thence south 71° 15' west 665 feet, thence south 89° 3' west 385 feet, thence north 63° 22' west 1049 feet, thence north 57° 51' west 650 feet, to a point 19½ feet south of the north line of Superior street, thence south 74° 20' west parallel and 19½ feet from the north line of said Superior street 2168 feet to the center of Webster street, thence south 75° 41' west 1150 feet to the west line of Fulton street, thence south 67° 17' west 515 feet, thence south 65° 50' west 627 feet to the west line of Jackson street, thence south 39° 45' west 603 feet, thence south 44° 15' west 1023 feet to a point on the center line of Nelson street. Said sewer to be a 5 foot inside diameter three ring brick sewer from the Maumee river to a point 33 feet west of the west line of Griffith street, and a four foot inside diameter 2 ring brick sewer from a point 33 feet west of the west line of Griffith street to its terminus at the center line of Nelson street; more particularly set forth in the profile, specifications and detailed plans on file in the office of the Board of Public Works, and all of said work and materials of every kind is to be in accordance with the profile, specifications and detailed plans now on file in the office of the Department of Public Works of said city.

The total cost of said improvement shall be paid by the holders of property beneficially affected thereby,

in proportion to the benefits received including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the city of Fort Wayne in Allen County, State of Indiana, to-wit: All that territory within the corporate limits of the city of Fort Wayne, Indiana, lying south of the Maumee and St Mary's rivers, also all that territory within the corporate limits of the city of Fort Wayne, Indiana, lying south of the New York, Chicago and Saint Louis Railroad and the Old Feeder Canal property, east of the Grand Rapids and Indiana Railroad and north of the Saint Marys river.

The entire cost of sewer including the portions of said sewer which cross streets and alleys to be assessed against property holders beneficially affected, it being expressly intended and provided that the city of Fort Wayne shall pay no other part of the cost of constructing said sewer unless it be as an owner of property beneficially affected in which case it shall be liable as other property holders.

Assessments if deferred are to be paid in ten (10) equal annual installments with the interest at the rate of 5 per cent per annum. The contractor shall collect all assessments when the property owner does not request the privilege of paying the assessment in installments, and the issuing of bonds therefor, but in ~~the~~ case an assessment shall be so deferred a bond or bonds may be issued to the contractor in payment for said work and such assessments as are payable in installments shall be payable to the Treasurer. All as provided for in an act of the General Assembly of the State of Indiana, entitled: "An act concerning the incorporation and government of cities having more than 35,000 and less than 49,000 population according to the last preceding United States census, and matters connected therewith and declaring an emergency, approved March 3d 1893 and all acts supplementary thereto and amendatory thereof.

Under no circumstances shall the city of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work or for the collection of the same, or for the payment of any bond or bonds, certificate or certificates issued to said contractor in payment for such work except for such monies as shall have been actually received by said city from assessments for such improvement.

Adopted.

Notice to R.O. Moved that notice of Main Sewer Improvement Resolution No 5 be published in the Portwayne Journal-Gazette on the 29th day of November and the 6th day of December 1899, and that the 14th day of December 1899 be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against the proposed improvement Adopted.

Appropriation The clerk was instructed to ask the comptroller to provide for an appropriation of $3000.— to the "Disposal of Garbage" fund for the purpose of repairing the retort and increasing the capacity of the crematory and an appropriation of $1700.— to the fund of "Public Buildings and Grounds" to be used to rebuild the crematory building.

Meeting adj'd Thursday November 30th being Thanksgiving day on motion the meeting to be held Thursday evening was postponed until the next regular meeting to be held Monday December 4th.

The Board then on motion adjourned.

Plans for rebuilding crematory approved The Dixon Garbage Crematory Company submitted plans and specifications of repairs and addition to the crematory recently destroyed by fire. On motion the plans and specifications were approved.

Contract.

Contract This agreement made this 13th day of December 1899, by and between the Dixon Garbage Crematory Company a corporation organized and doing business under, and by virtue of the laws of the State of Ohio, party of the first part, and the city of Fort Wayne, Indiana, party of the second part, witnesseth,

The party of the first part agrees to furnish all labor and material necessary for the construction, and to construct and complete ready for use, in the Crematory building owned by said party of the second part one improved Dixon Garbage Crematory of the style and dimensions shown by the plans hereto attached, which plans are marked "Exhibit A", and are hereby made a part of this contract.

Said Crematory shall in all particulars be constructed in accordance with the specifications for the same, which specifications are hereto attached marked "Exhibit B," and are made a part of this contract.

The said party of the first part guarantees that the said Crematory will be constructed in a first class, workmanlike manner, and all material shall be of the best, and that when the Crematory is completed it will cremate and reduce to odorless ashes, without stench, in a complete and sanitary manner, all combustible waste garbage, animal and vegetable matter, dead animals and nightsoil.

The said party of the first part guarantees that said Crematory will have a capacity for cremating twenty (20) tons of garbage and waste in each day of twenty four (24) hours.

The said party of the first part agrees to begin work within ten (10) days from date of this contract, and to complete said Crematory within sixty (60) days.

The said party of the first part further agrees to make sundry repairs in the Crematory now owned by the party of the second part as follows: Replace with new casting the broken and defective castings consisting of liner arches and one manhole cover. Furnish and place in position one buck stay rod, furnish material and labor to replace and renew damaged top of north wall of Crematory. Furnish and place in position complete set of improved fire clay garbage grate bars. That all of the labors will be done to the satisfaction of the Board of Public Works. That said party of the first part will pay all bills for material and labor used and employed in the performance of said work, and turn over said building upon completion to party of second part, free from any and all liens.

Upon completion of said new Crematory, and said repairs on old Crematory according to plans and specifications the said party of the second part hereby agrees and

pay to the said party of the first part the sum of three thousand dollars ($3000.00) provided that upon a test of the said Crematory by the Board of Public Works, it fully complies with all the guaranties in contract stipulated.

Witness the hands and seals of the parties to this contract in duplicate, the day and year above written.

Office Board of Public Works.
Fort Wayne, Indiana, Dec. 14, '99.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggeman, P.H. Kane, and J.K. McCracken.

Postponed Main Sewer Imp. Res. No. 5

This the 14th day of December having been previously fixed a date when the Board would hear objections or remonstrances against Main Sewer Improvement Resolution No 5. which provides for a Main intercepting sewer, there appeared C.x. McCulloch, Bank Alderman and two others and protested against the construction of said sewer claiming it would be an unnecessary waste of money and a hardship to the taxpayers. They asked that the hearing be further postponed so as to give taxpayers in general

an opportunity to acquaint themselves with matters pertaining to the construction of this sewer, and on motion further action was postponed until January 11th 1900.

Plans approved

The City Civil Engineer submitted a plat showing the proposed vacation of Virginia street from the East line of the alley East of Lafayette street to the West line of Monroe street. Also the vacation of Clay street from Toledo street to the alley south of Virginia street. Also the vacation of the alley East of Lafayette street from Toledo street to Virginia street. On motion the plat was approved.

Adopted
Dec. Res. No. 62

Declaratory Resolution No 62.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate that part of the first alley East of Lafayette street from Toledo street to Virginia street, also to vacate that part of Virginia street from the East line of the first alley East of Lafayette street to the West line of Monroe street also to vacate that part of Clay street from Toledo street to the north line of the alley south of Virginia street.

The property which may be injuriously or beneficially affected by said vacations as above described is lots Nos 125 to 141 both inclusive and 152 to 165 both inclusive Lewis Addition to the City of Fort Wayne, Indiana.

All as shown by the plans of such proposed vacations as above described now on file in the Office of the Board of Public Works.

The cost of said vacations and all expenses connected therewith to be assessed against any and all property benefitially affected thereby.

All of said alleys and streets herein named and described being situated in the City of Fort Wayne, Allen County, Indiana.

Notice to P.O.

Moved that notice to property holders of the adopting of Declaratory Resolution No 62 be published in the Fort Wayne Journal Gazette on the 16th and 23rd days of December 1899 and that the 11th day of January 1900 be fixed a date when the Board will hear said remonstrances objections or remonstrances against aforementioned Resolution.

Adopted

Plans ordered. Assistant City Civil Engineer O. J. H. Lord was instructed to proceed at once with preparing plans and specifications for the South Wayne sewer.

The Board then on motion adjourned.

Plans approved

Assistant Civil Engineer G. C. H. Fox submitted plans and specifications for the proposed "Main Sewer in South Ward". The plans and specifications were on motion approved.

Adopted Main Sewer Impr. Res. No. 6.

Main Sewer Improvement Resolution No 6.

Resolved by the Board of Public Works of the city of Fort Wayne state of Indiana, that the construction of a Main Sewer which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer but is also intended and adapted for receiving sewage from collateral drains already constructed or which may hereafter be constructed, be and the same is hereby ordered as follows:

Commencing at the intersection of Nelson street with the St Marys river, thence south on Nelson street to Taylor street, thence East on Taylor street to Fox Avenue, thence south on Fox Avenue to a point 152 feet south of the north line of Swayne street, thence south 87°40' east 338 feet to the center of South Wayne Avenue, thence north 83°20' East 683.8 feet to the center of Fairfield Avenue, thence south 67°47' East 721.4 feet to the center of Hoagland Avenue, thence south on Hoagland Avenue and Hoagland Avenue Extended south

to its intersection with Johns Avenue extended west, thence east on Johns Avenue extended west and Johns Avenue to the west line of Piqua Avenue,

Said sewer to be a six foot inside diameter double ring brick sewer from the St Marys river to the intersection of the line of Hoagland Avenue produced south and Johns Avenue produced west to the intersection of Hoagland Avenue produced south, and a five foot inside diameter double ring brick sewer from the intersection of Hoagland Avenue produced south and Johns Avenue produced west to Hoagland Avenue to the west line of Piqua Avenue, as more particularly set forth in the profile, specifications, and detailed plans on file in the office of the Board of Public Works, and all of said work and material of every kind is to be in accordance with the profile specifications and detailed plans now on file in the office of the Department of Public Works of said city.

The total cost of said improvement shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received including not only the property abutting on the line of said sewer, but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the city of Fort Wayne, in Allen County, State of Indiana, to wit:

Commencing at the intersection of Nelson street and Berry street and Berry street, thence east on Berry street to College street thence south on College street to Nill street, thence east on Nill street to Union street, thence south on Union street to Lavinia street, thence east on Lavinia street to Jackson street, thence south on Jackson street to the Pittsburgh Fort Wayne and Chicago railroad, thence east along the north line of the right-of-way of the Pittsburgh Fort Wayne and Chicago railroad to Fairfield Avenue, thence south on Fairfield Avenue to the south line of the right-of-way of the Wabash Railway Company, thence southwest along the south line of the right-of-way of the Wabash Railroad Company to Pine street, thence south on Pine street to Taylor street thence west on Taylor street to Oakley street, thence south on Oakley street to Dewald street, thence East on Dewald street to Fairfield Avenue, thence south on Fairfield Avenue to Creighton Avenue, thence east on Creighton Avenue to Webster street, thence south on Webster street to Pontiac street, thence east on Pontiac street to Calhoun street thence south on Calhoun street to Edmond street, thence East on Edmond street to Lafayette street, thence north on Lafayette street to Bolty st.

thence east on Bolty street to its eastern terminus, thence north on the west line of lots 10 and 13 of Lasalles Outlots to Pontiac street, thence East on Pontiac street to the alley west of Hanna street thence south in the alley west of Hanna street to the north line of lot No 10 Lasalle's Outlots, thence East to Hanna street, thence south on Hanna street to the south line of the city limits, thence west on the south line of the city limits to its intersection with the St Mary's River, thence north following the meanderings of the St Mary's river to the south line of Vesey's Sub. of Ewings Outlots No 15, thence east on south line of Vesey's Sub. to Lavinia Avenue, thence north on Lavinia Avenue to the Pittsburgh Fort Wayne and Chicago Railroad, thence east and north following the line of the city limits to the intersection of the St Mary's River, thence following the meanderings of the St Marys river to its intersection with Nelson street.

The entire cost of said sewer including the portions of said sewer which cross streets and alleys to be assessed against property holders beneficially affected it being expressly intended and provided that the city of Fort Wayne shall pay no other part of the cost of constructing said sewer unless it be as the owner of property beneficially affected, in which case it shall be liable as other property holders.

Assessments if deferred are to be paid in ten (10) equal annual instalments with interest at the rate of five per cent per annum. The contractor shall collect all assessments where the property owner does not request the privilege of paying the assessment in instalments and the issuing of bonds therefor, but in case an assessment shall be so deferred a bond or bonds may be issued to the contractor in payment for said work and, and such assessments as are payable in instalments shall be payable to the city treasurer. All as provided in an act of the General Assembly of the state of Indiana entitled: An act concerning the incorporation and government of cities having more than 35,000 and less than 49,000 population according to the last preceding United States Census and matters connected therewith and declaring an Emergency, approved March 3, 1893, and all acts supplementary thereto and amendatory thereof.

Under no circumstances shall the city of Fort Wayne be or be held responsible for any sum or sums due from said property or property owners for said work, or for the collection of the same, or for the payment of any bond or bonds, certificate

or certificates issued to said contractor in payment for such work except for such monies as shall have been actually received by said City from assessments for such improvements.

Adopted.

Notice to R.O. Moved that notice of the adoption of Main Sewer Improvement Resolution No 6 be published in the Fort Wayne Journal Gazette on the 13th and 20th days of January 1900 and that the first day of February 1900 be fixed a date when the Board at 7 30 o'clock P.M. will hear or consider objections or remonstrances against this proposed improvement.

Adopted.

Remonstrance Intercepting sewer. The remonstrance of Chas McCulloch and 109 others against the proposed construction of an intercepting sewer in accordance with Main Sewer Improvement Resolution No 5, was received and placed on file.

Postponed Main Sewer Imp Res. No 5. to Jan 11th now again taken up. In the matter of constructing a Main Intercepting Sewer in accordance with Main Sewer Improvement Resolution No 5 adopted November 27th 1899, the 14th day of December 1899 at 7 30 o'clock P.M. was originally fixed as a time when the Board would hear objections or remonstrances against the proposed improvement. Owing to some remonstrants appearing and in deference to their wishes further action in the matter was postponed until 7 30 o'clock P.M. January 11th 1900. The Board now again took up this matter and Mr Charles McCulloch and Frank Alderman again submitted their objections both orally and in writing, the latter document being signed by a great many citizens of the south eastern part of the city. A very large delegation of tax payers from the western and southwestern parts of the city were present to advocate the construction of this intercepting sewer, setting forth the facts that without it South Wayne would be deprived of its proposed sewer system which it needed so badly and must have at once in order to protect their health and their lives. They pointed out the fact that it would be impossible to find an outlet for such a sewer as would be necessary to drain so large a territory as this one must anywhere in the western part of the city without polluting the water at pumping station No 2 of the city's Waterworks, and without adding greatly to the unsanitary conditions existing along the banks of the St Marys river within the city limits; that this nuisance should be abated rather than added to and that the construction of an intercepting sewer into which all

sewers located south of the rivers would deposit their sewage was the only way in which this could be accomplished. Having listened to a great many arguments along these lines the Board came to the conclusion that the construction of the intercepting sewer was an absolute necessity in order to protect the health and lives of the citizens, and that it was the desire of a large majority of the property holders that the sewer be built. A motion was made to confirm Main Sewer Improvement Resolution No 5 as in the original and was passed by a unanimous vote of the Board.

Confirmed M. S. Imp Res No 5

Notice to contract. Moved that notice to contractors of the work to be performed under Main Sewer Improvement Resolution No 5 be published in the Fort Wayne Journal-Gazette on the 13th and 20th days of January 1900, and that the 19th day of February 1900 be fixed a date, when at 2 o'clock P.M. the Board will receive and open sealed proposals for the work to be done.

Adopted.

Certified check. On motion the Board decided to require a certified check in the sum of $2500.00 to accompany all bids as an evidence of good faith on part of the bidder.

Out of town bidders notified The clerk was instructed to invite out-of-town contractors to bid on this work by inserting a short notice in the Engineering News, Engineering Record, American Contractor, and Paving and Municipal Engineering.

The Board then on motion adjourned.

Amended Dec. Res. No. 62.

In the matter of vacating the first alley East of Lafayette street from Toledo street to Virginia street, also Virginia street from the first alley east of Lafayette street to Monroe street, as

street from Toledo street to the alley south of Virginia street in accordance with Declaratory Resolution No 62, the Board unanimously decided to insert the following provision after the words: "also to vacate that part of Clay street from Toledo street to the north line of the alley south of Virginia street": "The city reserving in such vacation the right at all times to go in and upon the streets herein vacated to repair and maintain the sewers and water pipes therein located and also in the future to locate, construct and maintain any new sewers or water pipes that in the opinion of the Board of Public Works public necessity demands. For the purpose of carrying into effect such reservation the city reserves the right to go upon such vacated space and remove any and all buildings that may hereafter be placed by the owners thereof, and at the owners expense, provided it may be necessary so to do."

Thereupon the Board unanimously decided that the position of those remonstrating against the proposed vacations was not well taken, that their properties would not be damaged thereby as claimed, but that on the contrary they would be benefitted if anything, inasmuch as Mr Bass needed the portions of streets and alleys in order to increase his shops very materially as he proposed to do. This would give employment to a great many additional men and would be a benefit not only to surrounding property but also to the whole city. In view of these facts the Board decided unanimously to confirm Declaratory Resolution No 62 as amended by inserting the foregoing provision.

Confirmed Dec Res. No. 62.

Petition Am. Dist. Tel. Co.

The petition of the American District Telegraph Company signed by the Hoosier Mfg. Co. and many others, asking that the Board grant to aforesaid Telegraph Company a franchise without compelling it to pay to the city any part of its revenue, was received and placed on file.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Ind. February 5th 1900

There being no business before the Board, no meeting was held.

Office Board of Public Works
Fort Wayne Indiana, Feb 8th 1900

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggeman, R.K. Kane, and J.K. McCracken.

Postponed imp. Res. No. 197.

In the matter of constructing a brick sidewalk on the west side of John street from Pontiac street to McKee street in accordance with Improvement Resolution No 197, hearing was again further postponed until 7:30 o'clock P.M. April 5th 1900.

Postponed S.S. Imp. Res. No 66

In the matter of constructing a vitrified clay pipe sewer in the first alley south of Putnam street from Andrew street to to Hench street in accordance with Local Sewer Improvement Resolution No 66 further action in the matter was postponed until February 22nd at 7:30 o'clock P.M.

Resolution

The City Civil Engineer was instructed to prepare plats as follows: For widening Rogue street from Liberty street to the first alley ~~west~~ south.
For opening Harrison street from Brooklyn Ave to Grandstreet
For widening Fulton street from Jefferson street to Brackenridge street.

Petition Ft.W. Trac. Co.

To the Board of Public Works of the City of Fort Wayne:

The Fort Wayne Traction Company hereby respectfully petitions your Honorable Body to authorize and empower it by contract to lay, construct, maintain and operate a double track street railroad on Main street from the East line of Calhoun street to a point one hundred (100) feet from the East ~~line of Calhoun~~ end of the bridge across Said Maryo river, and also from a point one hundred (100) feet from the west end of said bridge to the terminus of its present line at Lindenwood Cemetery; also a single track street railroad on Clinton street from the south line of Main street to the north line of Columbia street and an additional track on Columbia street from the East line of said Clinton street to the center

of Calhoun street connecting at said Calhoun street with the double track and curves now owned and operated thereon by said Traction Company; also a single track street railroad on Clinton street connecting with the present tracks at the intersection of Clinton and Lewis streets, and thence on Clinton street to Chestnut street, and thence west on Chestnut street connecting with the tracks of said Company on said Chestnut street; also a single track on said Holman street connecting by necessary curves with the track on Clinton street and running thence west to the west line of the property of the Fort Wayne Traction Company, to wit: Lot No 65 in Hamilton's Second Addition to the City of Fort Wayne, with the right to connect the same with the curved tracks running into the Company's car house at said point, together with the necessary poles, wires and appliances therfor, and that said contract be submitted by your Honorable Body to the Common Council of said City for their approval.

Respectfully submitted
Fort Wayne Traction Co.
By A.K. Scott, Genl Manager

On motion the petition was received and placed on file.

Contract submitted by Fort Wayne Tract Company.

The following contract was then submitted by General Manager A.K. Scott:

Articles of agreement entered into by and between the Board of Public Works of the city of Fort Wayne Indiana, and the Fort Wayne Traction Company, for and on behalf of itself, its successors and assigns, witnesseth:

That in consideration of the mutual covenants and agreements hereinafter contained it is hereby agreed by and between said Board of Public Works of the city of Fort Wayne, Indiana, and The Fort Wayne Traction Company, for and on behalf of itself, its successors and assigns, as follows:

Section 1.

Consent, permission and authority are hereby ~~in~~vested and granted by the said Board of Public Works of the City of Fort Wayne to The Fort Wayne Traction Company, its successors and assigns, to lay, construct, maintain and operate a double track street railroad on Main street, in said city, from the East line of Calhoun to a point one hundred (100) feet from the East end of the bridge across Saint Mary's river and also from a point one hundred (100) feet from the West end of said bridge to the terminus of said Company's line

at Lindenwood Cemetery; also a single track street railroad on Clinton street from the south line of Main street to the north line of Columbia street with the necessary curve at the intersection of Clinton and Columbia streets, and an additional track on Columbia street from the east line of said Clinton street to the center of Calhoun street, connecting at said Calhoun street with the double track and curves now owned and operated thereon by said Fort Wayne Traction Company; also a single track street railroad on Clinton street, connecting with the said Company's present tracks thereon at the intersection of Clinton and Lewis streets, and thence on Clinton street to Chestnut street and thence west on Chestnut street connecting with the tracks of said Company on said Chestnut street; also a single track on Holman street, connecting with the track on Clinton street and running thence to the west line of the property of the Fort Wayne Traction Company, to wit: Lot 65 Hamilton's Second Addition to the City of Fort Wayne, with the right to connect the same to the curved tracks running into said Company's car house at said point together with the necessary poles, wires and appliances for said several tracks.

Section II

The said Company, for itself, its successors and assigns, hereby agrees that it will lay and construct said double track street railroad on Main street as far west as Broadway immediately after the passage of the ordinance approving this contract and to lay and construct the remaining portion from Broadway west at such time or times as the said street or any portion thereof may be repaved; or it may be constructed at the option of said Traction Company at any time after said double track is laid to Broadway.

Section III.

Said Company, for itself, its successors and assigns, shall pave, maintain and keep in repair all that portion of said tracks on said several streets, lying between the outer rails of said double tracks including that part of the streets lying between the inner rails of said tracks, at the same time and from time to time, as the balance of said street is paved and with such material as the Board of Public Works shall order; but such material or kind of pavement shall not be more expensive than that with which the remainder of the street is paved.

Section IV.

Said Company, for itself, its successors and assigns, hereby

further agree to pave and keep in repair all that part of its track or tracks now constructed or operated upon any street or streets within the limits of said city of Fort Wayne, when and wherever the property owners or the city may pave the balance of the street not occupied by the track or tracks of said Traction Company, and with such material or kind of pavement as the Board of Public Works of said city shall order and direct. But such pavement and material shall not be of a more expensive kind than that used for the balance of said pavement of said streets; provided, however, that in the paving of said portions of said several streets in this agreement named, or any street occupied by said street railroad and hereafter paved, there shall be laid next the inner and outer sides of each of said rails granite blocks, of suitable size and dimensions, to the satisfaction of said Board of Public Works, unless the street be paved with bricks, in which event it shall be optional with the Board of Public Works as to whether granite blocks or bricks shall be so used.

Section V.

Said Company, its successors and assigns, shall not be required to pave any other portions of said streets; but after said portions of said streets are paved, it and they shall be required to and shall maintain and keep in repair, in addition to the surface of said streets herein provided for to be paved, two strips of ground each twelve (12) inches in width lying contiguous to the outside edge of the outer rails of said tracks.

Section VI.

This agreement, and the rights and privileges hereby granted to the said Fort Wayne Traction Company, its successors and assigns, is made subject to the provisions, restrictions and requirements of all the ordinances heretofore granted to the Fort Wayne Electric Railway Company, the Fort Wayne Consolidated Railway Company or to any and every predecessor except as herein modified and changed.

On motion the aforegoing contract was received and placed on file for further consideration.

The Board then on motion adjourned.

The following communication was then read:

Fort Wayne, Ind., Feb. 14, 1900

Communication from County Commissioners to narrow Court street

Board of Public Works, Fort Wayne, Ind.,
Gentlemen, — The County Commissioners of Allen County having asked the privilege of setting out the east sidewalk of the new court house ten feet into the street, thereby leaving Court street a twenty foot sidewalk the same as is contemplated on the other three sides of that structure we the property holders on the East side of court street do hereby consent to such proposition on the condition that the county shall pay for and maintain the paving of half of the roadway that shall remain after said sidewalk is thus extended. After such extension there will remain between curbs a width of 36 feet, of which the county shall pave 18 feet.

Signed by David H. Foster
The Tri State B. & L. Assn. Chas. A. Wilding, Secy.

The following communication was received and placed on file:

Petition withdrawn

Fort Wayne, Indiana, Feb 26, 1900

To the Honorable Board of Public Works of the City of Ft Wayne.

Gentlemen, —

The petition addressed to your Honorable Body and presented at the regular meeting of the Board on the 8th inst., asking for additional track facilities on certain streets of this city, is hereby withdrawn.

A.L. Scott

Lowest bidder withdraws Main Sewer Imp Res. No. 5.

The Board now took up for consideration the various proposals received February 19th for the construction of the Main Intercepting Sewer in accordance with Main Sewer Improvement Resolution No 5. Derheimer and Company, who had submitted the lowest bid, submitted the following:

Fort Wayne, Ind., February 26, 1900.

I hereby state to the Board of Public Works that I have been disappointed in obtaining the means necessary to do the work upon which I submitted a bid. I have made a diligent effort to obtain the necessary money but without success and even though the contract were awarded me I could not carry on the work.

Derheimer & Co.

Bid thrown out. The Board hereupon decided to throw out the bid of Derheimer and Company, inasmuch as they were irresponsible bidders and not able to carry out the work.

Contract awarded Main S. Imp. Res No 3. Thomas J. Peter of Chicago, Ills. being the next lowest bidder the Board upon motion decided to award the contract to him his bid being 39 93/100 per lineal foot, and said Thomas J. Peter being the lowest and best bidder.

The Board then on motion adjourned.

that written notice according to law be served upon the property holders affected thereby, and that the 22nd day of March 1900 be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against aforesaid assessment roll of benefits.

Adopted.

Plans approved.

The City Civil Engineer submitted plats showing the proposed widening of Begue street from Liberty street to the first alley south of Liberty street; the proposed widening of Fulton street from Jefferson street to Brackenridge street, the vacation of the alley between lot nos. 21 and 22 Huffmans Addition. On motion these plats were approved by the Board.

Adopted Dec. Res. 63.

Declaratory Resolution No 63.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is desired and deemed necessary to widen Begue street in the city of Fort Wayne Allen County and State of Indiana from Liberty street to the first alley south of Liberty street. Said street when widened to have a uniform width of 50 feet. Said street to be widened by condemning and appropriating for street purposes a piece of land described as follows, to wit:

Commencing at the southwest corner of Liberty and Begue streets, thence west 17 feet thence south 145 feet thence East 17 feet thence north 145 feet to the place of beginning All as shown by the plan of such proposed widening of Begue street above described now on file in the office

of the Board of Public Works of said city.
The property which may be injuriously or beneficially affected by the widening of said Wayne street as above described is described as all parcels and lots of land not occupied by streets or alleys lying south of the Ky. C&I&K Railroad, west of Coombs street, north of Wayne street and east of Harmer street. All of said lots and lands being situated in the city of Fort Wayne, Allen County, Indiana. Adopted.

Dec Res. No 64

Declaratory Resolution No 64.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to widen Fulton street in the city of Fort Wayne, Allen County and State of Indiana, from Jefferson street to Brackenridge street. Said street when widened to have a uniform width of 50 feet. Said street to be widened by condemning and appropriating for street purposes a piece of land described as follows, to wit:
Commencing at the northeast corner of Brackenridge street and Fulton street thence east 34 feet, thence north to the south line of Jefferson street thence west along the south line of Jefferson street to Fulton street, thence south to the place of beginning. All as shown by the plan of such proposed widening of Fulton street above described now on file in the office of the Board of Public Works of said city. The property which may be injuriously or beneficially affected by the widening of said Fulton street as above described is described as all parcels and lots of land not occupied by streets or alleys lying south of Jefferson street, west of Griffith street, north of Brackenridge street, east of Broadway. All of said lots and lands being situated in the city of Fort Wayne, Allen County, Indiana.
Adopted.

Dec. Res. No 65

Declaratory Resolution No 65

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to vacate the alley between lots Nos 21 and 22 Huffmans Addition to the city of Fort Wayne, Indiana. The property which may be injuriously or beneficially affected by the vacation of said alley above described is described as lots Nos 21 and 22 Huffmans Addition to the city of Fort Wayne, Indiana. All as shown on the plan of such proposed vacation of said alley as above described now on file in the office of the Board of Public Works of said city.

All of said alley and lots and lands affected by the vacation of said alley being situated in the city of Fort Wayne County of Allen, State of Indiana.
The cost of said vacation of said alley and all expenses connected therewith to be assessed against lots Nos 21 and 22 Hoffmans addition to the city of Fort Wayne, Indiana.
Adopted.

Notice to P.

Moved that notice to property holders of the adoption of Declaratory Resolutions Nos 63, 64, and 65 be published in the Fort Wayne Journal Gazette on the 8th and 22nd days of March 1900, and that the 29th day of March 1900 at 7:30 o'clock P.M. be fixed a date when the Board will hear and consider objections or remonstrances against either of aforementioned Declaratory Resolutions.

BOARD OF PUBLIC WORKS.

Attest: [signature]
CLERK.

Office Board of Public Works.
Fort Wayne, Ind., March 12th 1900
Regular meeting held at 3 o'clock P.M.
Present: Peter Eggeman, P. H. Kane, and J. K. McCracken.

Contract awarded. The contract for printing and binding the annual reports was on motion awarded to The Journal Gazette, their bid having been the lowest and best.

Plans approved. The City Civil Engineer submitted a plat showing the proposed condemnation of a right of way for the Main Intercepting Sewer across the Orff Mill property. On motion the plat was approved.

Adopted See Res. Rec.

Declaratory Resolution No 66.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana that it is desired and deemed necessary and advisable to condemn for sewerage purposes a strip of ground twenty (20) feet in width across and over and under a tract of land lying north of Main street East and south of the St Marys river and west of the right of way of the New York, Chicago and St Louis Railroad, said tract of land being situated in the East half of the south East quarter of section three (3), township thirty (30), north, range twelve (12) East;

said strip of ground to be condemned for said sewerage purposes to have a width of twenty (20) feet and described as follows, to wit: Commencing at a point on the north line of Main street three hundred and sixty five (365) feet west of the southwest corner of lot Number twenty eight (28) Rockhills Amended Addition thence north five (5) feet, thence northeast parallel with the line of the proposed sewer to the west line of the right of way of the New York, Chicago and St Louis Railroad thence south twenty (20) feet, thence southwest parallel with the line of the proposed sewer to the north line of Main street, thence north fifteen (15) feet to the place of beginning.
All of said property being situated in the city of Fort Wayne, Allen County, Indiana.
The property or real estate which may be injuriously or beneficially affected by the condemnation of the above described strip of land for sewerage purposes is described as all lots or parcels of land lying north of Main street and east and south of the St Marys river and west of the New York, Chicago and St Louis Railroad.
All of said property or real estate which may be injuriously or beneficially affected being situated in the City of Fort Wayne, Allen County, Indiana. All as shown on a plan for such condemnation for the above described land for sewerage purposes now on file in the office of the Board of Public Works of said City of Fort Wayne, Allen County, Indiana.

Adopted.

Plat Romy's Second Addition approved.

R.L. Romy submitted a plat of Romys 2nd Addition to the City of Fort Wayne, Indiana, being a subdivision of part of Hoods subdivision, and more particularly described as follows: The north half of a tract of land commencing at the southwest corner of Bolts Addition to the city of Fort Wayne in lot number three (3), thence running south so as to include one half acre off the north side of lot number four (4) in Wm. E. Hoods subdivision of the west half of the west half of the northwest quarter of section thirteen (13), township thirty (30), north, range twelve (12) East. On motion said plat was approved.

Petition to pave Masterson st.

The petition of J. J. Edelman and 7 others asking that Masterson street be paved from Lafayette street to Hanna street, was received and placed on file

Plans approved.

The City Civil Engineer submitted plans and specifications for paving the following streets with either sheet asphalt, asphalt block, creosoted long-leafed southern yellow pine block, or vitrified paving block:

Berry street, from Calhoun street to the east line of Clinton st.
Court street, from Main street to Berry street.
Clinton street from Main street to Berry street.
Main street, from Harrison street to Barr street, excepting the Calhoun street intersection.
Columbia street, from Calhoun street to Barr street.

Wayne street, from the east line of College street to Nelson st.
On motion the plans were approved by the Board.

Adopted
Imp. Res. No 199

Improvement Resolution No 199.

Resolved, by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve Berry street from the East property line of Calhoun street to the east property line of Clinton street by grading the roadway to a width of 42 feet with sheet asphalt, asphalt block, creosoted block or vitrified paving block upon a six (6) inch concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone where not already properly done, and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Imp. Res. No 200.

Improvement Resolution No 200.

Resolved, by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve Court street from the south property line of Main street to the north property line of Berry street by grading and paving the roadway to a width of thirty six (36) feet with sheet asphalt, asphalt block, creosoted block, or vitrified paving block upon a six (6) inch concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone where not already done and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

and there appearing no objections or remonstrances whatever against either of aforementioned Resolutions be it therefor resolved that we the Board of Public Works do hereby confirm Declaratory Resolutions Nos 63 and 65, also Improvement Resolution No 205 and Main Sewer Improvement Resolution No 8 as in the original.

Adopted.

Postponed Dec. Res. No 64.

This being the date and time previously fixed when the Board would hear and consider objections or remonstrances against Declaratory Resolution No 64 which provides for widening Fulton street from Jefferson street to Fulton street,

also for hearing objections or remonstrances against

Main Sewer Imp Res. No 9.

Main Sewer Improvement Resolution No 9 which provides for the construction of a vitrified clay pipe sewer in the alley on the East side of Industrial Park Addition from Pontiac street to the alley on the south side of Industrial Park Addition on motion the Board decided to postpone further action on Declaratory Resolution No 64 and Main Sewer Improvement Resolution No 9 until 7:30 o'clock P.M. May 10th 1900.

Rescinded Main Sewer Imp Res. No 7.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Main Sewer Improvement Resolution No 7, which provides for the construction of a vitrified clay pipe sewer in the first alley west of St Marys Avenue from High street to Polk street, it was shown to the satisfaction of the Board that this sewer should be extended to the New York Chicago and St Louis Railroad and on motion Main Sewer Improvement Resolution No 7 and all action taken by the Board in connection therewith were on motion rescinded.

Notice to contr.

Moved that notice to contractors of the work to be done under Improvement Resolution No 205 and Main Sewer Improvement Resolution No 8 be published in the Fort Wayne Journal Gazette on the 18th and 25th days of April 1900, and that the 3d day of May 1900 be fixed a date when the

Board at 7:30 o'clock P.M. will open sealed proposals for the work so to be done. Adopted.

Petition to relay sidewalks

The petition of Ulrich Brake to raise and relay the sidewalk abutting on lots 99 and 100 North Side Addition was granted also the petition of H. A. Herberding to raise and relay the sidewalks abutting on lots 1, 2, 3, 4, and 5 DeKalcamps Sub.

Deed for street purposes.

This indenture witnesseth That Frank Alderman and the Industrial Park Land Company of Allen County, in the State of Indiana in consideration of one Dollar to it paid by the City of Fort Wayne, the receipt whereof is hereby acknowledged, do grant, bargain, sell, and convey to the said The City of Fort Wayne its heirs and assigns forever all easements for street purposes in the following real estate in Allen County, and State of Indiana and described as follows, to wit: The East fifteen and one half (15½) feet of lot No 183, and all of lot No 184 and the West four and one half (4½) feet of lot No 185 Industrial Park Addition to the city of Fort Wayne. Also the East 38 feet of lot No 200 and the West 22 feet of lot No 201 Industrial Park Addition to the city of Fort Wayne.
This grant is given on condition that said city of Fort Wayne through and by its proper department extend the City limits south to the center line of Eckart Lane and East to the East line of Smith street extended south. Also to build a branch Main Sewer in the alley between Smith street and Gay street and the alley between Colerick street and Eckart Lane, commencing at Pontiac street and extending to the first alley East of Hanna street, together with all the privileges and appurtenances to the same belonging To have and to hold the same to the said The City of Fort Wayne its heirs and assigns forever. The Grantor heirs and assigns hereby covenanting with the Grantee heirs and assigns, that the title so conveyed is clear free, and unincumbered; that it is lawfully seized of the premises aforesaid as of a sure and indefeasible estate of inheritance in fee simple, and that it will warrant and defend the same against all claims whatsoever.
In witness whereof the Grantor has hereunto set its hand and seal this 10th day of April A.D. 1900.

Industrial Park Land Company

Bids for painting and decorating City Hall.

The following bids were received for painting and calsomining the City Hall Building:

H.A. Kircheffer	$749.00
Wm Yergens Jr.	$887.00
Louis Brunner	$801.00
A.M. Lehnert	$694.00

On motion all bids were taken under adviserment until 30 o'clock P.M. April 16th 1900.

Plans approved.

The City Civil Engineer submitted plans and specifications for a main sewer in the alley west of St Mary's Avenue from the brick sewer on High street to the north line of the right of way of the New York Chicago and St Louis railroad. On motion the plans were approved.

Adopted Main Sewer Imp. Res. No 10.

Main Sewer Improvement Resolution No 10.

Resolved by the Board of Public Works of the city of Fort Wayne, state of Indiana, that the construction of a main sewer intended and adapted not only for use of abutting property owners along the line of such sewer but also intended and adapted for receiving sewage from tributary drains be and the same is hereby ordered in and along the alley west of St Marys Avenue from the brick sewer on High street to the north line of the right of way of the New York Chicago and St Louis Railroad.

Said sewer shall be an 18 inch vitrified clay pipe sewer from the brick sewer on High street to the alley south

of Burgess street and a 15 inch vitrified clay pipe sewer from the alley south of Burgess street to the south line of the right of way of the New York Chicago and St Louis Railroad. All of which is more particularly set forth in the plans and specifications on file in the office of the Board of Public Works and all of said work and material of every kind is to be in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city, and which are made a part hereof.

The total cost of said improvement shall be paid by the holder of property beneficially affected thereby in proportion to the benefits received including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer, which lies within the following described territory in the city of Fort Wayne Allen County, State of Indiana, to wit: All that property lying south of High street, west of Calhoun Avenue, north of the south line of the right of way of the New York Chicago and St Louis Railroad, and east of DeGroff street and DeGroff street produced south to the New York Chicago and St Louis Railroad. Adopted.

The Board then on motion adjourned.

Adopted.

Franchise Am. Dist. Tel. Co.

The American District Telegraph Company having at various times requested the Board to grant them a Franchise over the streets and alleys of the city, the city now submitted the following:

Whereas, prior to the first day of January, 1899 the Western Union Telegraph Company had established and constructed wires through the principal business portions of the city of Fort Wayne for the purpose of connecting call boxes for messengers furnished by said Telegraph Company to receive and deliver Telegraphic messages to be sent over the wires of said Company, and to call for messengers to deliver business notes and packages for such patrons, and perform for such patrons such other errands and services as they might require, and

Whereas, the American District Telegraph Company of Indiana has acquired from said Western Union Telegraph Company the right to use said wires for said purposes, and,

Whereas, said American District Telegraph Company may in the future desire to extend wires in and to other portions of the city of Fort Wayne for the same purposes;

Now, therefore, this agreement entered into by and between the city of Fort Wayne, party of the first part, by and through its Board of Public Works, and said American District Telegraph Company of Indiana, party of the second part, witnesseth that:

1st: The city of Fort Wayne, party of the first part hereby grant permission to the said American District Telegraph Company of Indiana, a corporation, to erect and maintain the necessary poles upon the streets and alleys of the city of Fort Wayne, where said Company has not poles or wires at the present time, and to string and maintain thereon such wires as may be necessary to conduct its business, consisting in collecting and delivery by its messengers messages for and from

said Western Union Telegraph Company, and any other Telegraph Company which may desire such service, to its patrons, also to furnish messengers to the public when called upon for the delivery of packages, business notes and the performance of such other errands and service as may be required, and also to furnish night signal watch service to such persons as may desire it consisting of night watch boxes put into homes, offices and business places of such persons, whereby such persons may obtain knowledge as to whether or not their night-watchmen are performing their duties as required; also for the purpose of sending in burglar and fire-alarms and telegraph police calls.

Said city of Fort Wayne also hereby further grants to said American District Telegraph Company of Indiana, the right to maintain and operate said wires so constructed by said Western Union Telegraph Company as they are now constructed, or to move them and reconstruct them on such other streets and alleys of said city as the convenience of said American District Telegraph Company of Indiana may require; provided however, that the poles for such wires shall only be erected at such points and places in said streets and alleys as may be agreed upon by said American District Telegraph Company of Indiana and the Board of Public Works of said city. said wires at no points to be at a less distance than twenty five feet from the ground.

In consideration of the rights and privileges herein granted by the said city of Fort Wayne, said American District Telegraph Company of Indiana for it's second part agrees that it will place and maintain in the Police Stations and principal offices of said city, free of any charge or expense to said city, a messenger box to be used by said city for calling messengers of the said American District Telegraph Company of Indiana.

And in consideration of the privileges and rights herein granted, said American District Telegraph Company of Indiana further agrees that from and after the first day of January, it will pay unto said city for a period of five years beginning with the date of the final approval of this contract by the

Common Council, two per cent per annum of its gross receipts from any source whatsoever including all revenues received from messages or other business passing over such wires or secured by means of such wires and call boxes including the rentals obtained for the use of such call boxes, and after the expiration of said first year it will pay to said city three per cent per annum of all of its gross receipts.

It is further agreed that the books of the said American District Telegraph Company of Indiana showing such receipts shall at all times be open for the inspection of any officer of the city having authority from said city to make such inspection.

The said Company upon the acceptance of this contract shall execute to the city of Fort Wayne a good and sufficient bond in the sum of five thousand (5000) dollars with good and sufficient securities to be approved by the said Board of Public Works, conditioned that the party of the second part shall faithfully carry out and perform each and every agreement herein contained and shall well and truly pay to said city all penalties, forfeitures and other sums of money which under the terms of the contract it may become liable for to said city, and said bond shall be renewed from time to time during said period on the demand of the said Board of Public Works of said city whenever by the insufficiency of the accumulation of unpaid penalties, forfeitures, judgements, or other claims against said Company in favor of said city, the said Board deem such renewal necessary.

And in case the said Company shall on the reasonable demand of said Board fail or refuse to renew such bond or furnish such additional security thereon as may be required, then its rights under this contract shall cease and the franchise herein granted be forfeited which forfeiture may be enforced in any court of competent jurisdiction.

It is further agreed that said American District Telegraph Company of Indiana shall at all times comply with all ordinances and resolutions now in force, or which may hereafter be adopted by the Common Council of said city.

In witness whereof the parties hereto have caused this contract to be executed this day of 1900

The Board on motion approved the foregoing contract, and ordered it submitted to the American Destrick Telegraph Company for their approval and signature.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Ind., May 2nd 1900.

Special meeting held at 3:30 o'clock P.M.

Contracts awarded.

The Board met for the purpose of awarding contracts for various public improvements to be made and upon which proposals had been opened April 26th 1900, 7:30 o'clock P.M. The following action was taken by the Board:

Imp. Res. No 199

Improvement Resolution No 199, for paving Berry street from Calhoun street to Clinton street, the contract was awarded to the Barber Asphalt Paving Company, they being the lowest and best bidders, and no objection having been made to the selection of sheet asphalt made by the Board.

Imp. Res. No 200.

Improvement Resolution No 200, for paving Court street from Main street to Berry street, the contract was awarded to the Barber Asphalt Paving Company, they being the lowest and best bidder and no objection having been made to the selection of sheet asphalt made by the Board.

Postponed.

Imp. Res. No 204.

Improvement Resolution No 204, for paving Wayne street from College street to Nelson street the College Place Improvement Company objected to the use of sheet asphalt in making the improvement, but failed to submit a written request that specified some other material upon which bids had been received and which they wanted substituted for sheet asphalt. As the College Place Improvement Company had originally petitioned for sheet asphalt and bids were submitted for sheet asphalt and Metropolitan Block only, and neither wanted by the company, as stated by a number of their officials present further action in the matter was postponed indefinitely.

The Board then on motion adjourned.

Attest. Alb. Schmidt

Sewer Builders Bond

The Sewer Builders Bond of Albert Rolf was on motion approved.

Petition to relay walk.

The petition of Ulrich Brake to raise and relay the sidewalk abutting on lot No 88 Lewis Addition was granted.

Confirmed M.S. Imp. Res. No 10.

This being the date previously fixed by the Board when they would hear and consider objections or remonstrances against Main Sewer Improvement Resolution No 10, which provides for the construction of a vitrified clay pipe sewer in the alley west of St Marys Avenue from High street to the north line of the right of way of the New York, Chicago and St Louis Railroad and there appearing no objections or remonstrances on motion Main Sewer Improvement Resolution No 10

was confirmed as in the original.

Notice to contractors

Moved that notice to contractors of the work to be done under Main Sewer Improvement Resolution No 10 be published in the Fort Wayne Journal Gazette on the 5th and 12th days of May 1900 and that the 24th day of May 1900 be fixed a date when at 7:30 o'clock P.M. they will receive and consider proposals for the work to be done. Adopted.

Postponed P. S. Imp. Res. No 70.

In the matter of constructing a 12 inch vitrified clay pipe sewer in the alley west of Runnion Avenue from the alley north of Main street to the Old Feeder Canal Property, on account of a remonstrance received, further action in the matter was postponed until May 31st 1900, 7:30 o'clock P.M.

Petition sewer

Plans ordered

The petition of D. E. Short and others asking for the construction of a sewer in Basin street and in the alley north of Boone street from Cherry street to the right of way of the L.E. & W. Ry. was received and the city civil Engineer instructed to prepare plans and specifications.

Bids opened

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for various public improvements to be made the Board now proceeded to open such proposals and obtained the following result:

Imp. Res. No 205

Improvement Resolution No 205, for grading Franklin Ave and constructing sidewalks on both sides from Polk street to High street

C.E. Moellering & Co. bid per lineal foot 62¢
George Wilhelm " " " 85¢.

Contract awarded

On motion the contract was awarded to C.E. Moellering & Co., their bid being the lowest and best.

M. S. Imp. Res. No 8.

Main Sewer Improvement Resolution No 8, for the construction of a vitrified clay pipe sewer in High street from St Marys Avenue to the first alley east, and in the first alley east of St Marys Avenue from High street to the L.S. & M.S. R.R.

C.E. Moellering & Co bid per lineal foot 82¢
Anton Rieg " " " 78¢.

Contract awarded

On motion the contract was awarded to Anton Rieg.

Approaches to Clay street bridge.

The Wabash Railroad Company through its agent gave notice that in the future they would refuse to keep in repair the approaches to the Clay street bridge over their tracks. On motion the communication was referred to the city attorney for his opinion as to whether the city or the railroad company would have to maintain and keep in repair these approaches.

Plans approved.

The city civil engineer submitted a plat showing the proposed opening of Hoagland Avenue from Killea st. to Richardville Avenue. also a plat showing the proposed opening of an alley south of Third street from the alley west of Orchard street to the east line of Strodles Addition; also plans and specifications for a sewer in the alley between High street and Lincoln street from the brick sewer in St Marys Avenue to the east line of Bass & Houghs Addition also plans and specifications for a sewer in the alley between Elm street and Harbor street from Mechanic street to Center street and on Bluff street from Center street to the alley south of Main street.
also for grading the alley between Lahmeyer street and Pontiac street from Nirker street to Lillie street.
On motion the aforementioned plats and plans and specifications were approved.

Adopted Dec. Res. No. 67.

Declaratory Resolution No 67.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to open and extend Hoagland Avenue in the city of Fort Wayne, Allen County, and State of Indiana, from the south property line of Killea street to the north property line of Richardville Avenue, said opening and extending to be a uniform width of 60 feet to be made by condemning and appropriating for street purposes parts of lots and lands described as follows to wit: The east 30 feet of the south 220 feet of Fairfields outlot No 9, the East 30 feet of Fairfields outlots Nos 10, 11, 12, and 13, the east 5.4 feet of lots Nos 1, 2, 3, 4, 5, and 6 of Bond's Subdivision of Fairfields outlot No. 14 the East 30 feet of Ewings outlots Nos 1, 8, 9, and 16, the west 30 feet of Barnetts outlots Nos 6, 11, 12, 15, and 16. The above described lots and lands being situate in Section 14, township 30, north range 12, East.
All as shown by the plan of such proposed opening

and extending of Hoagland Avenue above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the opening and extending of said Hoagland Avenue above described is described as all parcels and lots of land not occupied by streets or alleys lying south of Pontiac street west of Webster street and Webster street extended north to Pontiac street, north of Richardville Avenue, and east of Fairfield Avenue.

All of said avenue and parcels of land and lots being situated in the city of Fort Wayne, Allen County, Indiana.

Adopted.

Dec. Res. No. 68.

Declaratory Resolution No 68.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to open the alley south of Third street from the alley west of Orchard street to the east line of Strodle's Addition. Said alley when opened to have a uniform width of 10 feet, the same to be made by condemning and appropriating for alley purposes the following described parts of lots and lands, to wit; The south seven feet of the east 277½ feet of the south half of Hamans outlot No 6 situated in the northwest quarter of Section 2, Township 30, north range 12 east also the north 3 feet of lot No 6 Burtholds addition to the city of Fort Wayne Indiana.

All as shown by the plan of such proposed opening of said alley as above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the opening of said alley above described is described as all lots or parcels of land not occupied by streets or alleys lying south of Third street west of the alley west of Orchard street north of High street and east of Burthold street.

All of said alley and lots and lands being situated in the city of Fort Wayne, Allen County, Indiana).

Adopted.

M. S. Imp. Res. No 11

Main Sewer Improvement Resolution No 11.

Resolved by the Board of Public Works of the city of Fort Wayne State of Indiana that the construction of a Main sewer intended and adapted not only for use by abutting

property owners along the line of such sewer, but also intended and adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between High street and Lincolnair street from the brick sewer on St Marys Avenue to the East line of Bass and Hough's Addition. Said sewer shall be a 15 inch vitrified clay pipe sewer, all of which is more particularly set forth in the plans and specifications on file in the office of the Board of Public Works, and all of said work and materials of every kind is to be in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city, and which are made a part hereof.

The total cost of said improvement shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received, including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the city of Fort Wayne, Allen County State of Indiana, to wit:

All that property lying north of High street east of St Marys Avenue south of Lincolnair street and Lincolnair street extended east to the west line of Nefel's Addition, and west of Nefels Addition.

The entire cost of said sewer including that portion of said sewer which cross streets and alleys to be assessed against the property holders beneficially affected it being expressly intended and provided that the city of Fort Wayne shall pay no other part of the cost of the construction of said sewer unless it be as an owner of property beneficially affected in which case it shall be liable as other property holders.

Adopted.

Ld. Imp. Res. 71

Local Sewer Improvement Resolution No 71.

Resolved by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Elm street and Huron street from Mechanic street to Center street and on Bluff str

from Center street to the alley south of Main street as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer; all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Imp. Res. No 206.

Improvement Resolution No 206.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to improve the alley between Lahmeyer street and Pontiac street from Nuker street to Lillie street by grading to a width of 12 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Notice to F.O.

Moved that notice of Declaratory Resolutions Nos 67, and 68, of Main Sewer Improvement Resolution No 11, of Local Sewer Improvement Resolution No 71, of Improvement Resolution No 206, be published in the Fort Wayne Journal Gazette on the 5th and 12th days of May 1900 and that the 24th day of May 1900 be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against either of aforementioned resolutions.

Adopted.

Imp. Res. No. 204. Contract awarded.

In the matter of paving Wayne street from College street to Nelson street in accordance with Improvement Resolution No 204, Chairman Eggeman stated that all proceedings had in the matter were regular and according to law: that the selection of sheet asphalt as the material to be used in making the improvement had been made by the Board because the College Place Improvement Co., who own all property along the proposed improvement, had petitioned for that material and had stated they wanted nothing Else; that bids had been received on sheet asphalt and Metropolitan Block only and that Metropolitan Block was not wanted: that no written petition according to law had been filed with the Board asking that some other material upon which bids had been received be substituted for sheet asphalt, which in this case would have to be Metropolitan Block. For these reasons Mr. Eggeman stated, the Board could do nothing Else than proceed and have the street paved with sheet asphalt, and he made the

motion that the contract be awarded to the Barber Asphalt Paving Company their bid being the lowest and best. Mr McCracken objected and made the motion that all bids be rejected.
Mr Kane seconded the motion of Mr Eggeman.
The motion of Mr Eggeman was adopted Mr Eggeman and Kane voting "aye" and Mr. McCracken "no".

The Board then on motion adjourned.

Petition sewer. The petition of Owen N. Heaton and 17 others for the construction of a vitrified clay pipe sewer between Fairfield Avenue and Hoagland Avenue from the first alley south of Creighton Avenue to the main sewer south of Pontiac street, was received and placed on file.

Petition sidewalks. Plans ordered. The petition of George Christen and 8 others asking for the construction of sidewalks on the west side of Oliver street from Creighton Avenue to Pontiac street was received and the City Civil Engineer instructed to prepare plans and specifications.

Petition to relay sidewalks. The petition of H. A. Gerding to relay a brick sidewalk in front of lot No 96 Williams Addition was granted.

Petition to construct cement walk The petition of Fred Zimmendorff to construct a cement sidewalk in front of lot No 25 Brackenridge Addition was granted.

Rescinded Imp. Res. No 202. In the matter of paving Main street from Harrison street to Barr street in accordance with Improvement Resolution No 202, it became evident to the Board that it would be desirable to defer the paving of that portion of the street lying between Harrison and Calhoun street owing to the inability of the Board to make arrangements with the Fort Wayne Traction Company whereby they would agree to pay for the pavement between their tracks, and on motion Improvement Resolution No 202 was rescinded.

Assessment roll confirmed and work accepted Res. Imp. Res. No 65. The Board of Public Works having viewed the work of constructing a vitrified clay pipe sewer in the alley west of Orchard street from Third street to a point 24 feet north of High street in accordance with Local Sewer Improvement Resolution No 65, and the Board having previously fixed this date & time when they would hear and consider objections or remonstrances against the work done under this resolution and a date when the

assessment rolls containing the names of all property owners affected thereby together with a description of each piece of property benefitted by said improvement and the pro rata assessment against saide piece of property, the pro rata assessment being based upon the actual benefits each piece of property had received from the improvement so made, and there appearing no objections or remonstrances whatever on motion the work was accepted as completed under the terms of Local Sewer Improvement Resolution No 65, and the assessment roll confirmed and delivered to the Department of Finance. All of which was finally ordered and approved

Rescinded Main Sewer Imp. Res. No 9

In the matter of constructing a vitrified clay pipe sewer in the alley on the East side of Industrial Park Addition from Pontiac street to the alley on the south side of Industrial Park Addition in accordance with Main Sewer Sewer Improvement Resolution No. 9, owing to the Common Council having annexed property to the city which would be benefitted by the construction of this sewer and said property not being included in the resolution as property to be assessed for the work to be done, on motion Main Sewer Improvement Resolution No 9 was rescinded.

Confirmed Dec. Res. No 67.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 67 which provides for the opening and extending of Hoagland Avenue from Killea street to Richardsville Avenue,-

Dec. Res. No 68

also against Declaratory Resolution No 68 which provides for the opening of the alley south of Third street from the alley west of Orchard street to the East line of Strodels Addition.

M. S. Imp. Res. No 11

also against Main Sewer Improvement Resolution No 11 which provides for the construction of a sewer in the alley between High street and Lindair street from St Marys Avenue to the East line of Bass and Houghs Addition.-

S. I. Imp. Res. No. 71

also against Local Sewer Improvement Resolution No 71 which provides for the construction of a sewer in the alley between Elm street and Huron street from Mechanic street to Center street and on Bluff street from Center street to the alley south of Main street.-

Imp. Res. No 206

also against Improvement Resolution No 206 which provides for the grading of the alley between Lahmeyer street and Pontiac street from Winter street to Lillie street.-

and there appearing no objections or remonstrances against either of aforementioned Resolutions, on motion Declaratory Resolutions Nos 67 and 68, Main Sewer Improvement Resolution No 11, Local Sewer Improvement Resolution No 71, and Improvement Resolution No 206 were confirmed as in the original.

Rescinded R.L. Imp. Res. No 70.

In the matter of constructing a vitrified clay pipe sewer in the alley west of Runnion Avenue from the alley north of Main street to the Old Feeder Canal Property in accordance with Local Sewer Improvement Resolution No 70, adopted April 16th 1900, hearing fixed for May 3d 1900, and on that date further postponed to May 31st 1900, owing to a large number of resident property owners having remonstrated against the proposed improvement Local Sewer Improvement Resolution No 70 was on motion rescinded.

Imp. Res. No 207 amended

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrance against Improvement Resolution No 207, which provides for grading College street from Berry street to Wayne street and for constructing sidewalks on the west side of College street between aforementioned points, all property owners along the west side of the street asked the Board to permit them to build the sidewalk under private contract. On motion the resolution was amended by striking out the words " and grading the sidewalks on the west side of College street to a width of 11 feet and paving with brick to a width of 5 feet", and then confirmed as amended.

Confirmed

Confirmed Imp. Res. No 208

This being the date and time previously fixed by the Board when the would hear and consider objections or remonstrances against Improvement Resolution No 208, which provides for paving the alley between Columbia street and Main street from Calhoun street to Harrison street, -

Imp. Res. No 209

also against Improvement Resolution No 209 which provides for paving the alley between Washington street and Jefferson street from Calhoun street to Clinton street;

L. Imp. Res. No 72.

also against Local Sewer Improvement Resolution No 72 which provides for constructing and relaying the sewer in the alley between Jefferson street and Madison street from Barr street to a point 54 feet East of Lafayette street, - there appearing no objections or remonstrances whatever against Improvement Resolutions Nos 208 and 209, and the Board deciding that the objections against Local Sewer Improvement Resolution No 72 were not well taken on motion Improvement Resolutions Nos 208 and 209 and Local Sewer Improvement Resolution No 72 were confirmed as in the original.

Notice to Contractors

Moved that notice to contractors of the work to be done under Improvement Resolutions Nos 208, and 209 and Local Sewer Improvement Resolution No 72 be published in the Fort Wayne Journal Gazette on the 2nd and 9th days of June 1900, and that the 21st day of June 1900 be fixed a date when at 7:30 o'clock P.M. the Board will open sealed proposals for the work to be done.

Adopted.

Office Board of Public Works.
Fort Wayne Indiana June 28th 1900
Regular meeting held at 7:30 o'clock P.M.
Present; Peter Eggeman, R.K. Kane, and J.K. McCracken.

Confirmed Imp. Res. No. 215

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 215 which provides for paving Webster street from Berry street to Jefferson street and there appearing no objections or remonstrances whatever on motion the resolution was confirmed as in the original.

Imp. Res. No.

This being also the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 216, which provides for paving Thurman street from Thayer street to Pontiac street a number of property owners appeared presenting a remonstrance against the improvement After comparing the remonstrance with the petition it was found that the petition contained the names of 15 resident property owners while the remonstrance contained 14 only, not enough to prevent the improvement.
The Board thereupon confirmed Improvement Resolution No 216 as in the original.

Notice to Contractors.

Moved, that notice to contractors of the work to be done under Improvement Resolutions Nos 215 and 216, and under Local Sewer Improvement Resolution No 72 be published in the Fort Wayne Journal Gazette on the 30th day of June and the 7th day of July 1900 and that the 12th day of July 1900 be fixed a date when at 7:30 o'clock P.M. the Board will receive and open sealed proposals for the work

to be done under aforementioned Improvement Resolutions.
Adopted.

Bids rejected L.S. Imp. Res. No 72.

All bids received by the Board on the 21st day of June 1900 for the work to be done under Local Sewer Improvement Resolution No 72 were on motion rejected.

Assessment Roll confirmed and work accepted Imp. Res. No 195

Imp. Res. No. 198

M. S. Imp. Res. No 8

The Board having viewed the work of constructing brick sidewalks on the north side of Cottage Avenue from Indiana Avenue to Beaver Avenue in accordance with Improvement Resolution No 195,
also the work of grading the alley between Creighton Avenue and Baker street from Clinton street to the first alley west,
Also the work of constructing a vitrified clay pipe sewer in High street from St Marys Avenue to the first alley east and in the first alley East of St Marys Avenue from High street to the L. S. & M. S. R.R. in accordance with Main Sewer Improvement Resolution No 8,
and this being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions and a time when the assessment roll would be heard before taking final action thereon, said assessment rolls containing the names of all property holders affected by the improvements together with a description of each piece of property affected thereby and the pro rata assessment against the same said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement for which it has been assessed, and there appearing no objections or remonstrances whatever, on motion the work done under aforementioned Resolutions was accepted as completed, and the assessment rolls confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

For the construction of a Main Sewer in the alley East of Gay street and in the alley south of Colerick street from the brick sewer on Pontiac street to the alley East of Hanna street.

On motion aforementioned plans and specifications were approved by the Board.

The City Civil Engineer also submitted a plat showing the proposed vacation of the alley between lots 3 and 4 and 25 and 26 LaSalles Addition, and on motion it was also approved.

Plat not approved

A plat showing a proposed opening of Hayden street from Francis street to Hanna street was not approved, Kane and McCracken voting to disapprove it.

Adopted.

Imp. Res. No 217

Improvement Resolution No 217.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is deemed necessary to improve Rockhill street from the south property line of Main street to the north property line of Berry street by grading the roadway to a width of 28 feet with sheet asphalt, asphalt block, creosoted wooden block or vitrified paving block upon a concrete foundation, by placing a marginal finish at all street and alley intersections curbing with new curbstone and paving the wings of all connecting streets and alley, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Imp. Res. No 218

Improvement Resolution No 218.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Main and Berry streets from Fulton street to Broadway, by grading and paving full width with sheet asphalt, asphalt block, or vitrified paving block upon a concrete foundation, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Imp. Res. No 219.

Improvement Resolution No 219.

Resolved by the Board of Public Works of the City of Fort Wayne Indiana, that it is deemed necessary to improve Harrison street from the south property line of Woodland Avenue to the north property line of Pearl hall street by grading the roadway to a width of 26 feet also by grading the sidewalks on each side to a width of 12 feet and paving the same with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

S. Imp. Res. No 74.

Local Sewer Improvement Resolution No 74.

Resolved by the Board of Public Works of the City of Fort Wayne State of Indiana, that the construction of a local sewer, including

and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains be and the same is hereby ordered in and along the alley between Fourth street and Fifth street from the alley west of Wells street to the alley on the west line of Langohrs Addition as follows:
Said sewer shall be a 12 inch vitrified clay pipe sewer all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Rd. Imp. Res. No 75

Local Sewer Improvement Resolution No 75.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer is needed and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains be and the same is hereby ordered in and along Barthold street and the alley between Fourth and Fifth streets from Fourth street to the alley on the East line of Eickoff's Addition as follows:
Said sewer shall be a 15 inch vitrified clay pipe sewer from Fourth street to the alley between Fourth and Fifth streets, and a 12 inch vitrified clay pipe sewer from Barthold street to the East line of Eickoffs Addition all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted

M. S. Imp. Res. No 13.

Main Sewer Improvement Resolution No 13.

Resolved by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a Main Sewer is needed and adapted not only for use by abutting property owners along the line of such sewer, but also intended and adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley east of Fay street and the alley south of Colerick street from the brick sewer on Pontiac street to the alley east of Hanna street. Said sewer shall be a 24 inch vitrified clay pipe sewer from the brick sewer on Pontiac street to the south line of Colerick street and a 15 inch vitrified clay pipe sewer from the south line of Colerick street to the alley east of Hanna street all of which is more particularly set forth in the plans and specifications on file in the office of the Board of Public Works, and all of said work and material of every kind is to be in accordance with the profile and

specifications on file in the office of the Department of Public Works of said city and which are made a part hereof.

The total cost of said improvement shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the city of Fort Wayne, Allen County State of Indiana, to wit: Commencing at the intersection of Clay and Pontiac streets, thence east to Smith street, thence south to Eckart Lane, thence west to Hanna street, thence North to Colerick street thence East to Clay street, thence north to the place of beginning.

The entire cost of said sewer including those portions of said sewer which cross streets and alleys to be assessed against the property holders beneficially affected it being expressly intended and provided that the city of Fort Wayne shall pay no other part of the construction of said sewer unless it be as an owner of property beneficially affected in which case it shall be liable as other property holders.

Adopted.

Dec. Res. No 69

Declaratory Resolution No 69.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to vacate the alley between lots Nos 3 and 4 and between lots Nos 25 and 26 LaSalle's Addition to the city of Fort Wayne, Indiana. The property which may be injuriously or beneficially affected by the vacation of said alley above described is described as lots Nos 3 and 4 and 25 and 26 LaSalle's Addition to the City of Fort Wayne, Indiana, all as shown on the plan of such proposed vacation of said alley as above described now on file in the office of the Board of Public Works of said city. All of said alley and lots and lands affected by the vacation of said alley being situated in the city of Fort Wayne, County of Allen State of Indiana.

The cost of said vacation of said alley and all expenses connected therewith are to be assessed against lots 3, 4, 25, and 26 LaSalle's Addition to the city of Fort Wayne Indiana.

Notice of Imp.

Moved, that notice of the adoption of Improvement Resolutions Nos 216, 217, 218, 219. T. Rails on Columbia st.

It having come to the knowledge of the Board that the Fort Wayne Traction Company had undertaken to lay T. rails along their lines on Columbia street and Columbia Avenue without a permit from the proper city authorities and contrary to the wishes of the Board of Public Works, the Board unanimously passed the following resolutions:

Whereas one C.L. McDonald, since deceased, in 1892 as applicant for an Electric Street Railway Franchise on Columbia Avenue and parts of Columbia street in the city of Fort Wayne, Indiana, agreed with said city to accept and comply with certain conditions in consideration of permission to construct and operate an Electric Street Railway upon said avenue and part of said street and permission appears to have been given upon such conditions; but neither said McDonald nor any other person or corporation has ever complied with such conditions.

Whereas, said McDonald after laying a temporary track and providing two cars therefor, attempted to transfer such track, cars and franchise over said avenue and part of street to a purported corporation under the appellation "Lakeside Street Railway Company" and several years thereafter permitted the Fort Wayne Consolidated Railway Company to take possession of and use said track, and cars, and the Fort Wayne Traction Company thereafter in December 1899 took and has since been in possession thereof without any transfer thereof to agreement or consideration therefor by it.

Whereas, said Traction Company soon after taking possession of said cars and track ordered material, including "T" rails for rebuilding a street railroad on said route aded, was repeatedly forbidden by this Board to lay any "T" rails on said avenue and street.

Whereas the manager of said Traction Company is now threatening to lay an Electric Street Railroad on said route with "T" rails under pretense of being ordered so to do as receiver in an alleged litigation in the United States Circuit Court for the District of Indiana, to which neither the city of Fort Wayne nor any of its officials are parties.

Whereas, no franchise has ever been granted by the city of Fort Wayne authorizing the laying of T rails on said avenue and street without the consent of the city of Fort Wayne through its proper officials, and

Whereas, neither said Mc Donald nor anyone in privity with him has complied with the conditions precedent of the permission to him given by the city of Fort Wayne as to said avenue and street

Be it resolved, that this Board neither consent to nor acquisce in the threatened construction of a street railroad track with T rails on Columbia avenue and East Columbia street by the manager of said Fort Wayne Traction Company or any other person, and that permission so to do is hereby refused and said manager A.K. Scott is notified warned and ordered to desist from such construction, and the clerk is directed to furnish said Scott with a copy of this resolution.

And this Board deeming the acts threatened by said Scott, manager of the Fort Wayne Traction Company to be without right unauthorized and injurious to the City of Fort Wayne, and owners of real estate abutting on Columbia avenue and street directs its clerk to present a copy of this resolution to the Mayor and Common Council of Fort Wayne, Indiana for such consideration and action as may seem proper. Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Ind., July 26th, 1900.
Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggeman, P. H. Kane, and J. K. McCracken.

Petition to lower sewer. Plans ordered. The petition of E. F. Likes for lowering the sewer in Columbia street from Clinton street to Barr street was received and the City Civil Engineer instructed to prepare plans and specifications.

Sewer Builders Bond. The Sewer Builders Bond of George Ehrman was on motion approved.

Petition to pave Harrison street. The petition of Joseph F. Delaney and two others for the paving of Harrison street from Butler street to Dewald street was received and the City Civil Engineer instructed to prepare plans and specifications.

Petition to relay sidewalks

The petition of Geo. Ehrman to relay the sidewalks on the North side of Columbia Avenue from St Joe Boulevard to Dearborn Street was granted.

Rescinded Imp. Res. No. 206

Improvement Resolution No 206, providing for the grading of the alley between Lahmeyer and Pontiac streets from Ryker street to Lillie street, was on motion rescinded, the work having been done under private contract.

Assessment Roll confirmed Dec. Res. No 63.

In the matter of widening Pague street from Liberty street to the first alley south in accordance with Declaratory Resolution No 63, the date for hearing objections or remonstrances against the assessment of benefits or award of damages was originally set for July 19th. 1900, and on that date postponed until July 26th. 1900, 7:30 o'clock P.M. Several property holders again appeared stating that they thought that the assessment of benefits made against their property was somewhat high, but the Board decided that their objections were not well taken, and confirmed the assessment roll of benefits and damages as in the original, and ordered them delivered to the department of Finance.

Dec. Res. No. 67

In the matter of opening and Extending Woodland Avenue from Killea street to Richardville Avenue in accordance with Declaratory Resolution No 67, the 19th day of July 1900 was originally fixed a date when the Board would hear objections or remonstrances against the assessment of benefits or award of damages, and on that day owing to a remonstrance further hearing was postponed until July 26th. 1900 at 7:30 o'clock P.M. The Board upon further investigation had found that there did not exist any valid reason why the assessment roll should not be confirmed as in the original, there being nothing in the claim of the remonstrant, and as the remonstrator did not appear again the Board on motion confirmed the assessment roll of benefits and damages as in the original and ordered them delivered to the department of Finance.

Assessment Roll confirmed and work accepted Imp. Res. No 199

This being the date previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 199 which provides for paving Berry street from Calhoun street to Clinton street, -

Imp. Res. No 200

also against the work done under Improvement

Resolution No 200, which provides for paving Court street from Main street to Berry street,
and a date when the assessment rolls, containing the names of the property holders affected thereby together with a description of each piece of property and the pro rata assessment against it, will be heard before taking final action thereon said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever against either of aforementioned improvement resolutions, on motion the work done under Improvement Resolution No 199 and 200 was accepted as completed and the assessment rolls were confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

Assessment Roll approved M. S. Imp. Res. No 10.

Moved that an assessment roll containing an estimate of the cost to each person affected by the construction of a Main Sewer in the alley west of St Mary's Avenue from High street to the north line of the right of way of the Ft. Wayne & N. R.R. in accordance with Main Sewer Improvement Resolution No 10 be and the same is hereby approved, said pro rata estimate of the cost being based upon the actual benefits each piece of property has received from the improvement made and that notice of same be published in the Fort Wayne Journal Gazette on the 28th day of July, 1900, and that the 9th day of August 1900 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution and against the assessment roll as approved by the Board.

Notice to F.O.

Adopted.

Franchise waste paper receptacles.

Emil A. Miller submitted a contract permitting the erection of waste paper receptacles upon and along various streets and public places, the outer sides of such receptacles to be used for advertising purposes and the city to receive 15% of the gross receipts from the display of such advertisements. On motion the contract was approved and ordered delivered to the Common Council for approval. Mr Eggeman and Mr Kane voting in the affirmative, and Mr McCracken voting no.

Plans & specs approved

The City Civil Engineer submitted plans & specifications for various proposed improvements to be had under public contract, and they were approved by the Board as follows:

For the construction of a vitrified clay pipe sewer through lot No 2 McCulloch's Subdivision from High street to the alley south, and in the alley between Fairmount Place and High street from the East line of lot No 22 McCulloch Subdivision to a point 13 feet west of the East line of lot No 10 McCulloch's Subdivision; also in the alley west of Wells street from the alley north of Fairmount Place to Fairmount Place.

For the construction of sidewalks on the west side of Oliver street from Creighton Avenue to Pontiac street.

For the construction of sidewalks on the south side of Home Avenue from Fairfield Avenue to the west line of lot No 45 Hinde's Addition.

For the construction of sidewalks on the East side of Reed street from Creighton Avenue to Hurd street and on the north side of Hurd street from Reed street to Winter street.

For relaying the sidewalks on the west side of Walton Avenue from the north line of lot No 19 Whites Subdivision of Lillie Outlots Nos 10, 12, [illegible] to the south line of lot No 5 Lillies Addition.

For relaying the sidewalks on the north side of Pontiac street from Lafayette street to Hanna street, also for new brick sidewalks on south side of Pontiac street from Lafayette street to the east line of Saunders and Metcalf's Addition, also for the grading of Pontiac street from Lafayette street to Warsaw street.

Adopted
M. S. & Res. Book

Main Sewer Improvement Resolution No 14.

Resolved by the Board of Public Works of the City of Fort Wayne and State of Indiana that the construction of a Main sewer, intended and adapted not only for use of abutting property owners along the line of such sewer but also intended and adapted for receiving sewage from collateral drains, be and the same is hereby ordered through the East five feet of lot No 2 McCulloch Subdivision of the North part of Hanna's Outlots Nos 15 and 16 in the Northwest quarter of Section 2 township 30 north range 12 east from the sewer on High street to the alley between Fairmount Place and High street, also in the alley between

Fairmount Place and High street from the east line lot No 2 McCullochs Subdivision to a point 13 feet west of the east line of lot No 10 of said McCullochs Subdivision also in the alley west of Wells street from the alley north of Fairmount Place to Fairmount Place. Said sewer to be a 15 inch vitrified clay pipe sewer from High street to Fairmount Place, and a 12 inch vitrified clay pipe sewer from the alley west of Wells street to a point 13 feet west of the east line of lot No 10 McCullochs Subdivision, all of which is more particularly set forth in the plans and specifications on file in the office of the Board of Public Works, and all of said work and material of every kind is to be in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City, and which are made a part hereof.
The total cost of said improvement shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received including not only the property on the line of said sewer but also all the property which may be beneficially affected by the construction of said sewer.
The property which may be beneficially affected by the construction of said sewer lies within the following described territory in the city of Fort Wayne in Allen County State of Indiana to wit: All that property lying south of High street, west of Wells street north of the Lake Shore & Michigan Southern Railroad and East of Hanna's Outlot No 14.

Adopted.

Improvement Resolution No 220.

Imp. Res. No 220 Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Oliver street from Creighton Avenue to Pontiac street by grading to a width of 10 feet and paving with brick to a width of 5 feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 221.

Imp. Res. No 221 Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on the south side of Home Avenue from Fairfield Avenue to the west line of lot No 45 Reuden's Addition by grading to a width of 10 feet and paving with brick to a width of 4 feet, all in accordance with the profile and specifications on file in the office of the

Department of Public Works of said city. Adopted

Improvement Resolution No 222.

Imp. Res. No 222 Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the East side of Reed street from Creighton Avenue to Hurd street, also on the north side of Hurd street from Reed street to Minter street by grading to a width of 10 feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city

Adopted

Improvement Resolution No 223.

Imp. Res. No 223. Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the north side of Pontiac street from Lafayette street to Hanna street by grading to a width of 12 feet and relaying the brick sidewalk to a width of 4 feet, also to improve the sidewalk on the south side of Pontiac street from Lafayette street to the East line of Saunders and McKealys addition by grading to a width of 12 ft and paving with brick to a width of 4 feet, also to improve Pontiac street from Lafayette street to Warsaw street by grading the roadway to a width of 26 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Notice to P.C. Moved that notice to property holders of the adoption of Main Sewer Improvement Resolution No 10, and Improvement Resolutions Nos 220, 221, 222, and 223 be published in the Fort Wayne Journal Gazette on the 28th day of July and the 4th day of August 1900, and that the 16th day of August 1900 be fixed a date when at 7 30 o'clock P.M. the Board will hear and consider objections or remonstrances against either of aforementioned Improvement Resolutions. Adopted.

Street Sweeping Machines ordered The Clerk was instructed to order for a 30 days trial one of Hearsts Patented Street Sweeping Machines, it being a hand sweeper to be used on asphalt streets.

Bond Jeffery E.L. & P.Co. The Bond of the Jeffery Electric Light and Power Company for piloting wires underground on Clinton

street from Dock street to Washington street and on Main street from Calhoun street to Maiden Lane with all necessary leads into streets and alleys so as to Enable them to properly reach all distributing poles with their wires was on motion approved.

The Board then on motion adjourned

Remonstrance sidewalks

The remonstrance of Millie A. Wilkinson against a private driveway across the sidewalk on Walton Avenue between Lewis Street and Walton Avenue was received and placed on file.

Petition to repair sidewalks

Permission was granted to Fred Siemendorff to repair the sidewalk in front of lot No 137 Evergo Grove Addition.

T Rails on Columbia street.

Whereas Albert L. Scott receiver in the case of the Quicker Electric Truck Company vs. Lakeside Street Railroad Company and the Fort Wayne Traction Company in the Circuit Court of the United States for the District of Indiana has been ordered and directed by said Court to relay and reconstruct the track switches and turnouts of the Lakeside Street Railroad Company, and to that end to use a 'T' rail in said work, and

Whereas, the City of Fort Wayne has become or is about to become a party defendant in said action, and has requested said Court to change or modify said order, so as to require the use of a girder or flange rail instead of said 'T' rail, and

Whereas, said order is to be so modified by the consent of said parties and said City so as to require the use of the girder or flange rail on Columbia street between Calhoun street and the bridge crossing the Maumee River in renewal of so much of said track as shall by order of

said Court be relaid.
Therefore, be it resolved, that the Board of Public Works of the City approve the use of the girder or flange rail in the relaying of so much of said track as shall under the order of said Court be relaid by said receiver on said Columbia street.

Adopted.

Remonstrance sewer

The remonstrance of Victor Hugenard and 14 others, against the construction of a sewer in Columbia street from Barr street to Clinton street, was received and placed on file.

Plan approved

The City Civil Engineer submitted a plat showing the proposed opening of Keith street from the east line of Saunders and Meteralf's Addition to Hanna street. On motion the plat was approved.

Adopted Dec. Res. No 71

Declaratory Resolution No 71.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed and deemed necessary to extend and open Keith street in the city of Fort Wayne, Allen County, State of Indiana, from the east line of Saunders and Metcalfs Addition to the west line of Hanna street. Said extension and opening to have a uniform width of 50 feet, the same to be made by condemning and appropriating for street purposes a strip of land described as follows, to wit:

Commencing at a point on the west line of La Salles Outlot No 13 314 4/10 feet south of the south line of Pontiac street thence East through outlots No 13 and 12 to the East line of La Salles Outlot No 12, thence south 50 feet thence west to the west line of La Salle's Outlot No 13, thence north 50 feet to the place of beginning, also the south 31 4/10 feet of lot No 8 Trentman and Mommings Subdivision, also the north 18 4/10 feet of lot No 9 Trentman and Mommings Subdivision to the City of Fort Wayne, Indiana.

All as shown by the plan of such proposed Extension and opening of Keith street above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the extending and opening of Keith street as above described is described as all parcels and lots of lands not occupied by streets or alleys lying south of Pontiac street west of Hanna street, north of Bolt street and Bolt street extended East to Hanna street and East of Lafayette street.

All of said street and lots and parcels of land being located in the city of Fort Wayne, Allen County, Indiana.

Adopted.

Notice to P.O. Moved that notice to property owners of the adoption of Declaratory Resolution No 71 be published in the Fort Wayne Journal Gazette on the 1st and 8th days of September, and that the 20th day of September 1900 be fixed a date when at 7 30 o'clock P.M. the Board will hear and consider objections or remonstrances against the proposed improvement under Declaratory Resolution No 71.

Adopted.

Assessment Roll confirmed and work accepted Imp. Res. No 207 The Board having viewed the work of grading College street from Berry street to Wayne street in accordance with Improvement Resolution No 207,-

Imp. Res. No 208 also the work of paving the alley between Columbia street and Main street from Calhoun street to Harrison street in accordance with Improvement Resolution No 208,-

Imp. Res. No 209. also the work of paving the alley between Washington street and Jefferson street from Calhoun street to Clinton street in accordance with Improvement Resolution No 209, - and a date when the assessment rolls containing the names of property holders affected thereby together with a description of each piece of property affected thereby and the pro rata assessment against each piece of property would be heard before taking final action thereon, said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, on motion the work done under Improvement Resolutions Nos 207, 208 and 209 was accepted as completed, and the assessment rolls were confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

Postponed 'd. Imp. Res. No 76. This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No 76 which provides for the construction of a vitrified clay pipe sewer on Columbia street from

Barr street to a point 40 feet East of the East line of Clinton street owing to a remonstrance signed by a majority of the property holders, the Board decided to defer further hearing until 7:30 o'clock P.M. Thursday September 27th, 1900.

Assessment roll approved S.I. Imp. Res. No 73.

Moved, that an assessment roll containing an estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the alley between Lillie street and Wallace Avenue from Hayden street to the Findlay, Fortwayne and Western Railroad in accordance with Local Sewer Improvement Resolution No 73, be and the same is hereby approved, and that notice of same to property holders be published in the Fort Wayne Journal Gazette for the 1st day of September 1900, and that the 13th day of September 1900 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution and against the assessment roll as approved by the Board.

Notice to P.O.

Adopted.

Petitions to relay sidewalks

The following petitions were granted:
Mrs Lehrkherd, to relay sidewalks abutting on No 150 west Third street.
C. Lehrack to relay the sidewalks abutting on Lot No 216 Williams' Addition.
N. Brake, to relay the sidewalks abutting on lot No 1 Wilks First Addition.

Assessment Roll confirmed Dec. Res. No 69.

This being the date previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment of benefits and damages in the matter of vacating the alley between lots 3 and 4 and between lots 25 and 26 LaSalle's Addition in accordance with Declaratory Resolution No 69, —

Dec. Res. No 70.

also to hear and consider objections or remonstrances against the assessment of benefits and damages in the matter of vacating the alleys between lots 89 and 90 and between lots 92 and 93 and 94 LaSalle's Addition in accordance with Declaratory Resolution No 70, —
and there appearing no objections or remonstrances whatever, on motion the assessment rolls of benefits and damages under Declaratory Resolutions Nos 69 and 70 were confirmed as in the original.

Crematory extension to smoke stack.

It having become evident that the smoke stack at the "Crematory" was not high enough to furnish the draft required by the two retorts, the Board decided that it would be best to place a sheet iron stack upon the top of the brick stack. The Fort Wayne Foundry and Machine Co. submitted the following propositions for such a stack:

We will make, furnish, and place upon top of the brick stack at the Crematory this city the following:
One smoke stack 36 in. diameter by 30 ft long to be made of No. 10 and 12 sheet and to have two coats of paint inside and outside:
One thousand feet of 3/8 in guy wire for same.
Two guy rings for same.
One cast stack base to fit top of brick stack and upon

which the steel stack is to be placed and rest.
All of which we agree to do and perform as above stated for the sum of two hundred and sixty five dollars, $265.00
The Board accepted this proposition and instructed the clerk to notify the Fort Wayne Foundry and Machine Co. to proceed with the work at once.

Appropriation Park Fund — The clerk was instructed to request the Comptroller to make arrangements for an appropriation of $1500.00 to the "Park Fund", which amount will be needed to complete work already begun and to properly care for parks and pleasure for the balance of the fiscal year in addition to funds now on hand.

Notice to garb. collector. — The clerk was instructed to notify Frank Draker garbage collector to immediately add one wagon to his present force of collectors, thereby insuring a more prompt collection of garbage, said additional wagon to remain in service until further notice from the Board.

Appropriations 1901. — The Board decided unanimously that the amounts given below would be necessary to carry on the work of this department during the coming fiscal year and that they be herewith submitted to the Comptroller in compliance with the law. The various items were as follows:

Maintenance and repair of streets	$5000.00
Street Cleaning	$10,500.00
Park Fund	$12,000.00
Bridges	$1,000.00
Sewer Repairs	$2,500.00
New Sewers	$5,000.00
Blank Books and stationery	$600.00
Advertising and printing	$1100.00
City Hall	$2500.00
Public Lights	$28,500.00
Expenses City Civil Engineers Office	$2,400.00
Disposal of Garbage	$8,000.00
Public Grounds and Buildings	$800.00
Additional Clerical Force and Incidentals	$600.00
Furniture and Fixtures	$50.00
New Street Intersections	$20,000.00
Drinking Fountains	$400.00

The Board then adjourned.

Bids opened — This being the date previously fixed by the Board when they would receive and open sealed proposals for various public improvements to be made, the Board now proceeded to open such proposals and obtained the following results:

Imp. Res. No 224 — Improvement Resolution No 224 for paving Harrison street from Butler street to Dewald street.
The Bermudez Asphalt Paving Co. bid per lineal ft $8 93
The Barber " " " " " " $8 74

Material selected — On motion the Board selected sheet asphalt as the material to be used in making the improvement.

Imp. Res. No 225 — Improvement Resolution No 225 for relaying the sidewalks on the west side of Walton Avenue from the north line of lot No 19 Wilkes subdivision to the south line of lot No 55 Fellis Addition.
William Goodfellow bid per lineal foot $1 24 Cts
For new brick used per thousand $6 50

Contract awarded. — There being no further bids on motion the contract was awarded to Wm Goodfellow.

Petition sewer. — The petition of George Wageman and 3 others for the construction of a vitrified clay pipe sewer in the alley between Main

Avenue and Grant Avenue from the Wabash Railroad to the Wayne Trace was received and the City Civil Engineer instructed to prepare plans and specifications.

Plans ordered

Petition to relay sidewalk

The petition of N. Brake to relay the sidewalks on the south side of Creighton Avenue from Hanna street to Warsaw street was granted.

Petition to build cement walk

The petition of A. Siemendorff to construct a cement sidewalk next to curb abutting on lot 467 Hanna's Addition was postponed indefinitely.

Plumbers and Gasfitters Bond.

The Plumbers and Gasfitters Bond of Mc Donald and Mc Macken was on motion approved.

Plans approved

The City Civil Engineer submitted plans and specifications for the construction of sidewalks on the East side of Calhoun street from Edmond street to Coer street and on the west side of Calhoun street from the south line of lot No 7 Bailey, Flemming and Edmonds Addition to the south line of lot No 12 Court Addition;
Also for the construction of sidewalks on the west side of Indiana Avenue from Home Avenue to Cottage Avenue;
Also for the construction of a vitrified clay pipe sewer in and along Cherry street and Basin street and the alley north of Boone street from the alley north of Main street to the west line of Frye's Addition.
On motion these plans and specifications were approved.

Adopted
Imp. Res. No 226.

Improvement Resolution No 226.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the East side of Calhoun street from Edmond street to Coer street, also to improve the sidewalk on the west side of Calhoun street from the south line of lot No 7 Bailey, Flemming and Edmonds Addition to the south line of lot No 12 Court Addition by grading to a width of ten (10) feet and paving with brick to a width of five (5) feet all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Imp. Res. No 227

Improvement Resolution No 227.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to improve the sidewalk on the west side of Indiana Avenue from Home Avenue to Cottage Avenue, by grading to a width of twelve (12) feet and paving with brick to a width of five (5) feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

L.S. Imp. Res. No 77

Local Sewer Improvement Resolution No 77.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along Cherry street, Basin street and the alley north of Boone street from the alley north of Main street to the west line of Fry's Addition as follows: Said Sewer shall be a 15 inch vitrified clay pipe sewer from the alley north of Main street to the west line of Mechanics street, and a 12 inch vitrified clay pipe sewer from the west line of Mechanics street to the west line of Fry's Addition, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Notice to P.O.

Moved that notice to property holders of the adoption of Improvement Resolutions Nos 226, 227, and Local Sewer Improvement Resolution No 77 be published in the Fort Wayne Journal Gazette on the 15th and 22nd days of September 1900 and that the 4th day of October 1900 be fixed a date, when at 7 30 o'clock P.M. the Board will hear and consider objections or remonstrances against either of aforementioned Improvement Resolutions.

Adopted.

Assessment Roll approved

M. S. Imp. Res No 11

Moved that an assessment roll containing an Estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the alley between High street and Sinclair street from St Marys Avenue to the east line of Bass and Hoaglins Addition in accordance with Main Sewer Improvement Resolution No 11, also an assessment roll containing an Estimate of the

Nat. Imp. Res. No 72. cost to each person affected by the construction and relaying of the sewer in the alley between Jefferson street and Madison street from Barr street to a point 54 feet west of Lafayette in accordance with Local Sewer Improvement Resolution No 72, - be and the same are hereby approv.

Notice to P.O. and that notice of same to abutting property owners be published in the Fort Wayne Journal Gazette on the 15th day of September 1900 and that the 27th day of September 1900 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections and remonstrances against the work done under aforementioned Improvement Resolutions and against the assessment rolls as approved by the Board. Adopted.

Assessment Roll confirmed and work accepted Lt. Imp. Res. No 73. The Board of Public Works having viewed the work of construction a vitrified clay pipe sewer in the alley between Lillie street and Walton Avenue from Hayden street to the right of way of the Findlay Fort Wayne and Western Railroad in accordance with Local Sewer Improvement Resolution No 73, and having previously fixed this a date when they would hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution and a date when the assessment roll containing the names of holders of property affected thereby together with a description of each piece of property and the pro rata assessment against same would be heard before taking final action thereon said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement so made, and there appearing no objections or remonstrances whatever on motion the work done under Local Sewer Improvement Resolution No 73 was accepted as completed and the assessment roll confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then on motion adjourned.

Petition against South Wayne sewer.

The petition of Geo Krouemiller and five others regarding assessments for the South Wayne sewer against lots 4, 5, 6, 7, 8, and 9 in Oakley's Addition was received and placed on file.

Plans approved

The City Civil Engineer submitted a plat showing a proposed vacation of Lillie street from the south property line of Leldon street to the north line of the right of way of the Findlay Fort Wayne and Western railway, also the proposed vacation of Leldon street from its intersection with the north line of the right of way of the Findlay, Fort Wayne, and Western Railway to the East property line of Miller street. On motion the plat was approved.

Adopted Dec. Res. No. 72

Declaratory Resolution No 72.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate Lillie street in the city of Fort Wayne, Indiana, from the south property line of Leldon street to the north line of the right of way of the Findlay, Fort Wayne, and Western

Railway; also to vacate Selden street from its intersection with the north line of the right of way of the Findlay, Fort Wayne, and Western Railway to the east property line of Winter street.

All as shown by the plan of such proposed vacation of said part of Lillie street and said part of Selden street aforedescribed.

The property which may be injuriously or beneficially affected by the vacation of aforedescribed parts of streets is described as all lots and parcels of ground contained in Edgertons Addition to the City of Fort Wayne, Indiana situate in the southeast quarter of the northeast quarter of Section Twelve(12) in Township Thirty(30) North of Range Twelve, East except lots Eight(8), nine(9), ten(10), and Eleven(11), and the right of way of the Findlay, Fort Wayne, and Western Railway in aforesaid Edgertons Addition.

The cost of said vacation, and all expenses connected therewith to be assessed against any and all property beneficially affected thereby.

All of said streets and lots and lands herein named and described being situated in the City of Fort Wayne, Allen County, Indiana.

Notice to P.O.

Moved that notice of the adoption of Declaratory Resolution No 72 be published in the Fort Wayne Journal Gazette on the 24th and 31st days of October 1900, and that the 8th day of November 1900, be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against aforementioned Resolution. Assessment Roll approved Dec. Res. No 72.

Moved that an assessment of benefits, there being no awards of damages, in the matter of vacating Lillie street from the south property line of Selden street to the north property line of the right of way of the Findlay Fort Wayne and Western Railway, also the vacating of Selden street from its intersection with the north line of the right of way of the Findlay, Fort Wayne and Western Railway to the east property line of Winter street in accordance with Declaratory Resolution No 72 be and the same are hereby approved, and, as the only owner of property affected thereby, Hannah M. Edgerton raises no objection to said assessment of benefits but asks that it be confirmed at once as the amount of the assessment is correct and she stands ready to pay it forthwith that it be confirmed at once, and delivered to the department of Finance. All of which be finally ordered and approved.

Carried

Confirmed.

Petition to relay sidewalks

The petition of George Ehrman to relay under private contract the sidewalks abutting on lot 1 Block 26 Ewing's Addition was granted.

Appropriations

The clerk was instructed to request the City Comptroller to arrange for the following additional appropriations:

To "City Hall" account	$ 600.00
" "Expense City Civil Engineer" account	$ 200.00
" "Public Building and Ground" account	$ 50.00
" "New Sewer" account	$ 1500.00

Plat approved

The following plat was submitted to the Board for approval:
Amended Plat of Edgertons Addition to the City of Fort Wayne, Indiana.

The undersigned, Hannah M. Edgerton declares that she is the owner in fee simple of all the lots in Edgertons Addition to the City of Fort Wayne according to the plat thereof as recorded in the Recorders Office of Allen County, State of Indiana in Plat Book No 1 page 72, except lots Eight (8), nine (9), ten (10) and eleven (11), and also except so much of said lots as is covered by the right of way of the Findlay, Fort Wayne and Western Railway Company; that a rearrangement of the lots, streets, and alleys in said Addition is made necessary by the crossing of the Findlay, Fort Wayne and Western Railway through said Addition; that on the 18th day of October 1900, she filed with the Board of Public Works of the City of Fort Wayne a petition for the vacation of certain streets and alleys therein and for the approval of this Amended Plat of Edgertons Addition to the City of Fort Wayne; that by resolution No 72 on the 22nd day of October 1900, found in Declaratory Resolution Record No 1 page 150 said Board of Public Works vacated the streets and alleys in said original plat as prayed for and as shown by this amended plat of Edgertons Addition.

She further declares that she is the owner in fee simple of all the lots in this Amended Plat of Edgertons Addition except lots eight (8), nine (9), ten (10), and eleven (11) as shown on this plat, which are the same as they were on the original plat, and that the owners thereof are not affected by this amended plat.

Hannah M. Edgerton.

State of Indiana, Allen County S.S.

Personally appeared before the undersigned a notary public in and for said State, Hannah M. Edgerton, who acknowledged the execution of the above and foregoing plat and explanation thereof.

Witness my hand and notarial seal this 23d day of October, 1900.

Louise A. Heller.

Petition Home Tel. Co. to put wires underground

The petition of the Home Telephone Company to put in a conduit in the alley between Wayne and Washington streets from Barr street to Lafayette street was granted with the condition that the work must not be done prior to the first day of April, 1901.

Franchise for Interurban Street Railroad.

A contract was entered into with S.B. McAlhenny granting him a franchise for Inter Urban Railway purposes over and along the following streets:
From the centre line of Richardville Avenue on Pigua Avenue north to Johns Avenue; west on Johns Avenue to Calhoun street; north on Calhoun street to a connection with the tracks of the Fort Wayne Traction Company at the intersection of Creighton Avenue. The contract was properly signed by the proper parties and ordered delivered to the Common Council for ratification according to law.

To widen Clinton street.

The Board of Commissioners of Allen County having opened and gravelled a new roadway from a point north of the Centlivre Brewery to the city limits just north of the pumping station No 1 of the city waterworks in order to reduce the

traffic along Spy Run Avenue on account of the narrowness of the roadway, said new roadway being known as the Jacobs Road, and the continuation of said roadway from the city limits to Sixth street being too narrow, it became necessary to widen said roadway and make such other improvements as were necessary to put the roadway in a fair safe and passable condition. The city is owner of all ground needed to widen said roadway except lots 77 and 112 North Side Park Addition, the former lot being owned by Fred Helling, and the latter by John H. Baer. The city owning the ground adjoining the properties of said Fred Helling and John H. Baer on the east, it being unimproved park property, the Board of Public Works proposed to aforesaid Helling and Baer to deed to them an equal number of feet of the park property adjoining their properties on the East in exchange for the ground taken from them in widening said roadway. This proposition was accepted by both Helling and Baer and they agreed to deed to the city the ground necessary to widen said roadway as soon as soon as the city delivers to them a deed for the property in exchange. These deeds were drawn up, signed by the Mayor, and now ordered delivered to the Common Council for approval.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS

Office Board of Public Works.
Fort Wayne, Ind., Nov 26, 1900.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, R.H. Kane, and J.K. McCracken.

Work Examined U.S.D. Res. No 6 It having been rumored that parts of the South Wayne Sewer were not being constructed in accordance with plans, specifications, and contract, and that the work was not being done in a proper and careful manner, a number of property owners to be assessed for the construction of said sewer had entered objections to the manner in which the sewer was being built, claiming that portions of it were almost worthless. The first these objections were presented verbally but later were presented in writing.

An investigation made by the Board proved conclusively that there were good reasons for entering such objections, that that portion of the sewer constructed on and along Taylor street was notably bad, and that a great deal of it would have to be rebuilt. A committee representing the people to be assessed for the construction of the South Wayne

Sewer insisted upon Engaging an Expert sewer Engineer to examine the sewer and to report in writing his findings, the cost of employing such Engineer to be added to the cost of constructing the sewer. They recommended that W.W. McHarg of Chicago, Ills., be employed, the committee having ascertained that he would be a proper person to do this work, and that he would agree to serve for a compensation of $50.00 per day and all expenses. Mr. McHarg was notified to do the work, and spent the greater part of two days with members of the Board of Public Works, and members of the citizens committee in making an Examination of the sewer. The contractor, Mr. J.T. Adams, and his representatives were also present.

Report of Expert

The report of Mr. McHarg had now been received by the Board, and a meeting was to be held, at which the citizens committee and the contractor and his representatives were to be present. The contractor not being here, nor a fair representation of the citizens committee, on motion a recess was taken until 7:30 o'clock P.M. in order to give all parties an opportunity to be present.

The Board reassembled at 7:30 o'clock P. M. November 26th 1900, all members being present, also the city attorney, members of the citizens committee, and the contractor. The report of sewer expert McHarg was immediately taken up. It chiefly pertained to that portion of the sewer which is constructed along Taylor street, described minutely how it was inspected, what defects were found, the condition of the sewer, the causes which led to the production of poor work and a bad sewer, winding up with the assertion that the greater part if not all of the sewer along Taylor street would have to be rebuilt. The contractor admitted that portions of the work were bad and that his intentions were to rebuild it. He stated that quicksand and water which were found there in much larger quantities than ordinarily, made it almost impossible to produce uniformly good work. He however denied the statement in McHargs report that the work was so bad that nearly all of it would have to be taken up again. The Board and the citizens committee however did not agree with the contractors statement and apparently were convinced that McHargs report gave a correct representation of the conditions of the sewer as they had been found to be

A lenghty discussion followed in which all present took part. The Board stated to Mr Adams that under no circumstances would they accept the sewer from him nor allow him any assessment roll, and that he would not be paid a single dollar unless the sewer was built strictly in accordance with plans and specifications therefor, and according to the terms of the contract. That unless first class work was produced and the sewer completed in such a way that it would meet all the requirements of the contract, plans, and specifications, it would positively be rejected.
It now having become quite late, the citizens committee left.

Resigned Asst. C.E. Engr.

Mr. C. S. H. Goss, the assistant civil engineer, who had been in charge of the sewer work, presented his resignation to the Board, and on motion it was accepted.

The Board then on motion took a recess until 8 o'clock A.M. November 27th, 1900.

The Board reassembled at 8 o'clock A.M. November 27, 1900, all members being present.

Swimming Park Labor day 1901

The petition of the Trades and Labor Council to use Swimming Park next Labor Day for picnic purposes was received and placed on file.

Sewer Builders Bond.

The Sewer Builders Bond of Henry J. Franke was approved.

Statement from Contractor M.S.D. Res. No 6.

Mr J.G. Adams, contractor for the South Wayne Sewer was present and stated to the Board that he did not think that he could complete the sewer to the satisfaction of property holders, as the row would certainly be prejudiced against him and criticise any step he might take to proceed with the work. He thought it would be best for himself, property owners and the Board if someone else would take the work off his hands and complete the sewer, and he would therefor try and arrange to transfer the sewer to some other responsible party.

The Board then on motion adjourned.

Bids opened. This being the date and time previously fixed by the Board when they would open sealed proposals for various improvements to be made under public contract, the Board now proceeded to open such proposals and obtained the following results.

Imp. Res. No 228. Improvement Resolution No 228, for paving Main street from Barr street to Lafayette street the Barber Asphalt Paving Company bid as follows:

For genuine Trinidad Pitch Lake Asphalt per square yard	$2.40
For excavation per cubic yard	.30¢
For 4x18 inch Berea curbing, per lineal foot, new	.45¢
For resetting old curbing, per lineal foot	.15¢
For 3x12 inch white oak heading plank, per lineal foot	.10¢
For solid hard lime stone round corners 2' Radii, each	$3.50

The Bermudez Asphalt Paving Company bid as follows;
For Bermudez Pitch Lake Asphalt, per square yard $2.47
For excavation per cubic yard .25¢
For resetting old curbing per lineal foot 18¢
For 3x12 inch white oak heading plank, per lineal foot 12¢
For soled hard lime stone corners, 2' Radi, each $2.00

Material selected — On motion the Board selected sheet asphalt as the material to be used in making the improvement under Improvement Resolution No 228.

Imp. Res. No 229 — Improvement Resolution No 229, for paving Main street from Lafayette street to Clay street, The Barber Asphalt Paving Company bid as follows;
For genuine Trinidad Pitch Lake Asphalt per lineal foot $10.31
For 4x18 inch Berea curbing, new, per lineal foot .45¢

Material selected — On motion sheet asphalt was selected as the material to be used.
The Bermudez Asphalt Paving Company bid as follows;
For best quality Bermudez Pitch Lake Asphalt per lineal foot $10.57
For new 4x18 inch Berea curbing in place, per lineal foot .45¢

Confirmed Local Sewer Imp. Res. No 78 — This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No 78 which provides for the construction of a vitrified clay pipe sewer in the alley between Minter and Lillie streets from Hayden street to the north line of the right of way of the Wabash Railroad, —

L.S. Imp. Res. No 79. — also against Local Sewer Improvement Resolution No 79, which provides for the construction of a vitrified clay pipe sewer in the alley between Fletcher Avenue and Broad Avenue from the north line of the right of way of the Wabash Railroad to the Wayne Trace. And there appearing no objections or remonstrances whatever, on motion Local Sewer Improvement Resolutions Nos 78 and 79 were confirmed as in the original.

Notice to contract. — Ordered that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos 78 and 79 be published in the Fortwayne Journal Gazette on the 8th and 15th days of December, 1900, and that the 20th day of December, 1900 be fixed a date when at 7:30 o'clock P.M. the Board will open sealed proposals for the work to be done as per

The clerk was instructed to notify Neil Bros. to remove all obstructions from North Clinton street placed there by them.

Assessment Roll confirmed and work accepted Imp. Res. No 226.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 226, which provides for the construction of sidewalks on the East side of Calhoun street from Elmwood street to Court street and on the west side of Calhoun street from the south line of lot No 7 Bakers Flemming and Elmwoods Addition to the south line of lot No 12 Courts Addition, also a date when the assessment roll containing the names of the property holders affected thereby together with a description of each piece of property affected thereby and the pro rata assessment against each piece of property would be heard before taking final action thereon said pro rata assessment being based upon the actual benefits each piece of property has received from the Improvement for which it is assessed, and there appearing no objections or remonstrances whatever, on motion the work done under Improvement Resolution No 226 was accepted as complete and the assessment roll confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

Assessment Roll approved S.S.D. Res. No 74

Moved that an assessment roll containing an estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the alley between Fourth and Fifth streets from the alley west of Wells street to the alley

alley on the west line of Langohrs Addition in accordance with Local Sewer Improvement Resolution No 74 be and the same is hereby
Notice to P.O. approved and that notice of same be published in the Fort Wayne Journal Gazette on the 15th day of December 1900, and that the 27th day of December 1900 be fixed a date when the Board at 7 30 o'clock P.M. will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution, and a date when the assessment roll will be heard before taking final action thereon.

Contract awarded Imp. Res. No. 228. In the matter of paving Main street from Burr street to Lafayette street in accordance with Improvement Resolution No 228 for which bids were received December 6th 1900, the Board had selected sheet asphalt as the material to be used in making the improvement. No objection having been filed against such selection of the Board, the Board now proceeded and awarded the contract to the Barber Asphalt Paving Company, they being the lowest and best bidders.

Imp. Res. No 229. In the matter of paving Main street from Lafayette street to Clay street in accordance with Improvement Resolution No 229 for which bids were received December 6th 1900, the Board had selected sheet asphalt as the material to be used in making the improvement. A number of property owners presented a petition to the Board asking them to reject the bids and to readvertise, claiming that the bids for that part of the street were higher than for similar work on other streets and that it would amount to more than $2 40 per square yard. Proof was furnished that these statements were not correct and that the bid was based on a cost of $2 40 per square yard whereupon the property owners announced that they were satisfied providing the cost would not be more than $2 40 per square yard the extras not included and if an allowance of 15 cents per lineal foot was made for the old curbing where new curbing would be used. This was agreed to and the Board awarded the contract to the Barber Asphalt Paving Company, they being the lowest and best bidders.

Franchise amended. The Board was now requested to agree to some further amendments to the franchise of the Fort Wayne South Western interurban railway line represented by George Brown and

Wm. S. Reed, and Charles A. Miller, the Common Council being in session at the time for the consideration of this franchise. The Board agreed to these amendments, a contract was drawn up including them and approved by the Board and forthwith delivered to the Common Council for approval.

The Board then on motion adjourned.

Postponed
Imp. Res. No 216.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 216 which provides for the paving of Thomas street from Thayer street to Pontiac street and a date when the assessment roll containing an estimate of the cost to each person affected by the construction of aforedescribed pavement together with the description of each piece of property assessed, the names of the property holders, and the pro rata assessment against each piece of property, would be heard before taking final action thereon, said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement for which it is assessed there appeared no objection or remonstrance whatever, but on account of the contractor not having filed the bond required by law, on motion the acceptance of the work and the confirmation of the assessment roll were deferred until Thursday evening December 27th at 7:30 o'clock P.M.

Assessment roll confirmed and work accepted M.L.I. Res. No 12.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Main Sewer Improvement Resolution No 12 which provides for the construction of a vitrified clay pipe sewer in the alley south of Linwood street and on Paul street and in the alley west of Walton Avenue from Winter street to Lauderdale street, also against the assessment roll containing the names of the property holders and a description of each piece of property together with the pro rata assessment against each piece of property would be heard before taking final action thereon, said pro rata assessment being based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever on motion the work done under Main Sewer Improvement Resolution No 12 was accepted as completed under the terms of the contract and the assessment roll was confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

Bids opened

This being the date and time previously fixed by the Board when they would open sealed proposals for work to be done under public contract the Board now proceeded to open such proposals and obtained the following result:

L.S.I. Res. No 78

Local Sewer Improvement Resolution No 78 for the construction of a vitrified clay pipe sewer in the alley between Winter street and Lillie street from Hayden street to the north line of the Wabash Railroad

Anton Rieg bid per lineal foot	87¢
Joseph Derbeimer " " "	90¢

Contract awarded

On motion the contract was awarded to Anton Rieg his bid being the lowest and best.

L.S.I. Res. No 79

Local Sewer Improvement Resolution No 79 for the construction of a vitrified clay pipe sewer in the alley between Fletcher Avenue and Grant Avenue from the north line of the right of way of the Wabash Railroad to Wayne Trace

Anton Rieg bid per lineal foot	66¢
Joseph Derbeimer bid per " "	76¢

Contract awarded.

On motion the contract was awarded to Anton Rieg his proposal being the lowest and best.

Time Extended Ord. & Res. No. 77.

The petition of Joe Derheimer & Co. for an extension of time until April 1st. 1901, in which to complete the work to be done under Local Sewer Improvement Resolution No 77 was granted.

Plan approved

The City Civil Engineer submitted a plat showing the proposed opening of Harrison street from Brooklyn Ave to to Grand Street, and on motion it was approved.

Adopted Dec. Res. No 74.

Declaratory Resolution No 74.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to extend and open Harrison street in the City of Fort Wayne, Allen County State of Indiana from the north line of the right of way of the Pittsburgh, Fort Wayne and Chicago R.R. south across the right of way of the Pittsburgh Fort Wayne and Chicago R.R. and the right of way of the Wabash Railway to the north line of Grand street, such

and opening to have the uniform width of sixty (60) feet, the same to be made by condemning and appropriating for said purpose a strip of land described as follows:
Commencing at a point on the north line of the right of way of the Pittsburgh, Fort Wayne and Chicago Railroad where the east line of Harrison street produced south intersects the same. Thence south on the east line of Harrison street produced south crossing the Right of way of the Pittsburgh, Fort Wayne and Chicago Railroad and the right of way of the Wabash Railway to the north line of Grand street: thence west on the north line of Grand street sixty (60) feet; thence north parallel with the east line of Harrison street above described produced south, crossing the right of way of the Wabash Railway and the right of way of the Pittsburgh, Fort Wayne and Chicago Railroad to the north line of the Pittsburgh, Fort Wayne and Chicago Railroad, thence east on the north line of the Pittsburgh, Fort Wayne and Chicago Railroad sixty (60) feet to the place of beginning, all as shown by the plan of such proposed extension and opening of Harrison street above described, now on file in the office of the Board of Public Works of said city. The property which may be injuriously or beneficially affected by the extending and opening of Harrison street as above described is described as all parcels and lots of land not occupied by streets and alleys north of Pontiac street and south of Superior street, between Calhoun street and Broadway. All of said streets, lots, and lands being located in the city of Fort Wayne, Allen County, Indiana.

Adopted.

Notice to H.O. Moved, that notice of the adoption of Declaratory Resolution No 74 be published in the Fort Wayne Journal Gazette on the 2nd and 9th days of January 1901, and that the 24th day of January 1901 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against the improvements proposed to be made under Declaratory Resolution No 74. Adopted.

Street Light Contract The clerk was requested to order the Jenney Electric Light and Power Company to erect and maintain street lights at the following points:
One at the intersection of Hoagland Ave. and Killea streets.
" " " " Elm and Mechanic streets.
" " " " Force and McKee streets.
" " " " Hanover and Erie streets.

Notice to Jenney E. L. & P. C.

The clerk was also instructed to notify the Jenney Electric Light and Power Company that no lights would be put up for street lighting purposes and for which the city is to pay unless ordered to do so by the Board of Public Works. That in case any lights are put up otherwise they are illegally put up, as the city charter provides that such matters shall be arranged for and looked after by the Board of Public Works, and that the city must refuse to pay for any lights not put up in the regular way.

Communication to city clerk.

The clerk was also instructed to address a communication to the city clerk calling the attention of members of the Common Council to the fact that the city charter makes it the duty of the Board of Public Works to contract for and arrange for the lighting of the streets of the city, and that no one else is authorized to order the erection and maintenance of street lights in behalf of the city.

The Board then adjourned.

Petition to build private sewer.

The petition of George Krommiller for permission to construct under private contract a twelve inch vitrified clay pipe sewer in the rear of lots 4, 5, 8 and 9 Kerr and Dawson's Sub. was granted providing it be done under the direction of the city civil engineer and that the proper bond be furnished.

Petition for street light.

The petition of the Peters Box and Lumber Company for the erection of an electric street light on High street near their plant was received and placed on file.

Plat approved

The plat of J.K. Reichhelm's Second Addition being a subdivision of lots 1, 2, 3, 4, 5, 6, and 7 of Trentman and Manning's Subdivision of LaSalle's Outlots 11 and 14 was on motion approved.

Assessment Roll approved Res. No 73.

Notice to P.O.

Moved that an assessment of Benefits and Damages in the matter of vacating the first alley south of Pontiac street from Hanna street to the first alley west thereof in accordance with Res. No 73 and the same is hereby approved, and that notice of same to property holders affected thereby be served according to law, and that the 31st day of January 1901, be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances from persons interested or affected thereby.
Adopted.

Communication to County Com.

Clinton St Bridge.

The clerk was instructed to deliver a copy of the following resolution to the Board of Commissioners of Allen County:

Whereas in the opinion of the Board of Public Works the Clinton street bridge across the St Marys river is of too light a structure to properly care for the greatly increased heavy traffic across said bridge, said increase in traffic having been caused chiefly by reason of the city crematory and the Weil Junk Yard having been located just north of the river aswell as by reason of the opening of the so called Jacobs road leading to the large territory of country lying immediately north of the city, and

Whereas, in the opinion of the Board, said Clinton street bridge

has become dangerous to human life and property by reason of it not being of a structure sufficiently heavy to safely carry the heavy loads now being carried across it, and is liable to give away under such heavy loads at any time, and

Whereas, under the provisions of law it is made the duty of the Board of Commissioners of the County to care for the construction of all new bridges, therefor

Be it resolved that we the Board of Public Works of the city of Fort Wayne, Indiana, in behalf of said city do hereby call the attention of the Board of Commissioners of Allen County, Indiana, to such dangerous condition of aforesaid bridge, and do hereby request them to arrange for the immediate erection of a heavier and more substantial bridge across the St Marys river at aforementioned point.

The Board then adjourned.

Communication from Trades and L. Council

The following resolution was received and placed on file:

Whereas, in the past it has been the policy of the Board of Public Works of the city of Fort Wayne to advertise for bids on all city work, such as sewers, public buildings, etc., and to let the contract to the lowest bidder. and

Whereas, this policy has proven disastrous to the tax payers owing to inferior work on such jobs where cheap labor has been employed; and

Whereas the members of the Brick Layers, Stone Masons, Stone Cutters, Plasterers, Hod Carriers, Tenders, Painters, Paper Hangers, Carpenters, Plumbers, and Electrical Workers Unions of this city, are all residents of the city of Fort Wayne, and a great number of them tax payers, therefor be it

Resolved, That it is the sense of the Trades and Labor Council now in session, that in advertising for bids on city work the Board of Public Works should state in such advertisements that only union workmen will be employed on such work, and

the legislative committee is hereby instructed to see the proper officials and use its Efforts to have this resolution put into Effect.

Assessment Roll confirmed Dec. Res. No 73

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of Benefits and Dammages in the matter of vacating the first alley south of Pontiac street from Hanna street to the first alley west in accordance with Declaratory Resolution No 73, and there appearing no objections or remonstrances whatever on motion the assessment roll was confirmed as in the original and ordered delivered to the Department of Finance.

Assessment Roll confirmed and work accepted Main Sewer Imp. Res. No 13.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Main Sewer Improvement Resolution No 13, which provides for the construction of a vitrified clay pipe sewer in the first alley east of Gay street and the alley north of Colerick street from the brick sewer in Pontiac street to the alley East of Hanna street also a date and time when they would hear and consider objections or remonstrances against the assessment roll containing the names of the property holders assessed together with the description of each piece of property and the pro rata assessment against each piece of property, said pro rata assessment being based upon the actual benefits each piece of property has received from the improvement made, there appeared several remonstrants, claiming they were assessed too high. The Board explained to them that their properties had never been assessed for the 10th ward sewer and could not be assessed for the intercepting sewer as they had been beyond the city limmits until recently and that by paying this assessment they would practically pay all sewer assessments that would be made against these properties. There being no further objections on motion the work was accepted as completed and the assessment roll confirmed as in the original and ordered delivered to the Department of Finance.

Plans ordered

The City Civil Engineer was instructed to prepare plans and specifications for paving Masterson street from Calhoun street to Lafayette street to a width of 26 feet.
